

amount of questioned writing, similarities were observed which indicate these notations may also have been prepared by PERRY: The questioned blue ink and hand printed notation on page twenty-four of the San Francisco Examiner dated 2-14-74, and hand printed notation on page five of the San Francisco Chronicle dated 3-16-74 in Q1395, the blue ink questioned writing on Q1398 and Q1401, portions of the questioned writing on Q1402, Q1403, Q1412, the questioned writing on Q1414, Q1416 and Q1417, portions of the questioned writing on Q1415, Q1422, the questioned writing on Q1434, the notation beginning "3/21 file in ..." on Q1440, the questioned writing on Q1441, Q1447, the notation "1/19 file in welfare" on Q1452, the questioned writing on Q1453, Q1456, Q1460, portions of the questioned writing on Q1479, Q1480 and Q1484.

The conclusion was reached that the following questioned writing was prepared by PATRICIA MICHELLE SOLTYSIK, purported writer of K7, K28 and Kc30: The majority of the questioned writing except the "George Devoto" signatures on Q1421, portions of the questioned writing on Q1471, Q1477, and the majority of the questioned writing on Q1481, Q1487 and Q1488.

Although a definite conclusion was not reached whether the following questioned writing was prepared by SOLTYSIK, due to the limited amount of writing and the presence of unexplained variations, similarities were observed which indicate that this questioned writing may have been prepared by SOLTYSIK: the questioned writing on Q1428, Q1483, and portions of the questioned writing on Q1484 and Q1510.

A definite conclusion was not reached whether any of the remaining unidentified questioned writing on the items submitted were prepared by any of the writers of the known or purported known writing on items previously submitted in this case and in the SYMBIONESE LIBERATION ARMY case. However, some handwriting similarities were observed and are noted as follows:

Similarities were observed in comparing the questioned writing on Q1393 with the purported known writing of DONALD DAVID DE FREEZE, K12, K21, K24, and K29.

(over)

Similarities were observed in comparing the purported writing of EMILY HARRIS, K5, K6, K8, K9, K20 and K37 with the Harris signatures on Q1490 through Q1494, and the Schwartz signature on Q1502.

Similarities were observed in comparing the Hearst signature on Q1387 and Q1389 with the purported writing of PATRICIA CAMPBELL HEARST, K32.

The typewriting on Q1436, Q1469 and Q1497 is the same style and bears characteristics in common with samples taken from the Q1054 typewriter; however, due to the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached whether this typewriting was prepared by the Q1054 typewriter.

The conclusion was reached that the questioned typewriting on Q1413, and Q1468 was prepared by the same typewriter used to prepare Q35 through Q38 and Q42, previously submitted in the SYMBIONESE LIBERATION ARMY case by the Oakland, California, Police Department. This typewriting corresponds to Laboratory standards for an IBM elite style of type, spaced twelve characters per horizontal inch.

The style of type on these items is similar to the style of type exhibited on the K20 typewriting, submitted in the SYMBIONESE LIBERATION ARMY case; however, due to the lack of clarity in the K20 typewriting, a definite conclusion was not reached whether the K20 typewriter prepared these items.

The typewriting on Q1418, Q1428 through Q1432, Q1435 and Q1446, correspond to Laboratory standards for a Royal pica style of type, spaced ten characters per horizontal inch. The typewriting on these items is similar in style to the typewriting on the K22 typewriter specimens submitted in the SYMBIONESE LIBERATION ARMY case; however, due to the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached whether this questioned typewriting was prepared by the K22 typewriter.

The questioned typewriting on Q1411, Q1412, Q1424 through Q1427, Q1433, Q1434, Q1437, Q1454, Q1455 and Q1460 through Q1467, use the same style and bear characteristics in common with the questioned typewriting on the following items submitted in the SYMBIONESE LIBERATION ARMY case: Q1 through Qc4, Q6 through Q10, Qc12 through Q15, Qc17 through Q20, Qc22 through Q25, Qc27, Q47, Q48, Q51, Q53 through Q57, and the typewriting on pages eight through sixteen of Q49 and Q50. The typewriting on K21, previously submitted in the SYMBIONESE LIBERATION ARMY case, is the same style of type as the above mentioned items and bears a few typewriting characteristics in common with this questioned typewriting; although, due to the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached whether this questioned typewriting was prepared by the K21 typewriter. The typewriting on Q148 and Q149, submitted in this case, is a similar style to the K21 typewriter; although, due to the lack of a sufficient individual identifying characteristics, a definite conclusion was not reached whether the K21 typewriter prepared Q148 and Q149.

Indented typewriting was observed on Q1469. Photographs of this indented typewriting is enclosed for Los Angeles and San Francisco.

The capsules in specimen Q1391 were found to contain tetracycline hydrochloride. The tablets in this specimen were identified as phenoxymethyl penicillin. Both products are used as antibiotics.

Where possible, the submitted torn or cut paper, Q1482, Q1483 and Q1484, have been reassembled. Photographs of these items are also being enclosed for Los Angeles and San Francisco.

The submitted items are being returned separately. Appropriate photographs were made.

WEATHER UNDERGROUND

ON MAY 31, 1974, AN EXPLOSIVE DEVICE WAS DETONATED ON THE SIXTH
FLOOR OF THE OLD STATE BUILDING, LOS ANGELES, CALIFORNIA, NEAR THE
RECEPTION AREA FOR THE OFFICE OF EVELLE YOUNGER, CALIFORNIA STATE
ATTORNEY GENERAL. A CALL WAS RECEIVED SHORTLY THEREAFTER AT THE
LOS ANGELES TIMES, A MAJOR DAILY NEWSPAPER, FROM A YOUNG FEMALE. THE
CALLER STATED WORDS TO THE EFFECT, "THIS IS THE WEATHER UNDERGROUND.
WE JUST BOMBED THE OFFICE OF ATTORNEY GENERAL YOUNGER IN SOLIDARITY
WITH THE SYMBIONESE LIBERATION ARMY". CALLER GAVE DIRECTIONS TO
A PHONE BOOTH WHERE A DOCUMENT FROM THE WEATHER UNDERGROUND WAS
LOCATED. IT EXPRESSED GRIEF OVER THE DEATH OF THE SLA MEMBERS.

RADIO STATION KPFK, NORTH HOLLYWOOD, CALIFORNIA, RECEIVED A SIMILAR CALL AND ALSO OBTAINED A DOCUMENT. KPFK TO DATE HAS NOT PROVIDED THE CONTENTS OF THAT DOCUMENT.

ON JUNE 7, 1974, KPFK RADIO RECEIVE A TAPE FROM THE SLA. THE FIRST VOICE ON THE TAPE IS THAT OF WILLIAM HARRIS. HE BEGINS BY GREETING NUMEROUS ORGANIZATIONS, INCLUDING THE WEATHER UNDERGROUND. INITIALLY APPEARED IN THE LA AREA IN JANUARY 1970 AND PERIODICALLY SOME OF THE FUGITIVES REVISITED THIS AREA THROUGH JUNE 1972. THERE HAS NOT BEEN ANY KNOWN WEATHERMAN ACTIVITY IN LA SINCE THE SUMMER OF 1972 UNTIL THE ABOVE BOMBING ON MAY 31, 1974.

FROM JANUARY 1970 THROUGH JUNE 1972, INVESTIGATION HAS DEVELOPED THAT APPROXIMATELY SIX DIFFERENT WEATHERMAN FUGITIVES, AT DIFFERENT TIMES, AND APPARENTLY ACTING INDEPENDENTLY OF OTHER WEATHERMAN FUGITIVES, PASSED THROUGH THE LA AREA AND/OR OBTAINED IDENTIFICATION HERE. IN VIRTUALLY EVERY INSTANCE THESE FUGITIVES UTILIZED NEW LEFT ATTORNEYS IN THIS AREA AS THEIR CONTACT POINTS. NOTABLE AMONG THIS GROUP IS ONE OF THE FOUNDING MEMBERS OF SDS, [REDACTED] A MEMBER OF THE NATIONAL LAWYERS GUILD, WHO CURRENTLY PRACTICES AND TEACHES LAW IN THE LA AREA.

IT IS SUGGESTED THAT CG AND SF, WHO ARE KNOWLEDGEABLE RE WEATHERMAN ACTIVITIES, EVALUATE THE POSSIBILITY OF AN SLA - WEATHERMAN RELATIONSHIP BASED UPON THE FACT THESE ORGANIZATIONS UTILIZE PROMINENT NEW LEFT ATTORNEYS.

LA IS CONDUCTING APPROPRIATE INVESTIGATION IN THIS REGARD IN AN EFFORT TO DETERMINE WHETHER INDIVIDUALS ASSOCIATED WITH THE WEATHER UNDERGROUND MAY HAVE ASSISTED OR HAVE KNOWLEDGE RE THE HARRISSES OR PATRICIA HEARST.

A SEARCH IS
BEING CONDUCTED IN THE KNOWN ALIASES OF THE FUGITIVES. THIS REVIEW
CONSISTS OF REVIEWING APPROXIMATELY 30,000 RECORDS. EACH RECORD
LOCATED IN ONE OF THE NAMES OR ALIASES OF THE FUGITIVES IS ~~RECORDED~~ PROMPTLY
INVESTIGATED TO DETERMINE IF IT IS PERTINENT.

DESCRIBED [REDACTED] AS A MEMBER OF THE SLA.

HE IS PRESENTLY MARRIED TO ELIZABETH RUGH ~~ELICH~~ AND THEY RESIDE
WITH THEIR NEW BABY IN THE SF AREA. ~~REDACTED~~

Q1532 Accompanying sheet of paper bearing typewritten message beginning "The Oceanside members ..."

Result of examination:

Q1531 and Q1532 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q1532 was prepared by any of the writers of the unidentified questioned writing, the known writing or the purported known writing on items previously submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the limited amount of questioned writing, the presence of unexplained variations and the lack of sufficiently comparable writing. However, nothing of particular significance was observed in this comparison.

The typewriting on Q1531 and Q1532 corresponds to Laboratory standards for a Smith-Corona (or SCM) pica style of type, spaced ten characters per horizontal inch. No typewriting on items previously submitted in these cases was found to correspond to this style of type.

Q1531 and Q1532, which have been photographed, are being returned separately.

Result of examination:

A definite conclusion was not reached whether the questioned writing on Q1525 was prepared by any of the writers of the unidentified questioned writing, the known writing or purported known writing on items previously submitted in this case and in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the lack of sufficiently comparable writing and the presence of unexplained variations. However, nothing of particular significance was observed in this comparison.

The typewriting on Q1525 is too limited to classify; however, this typewriting most closely corresponds to Laboratory standards for a Smith-Corona pica style of type, spaced ten characters per horizontal inch. The typewriting on Q63 through Q65, previously submitted in the SLA case, is a similar type style to the typewriting on Q1525; however, a definite conclusion was not reached whether these items were prepared by the same typewriter, due to the lack of a sufficient number of individual identifying characteristics. However, typewriting differences were observed in this comparison. No other items previously submitted in these cases were found to correspond to this style of type.

Q1529 Accompanying greeting card bearing handwritten message beginning "This is for ..."

Result of examination:

Q1528 and Q1529 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q1528 and Q1529 was prepared by any of the writers of the unidentified questioned writing, the known writing or purported known writing on items submitted in this case and in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the presence of unexplained variations and the lack of sufficiently comparable writing. However, nothing of particular significance was observed in this comparison.

Q1528 and Q1529, which have been photographed, are being returned separately.

Mr. Schachter and Miss Ripston, President and Executive Director, respectively, of the ACLU of Southern California, addressed a letter to the Director dated June 10, 1974, in which they inquired concerning the shooting at a private residence in Los Angeles on May 17, 1974, in which members of the Symbionese Liberation Army (SLA) were killed. They specifically inquired as to whether a report has been, or will be, made as to the facts, reasons, and justification for Special Agents firing their weapons. They urged that the results of any Bureau investigation of this matter be made public. The implication in the letter is that excessive force was used in the effort to arrest the SLA members found in the residence.

The original of the incoming was referred to the Correspondence and Tours Section of the External Affairs Division and they prepared a proposed response to the letter. At the same time the Director noted on a Xerox copy of the incoming letter "See me please, 1. Our Jurisdiction, 2. Answer to letter." I have made inquiries and have reviewed this matter carefully and feel that the Director's questions may be handled without imposing on his busy schedule. Of course, I remain available for conference at his convenience if that is necessary.

The FBI had jurisdiction in this event because Federal arrest warrants charging bank robbery were outstanding at the time for Nancy Perry, Patricia Soltysik, Camilla Hall and Donald DeFreeze, all of whom were located in the premises.

Memorandum to Mr. E. S. Miller
Re: Marvin Schachter

In regard to answering the letter, pursuant to the Director's inquiry, Los Angeles was requested to submit a teletype with details of the SLA shooting on May 17, 1974, in a Los Angeles residence. The Los Angeles teletype is attached for information. The important points are that a bullhorn was used prior to any other action being taken to warn those within the residence to surrender, and FBI Agents and police officers were fired upon by automatic and semi-automatic gunfire, and only return fire was directed at the residence.

Aside from the Los Angeles teletype and references in previous teletype communications, there has been no formal investigation of the conduct of law enforcement officers and no report or analysis such as that described in the ACLU letter. Based on the information submitted by Los Angeles and all other information available to date, there appears to be no allegation of misconduct or use of excessive force. Therefore, it is my opinion that there is no need for additional formal inquiry or the preparation of a formal report concerning this matter.

Attached is a proposed letter that previously was prepared by the Correspondence and Tours Section of the External Affairs Division, but which I have modified to avoid making statements that might be used adversely to our position if the ACLU finds a plaintiff and decides to file a civil suit concerning this event.

RECOMMENDATION:

That the attached proposed letter be approved and sent to Mr. Marvin Schachter.

HE STATED HE HAD JUST COME FROM ANDERSON'S CORNER ABOUT FIFTEEN MINUTES PREVIOUSLY, WHERE HE HAD SEEN A VAN OR CAMPER, WHICH COULD HAVE BEEN EITHER A VOLKSWAGEN, FORD, OR DODGE, HEARING TWO YOUNG FEMALES. THE FEMALES DID NOT LEAVE THE VAN. HOWEVER, HE HAD SEEN PATRICIA HEARST'S PHOTOGRAPH ON TELEVISION NUMEROUS TIMES AND WAS CONVINCED THAT THE FEMALE PASSENGER IN THE VAN WAS PATRICIA HEARST.

CIRCULARIZATION OF CAMP SITES AND WILDERNESS AREAS
IN WESTERN STATES.

For information: WFO has initiated circularization of Wanted Flyer 475 to all Federal camp sites and wilderness areas through the Department of Interior and U. S. Forest Service for the 11-state area covered by the receiving offices. A survey of available State sources of information has been conducted at FBIHQ to assure maximum coverage of public camp sites likely to be used by William and Emily Harris who have reportedly camped for extended periods in the past.

Each office is to contact the State source of camping information as set out below and endeavor to effect circularization coverage of Wanted Flyer 475 to their facilities through best available means. In order to expedite this coverage, additional Wanted Flyers are being forwarded to offices with leads under separate cover. Sacramento coordinate distribution as above for Los Angeles, San Diego, and San Francisco.

The Honorable William Saxbe,
United States Attorney General,
Department of Justice,
Constitution Avenue at 9th,
Washington, D.C. 20530

JUN 6 10 50 AM '74

Sir:

I have admired you as a man of uncommon common sense and candor, so may I ask you respectfully, sir, in a vernacular you are not unfamiliar with: "What the hell is happening to the FBI?"

While it is not limited to these, I refer to the incredible aftermath of the shoot-out with the SLA in Los Angeles and the amateurish investigation of the hide-out gutted by fire and the confusion, contradictions, statements, counterstatements, and the entire bewildering and tragic Keystone Cops comedy of errors surrounding the so-called Patricia Hearst kidnapping.

Less than 48 hours after the gun battle and fire, authorities appeared on television to announce the site had been checked for clues (during which, incidentally, another corpse happened to be discovered in the basement, and I suspect all the Los Angeles Dodgers could have perished unnoticed down there as you look on the conduct of the investigation in retrospect).

I was astonished to learn, at the same time, the ruins had been opened to sight-seers who had already pawed through the debris looking for a finger, a scrap of skull, or a bloody bone as a grisly souvenir. (I have known of untrained, unsophisticated county sheriffs and constables who possessed enough investigative intelligence to seal off a house or an area where a crime or police business was involved until every inch of the scene was gone over with a fine-toothed comb).

I was flabbergasted when some of the souvenir hunters showed up at a local TV station (Channel 7) with the singed but easily discernible passport and notes of one of the SLA victims, and others brought in readily identifiable pictures of SLA members in battle dress and armed -- photographs which have been printed in the papers and in which Miss Hearst has been positively identified by a spokesman for the Los Angeles Police Department.

When asked why they brought this evidence to the TV station instead of the FBI, all said they felt they would receive

REC'D. REC. UNIT

short shrift from the FBI. and furthermore would be intimidated, grilled, and looked upon with suspicion by the FBI.

Nothing in public life, including the sordid, amoral Watergate disgrace, has disturbed me as deeply as the bungling, manipulation, and ineptness of the FBI since Mr. Hoover's death. I grew up with the Bureau, from the days of Melvin Purvis and the notorious reign of the public enemies when I was a wide-eyed boy, with a regard toward it close to idolatry, nurturing a secret ambition to be an agent someday.

Throughout the years, its reputation was untarnished. In time the Rockies may tumble, Gibraltar may crumble, but the Bureau was made of sterner stuff: incorruptable; efficient; dedicated. I did not naively think everyone associated with the Bureau was eligible for sainthood; when Mr. Hoover's successor, L. Patrick Grey III, admitted lying in the Watergate affair, I was bewildered and disappointed this massive conspiracy of crime and cover-up in high places even extended to the once-inviolable FBI, but our senses had been assaulted by an atmosphere of amorality, abuse of power, and criminal conduct that ~~seemed almost expectable~~ a man hand-picked in a pattern of such magnitude seemed almost expectable. Not ten righteous men could be found to save Sodom and Gomorrah. S
be

My high regard for the Bureau had been enhanced further by my friend and colleague, the late Hoyt Andres, who was a former agent primarily assigned to cover subversives on the west coast during World War II, which at that time involved more Communists than Nazis. A man of iron integrity himself, Hoyt had an almost reverential attitude toward the Bureau, and was among those assigned to track down the nine Nazi master-spies landed by U-boat on the coast of Maine and then swallowed up in nine large, separate cities. They were all apprehended swiftly, and nobody from the FBI got on the radio and pleaded with them to give themselves up. What's more, I consider it one of the most masterful jobs in the history of investigation that a handful of agents could track down nine clever, expert saboteur-spies who spoke perfect English, had perfect papers, and had a skillful underground network to move them about, and today's FBI cannot trace at least three bungling, amateurish revolutionaries, including one whose picture has appeared daily on television and in newspapers and magazines throughout the country!

But along comes Clarence Kelly, and the San Francisco Bureau chief, Charles Bates, making contradictory statements day after day -- and, to crown everything -- Mr. Bates appears on television pleading with Patty (but none of the others) to give herself up, with an implied clemency and references to brain-washing.

First of all, the law applies to all persons equally, whether they are presidents, Mickey Cohens and Jimmy Hoffas and Juan Coronas, or an heiress to the Hearst fortune. For Mr. Bates to stand in front of x-million people talking about brain-washing and a thinly-veiled statement there is a law for the rich, and a different law for you and me (assuming your wealth is not equal to the Hearst's), was a (expletive deleted) shock.

And one bit of logic escapes me, and perhaps you can clear it up: if Miss Hearst is an unwilling hostage of the SLA, as the FBI maintains and the family (understandably) insists, how can she give herself up? She is a hostage and a captive, and I presume not free to come and go at will. And, if she really wants to escape, why didn't she take the opportunity when she fired 30 shots into the Compton sporting goods store? She could, it seems to me, as an unwilling hostage, fire 20 shots into the store, and then empty ten shots on her male captor-associate (who had dropped his gun) and her female captor-associate (who was unarmed), ~~and~~ hastily giving herself up to any nearby friendly policeman with the knowledge no jury in the country would convict her of voluntary or involuntary manslaughter when she was trying to escape her captors who (we may assume from the FBI) held her hostage under the threat of death?

As for brain-washing, even the Chinese, who are masters at it, admit it is impossible to brain-wash a person in such a short time, and under such circumstances, and have the person ambulatory. (Why, Ho Fat, the arch enemy on "Hawaii Five-O," complains - without losing his sinister-ship, it is impossible to break-down and brain-wash someone in the short time allotted him, even though he had a sophisticated laboratory that makes M.I.T. look like a kindergarten classroom.) I respectfully submit Mr. Bates would be more qualified searching for subversives in the WCTU or the DAR, and, from his statements, Mr. Kelly possesses no higher qualifications in law enforcement than a cop on a beat back in Kansas City.

Is this what the FBI has come to? The thought of agents overlooking evidence in that debris on 54th Street conjures up images of that hilarious comedian, Ben Turp, the cross-eyed Keystone Cop with the black Steven Weed moustache, fumbling through the debris, tossing away the murder weapon, stepping over the victim, ignoring every grain of obvious evidence as he comes up triumphantly with a banana or an orange.

Perhaps, next time, the FBI and local authorities should step aside and let the 6th-grade pupils in Mrs. Grady's Day School do it as a see-and-tell assignment, or save tax-payer's money and simply let the morbid souvenir hunters loose with some citation for the grisliest discovery. Either course would not further erode our image of law enforcement agencies -- particularly the FBI.

Is this the FBI, whose agents included such dedicated, qualified men as Hoyt Andres, Norman Bagwell, Bill Higgins and other friends of mine who helped make the FBI the most respected law enforcement agency in the world. I hope, for their sake and the sake of their children -- to say nothing of the safety of this country the Bureau can be restored.

Mr. Hoover is certainly groaning from his grave.

At this time, considering the regard the public holds for this beleaguered and scandal-scarred administration, only you can do it.

Respectfully,

San Francisco, California

NOTE: Correspondent in his four-page typewritten letter asked the Attorney General, "What the hell is happening to the FBI?" He then proceeds to castigate the FBI regarding the Patricia Hearst kidnaping case. He makes reference to the fact that evidentiary items were found in the remains of the house where the shootout occurred in Los Angeles on 5/17/74, after the police had searched the area. He also makes reference to FBI Agents and other friends of his who helped make the FBI the most respected law enforcement agency in the world and hopes that the Bureau can be restored to a position of prominence. RE: ALI S. BAZ - THREATENING LETTER.

Enclosed for the FBI Laboratory and Identification Division find the original and three copies of a 3-1/2" by 6-1/2" orange card containing handwriting and handprinting which is addressed to "AM the man, 1411 Waller Street, San Francisco, Calif.", postmarked (illegible) and no return address.

For information of the FBI Laboratory and Identification Division, 1709-1711 Waller Street, San Francisco, is the address of NOEL GARNETT WEBSTER, aka Ali S. Bey, Ali S. Baz. He has been identified as the individual who was involved in the purchase of three vans which were recovered in Los Angeles, California, in connection with the Symbionese Liberation Army (SLA) shoot-out.

BAZ interprets the contents of the enclosed communication to be a threat and he introduced the card at the time he testified before the Federal Grand Jury as being a threat against him in connection with his testifying; however, the Grand Jurors apparently did not read the contents of the card as being a particular threat.

Three of the witnesses, upon learning of the card and its contents, alleged through their left-wing attorney, ~~CHARLES GEARY~~, that they were so distraught that they found it impossible to testify when they were scheduled on 6/13/74.

EXAMINATION DESIRED

It is requested that the enclosed card be examined for latent fingerprints and if any prints are developed for elimination purposes, they should be checked against prints for ~~WEBSTER~~, FBI Number 897 754 C.

The FBI Laboratory is requested to examine the card for any lead material as to its original source of manufacture and also as to whether the card was cut from a larger piece of paper.

It is also requested that it be examined for indented writing.

Further it is requested that comparison of handwriting, handprinting, and other scribbling on the card be made with any known handwriting and handprinting on file for EMILY and WILLIAM HARRIS, as well as PATRICIA HEARST to preclude the obviously remote possibility that they were the senders of the communication.

The enclosed communication should be treated as evidence and after the examination is completed, the enclosure, along with the results of the examination, should be returned to San Francisco.

ARMED AND DANGEROUS.

Q96 Accompanying carbon copy of typewritten message beginning "AS A DEDICATED....."

Result of examination:

Q95 and Q96 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q95 was prepared by any of the writers of the unidentified questioned writing, the known writing or purported known writing on items previously submitted in this case or in case captioned "HEARNAP", due to the lack of sufficiently comparable writing and the lack of significant hand printing characteristics.

The typewriting on Q96 is too limited and too indistinct to classify; however, this typewriting resembles Laboratory standards for a Royal elite style of type, spaced twelve characters per horizontal inch. No typewriting on items previously submitted in this case was found to correspond to this Royal style of type.

Q95 and Q96 contain no watermarks, indented writing of significance or other characteristics to aid in definitely determining their source. A ten-cent U.S. Postal Service stamp, torn from a booklet of stamps, is affixed to Q95.

Q95 and Q96, which have been photographed, are being returned separately.

Q1550 Accompanying two-page hand printed message, first page beginning "This is an ..."

Q1551 Second page of accompanying hand-printed message beginning "One. Radical ..."

Result of examination:

Q1549 through Q1551 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q1549 through Q1551 was prepared by any of the writers of the unidentified questioned writing, known writing, or purported known writing on items previously submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM," due to the lack of sufficiently comparable writing and the presence of unexplained variations. However, nothing of particular significance was observed in comparing the hand printing on Q1549 through Q1551 with comparable hand printing in these cases.

Q1549 through Q1551 contain no watermarks, legible indented writing, or other characteristics to aid in definitely determining their source. Two ten-cent United States postal stamps, torn from a coil of stamps, are affixed to Q1549.

Q1550 contains some indented writing. However, this indented writing was too indistinct to discern. A photograph of this indented writing is enclosed for the assistance of Philadelphia and San Francisco.

HEARNAP

To assist you in answering inquiries regarding the shootout that occurred in Los Angeles, California, on 5/17/74 between the Los Angeles Police Department (LAPD), FBI and members of the Symbionese Liberation Army (SLA) the following is set forth. This material was contained in a letter from the Director to the American Civil Liberties Union of Southern California:

"I certainly understand the concern which prompted you to write. This was a most regrettable incident, particularly in view of the loss of lives involved, but I feel the actions of the police officers and FBI Agents were warranted by the circumstances of the case.

"For a considerable period prior to any action being taken by either the law enforcement officials at the scene or the suspects within the house, an officer using a bullhorn repeatedly requested the suspects to surrender and come out of the house. When no response was received, a tear gas canister was thrown through one of the windows. The suspects immediately began firing at police officers on the scene, using automatic weapons of various types. This firing continued for a considerable period of time and the law enforcement officers fired in return.

"The house occupied by the suspects was completely destroyed by fire. The Los Angeles Fire Department was available, but could not move into the area until the shooting stopped and the occupants did not cease firing until the house was completely in flames. No positive statement can be made at this time as to the cause of the fire. However, it has been alleged that the suspects had 'Molotov

cocktails' in their possession and it is conceivable that bullets hitting such an object could have caused the fire.

"I want to assure you that it is the commitment of this Bureau to avoid injury to anyone if possible, and we would prefer peaceful surrender of individuals who must be arrested to a gun battle. We make every possible effort to effect apprehensions without the use of force, but whether this is possible depends upon the actions of the individuals we must arrest. In connection with the incident in Los Angeles, our actions were taken as the result of a direct attack against law enforcement officers by members of the SLA and only after these individuals were given every opportunity to surrender peacefully."

NOTE: During the Major Case Seminar currently being held at the FBI Academy, the SACs from Jackson and New Haven indicated that material as set forth above would be of great value to SACs in answering inquiries regarding the Los Angeles shootout. The material being furnished was extracted from a letter dated 6/21/74 directed to Mr. Marvin Schacter, President, American Civil Liberties Union of Southern California, which was prepared by Assistant Director John A. Specimens received 6/10/74

Q1536 One dollar Federal Reserve Note #K72013063 A, bearing hand printed message beginning "Help Patty Hearst in..."

Result of examination:

Specimen Q1536 was not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q1536 was prepared by PATRICIA CAMPBELL HEARST, purported writer of K32, due to the lack of sufficiently comparable writing.

Specimen Q1536, which has been photographed, is being returned separately.

A CIVIL SUIT ON BEHALF OF WILLIAM LEWIS HAS BEEN FILED AGAINST JUDGE HUFSTEDLER AND JACK WISE, WARDEN OF THE FEDERAL CORRECTIONAL INSTITUTION, TERMINAL ISLAND, CALIFORNIA, WHERE LEWIS IS INCARCERATED, BY DAVID B. FINKEL, LEWIS' ATTORNEY.

FINKEL CONTENDS IN THE SUIT THAT LEWIS HAS BEEN DENIED FREEDOMS PERMITTED CONVICTED PRISONERS INCLUDING ACCESS TO A SO-CALLED UNCENSORED MAIL BOX FOR SENDING LETTERS TO GOVERNMENTAL AGENCIES, THE COURT AND THE PRESS AS A RESULT OF JUDGE HAUKE'S PROTECTIVE ORDER. LOS ANGELES CONTINUES TO FOLLOW THIS MATTER CLOSELY WITH U.S. ATTORNEY, LOS ANGELES IN OUR EFFORTS TO OBTAIN THE ORIGINAL TAPE.

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] ADVISED THAT HER LAST CONTACT WITH PATRICIA HEARST WAS BY TELEPHONE IN SEPTEMBER OF 1973. SINCE THAT TIME SHE HAS HEARD NOTHING FROM PATRICIA HEARST AND HAS NO IDEA REGARDING HER PRESENT WHEREABOUTS.

[REDACTED] INDICATES THAT SHE NORMALLY SPENDS APPROXIMATELY SEVEN WEEKS A YEAR AT THE HEARST CORPORATION RANCH NAMED WYNTON NEAR MT. SHASTA IN NORTHERN CALIFORNIA. LAST SEPTEMBER, PATRICIA HEARST CALLED HER AT WYNTON ASKING IF SHE COULD BRING HER BOYFRIEND, STEVEN WEED, UP THERE FOR LABOR DAY WEEKEND. LATER, DUE TO HEAVY RAINS, PATRICIA CALLED BACK AND CANCELLED THE TRIP.

END PAGE TWO

[REDACTED] STATED THAT SHE CONSIDERS HERSELF TO BE VERY CLOSE TO PATRICIA. HER RELATION WITH PATRICIA GREW FROM [REDACTED]

[REDACTED] WHO WAS VERY FRIENDLY WITH PATRICIA. SHE DID NOT KNOW HOW PATRICIA WOULD BE ABLE TO GET IN TOUCH WITH [REDACTED] EXCEPT POSSIBLY THROUGH [REDACTED]

[REDACTED] RECALLED THAT PATRICIA'S LAST VISIT TO THE HEARST RESIDENCE IN PALM SPRINGS, CALIFORNIA, WAS SOMETIME DURING 1978. SINCE THEN SHE HAS MOVED TO A NEW RESIDENCE IN PALM SPRINGS, WHICH ADDRESS PATRICIA WOULD NOT LIKELY HAVE. [REDACTED] DOES HAVE THE SAME TELEPHONE NUMBER AND IT IS ^{POSSIBLE} ~~POSSIBLE~~ THAT PATRICIA COULD CONTACT HER BY THAT MEANS. [REDACTED] INDICATED THAT SHE WOULD CONTACT THE FBI SHOULD SHE RECEIVE ANY INFORMATION REGARDING PATRICIA HEARST'S WHEREABOUTS.

[REDACTED] RECALLS THAT PATRICIA HEARST WAS FRIENDLY WITH [REDACTED] PATRICIA HEARST WERE APPROXIMATELY THE SAME AGE AND THE TWO MAY HAVE HAD A CLOSE FRIENDSHIP.

SACRAMENTO, IF NOT PREVIOUSLY DONE, SHOULD CONSIDER HAVING [REDACTED] INTERVIEWED. LOS ANGELES WILL INTERVIEW [REDACTED]

END PAGE THREE

[REDACTED] WAS AGAIN INTERVIEWED. [REDACTED] AS UNABLE TO PROVIDE ANY ADDITIONAL INFORMATION OTHER THAN THAT HE HAD PREVIOUSLY GIVEN. [REDACTED] STILL CLAIMS THAT HE HAS NO INFORMATION WHICH WOULD LEAD TO THE LOCATION AND APPREHENSION OF THE FUGITIVES AND IS CONSIDERING SUBMITTING TO ANOTHER POLYGRAPH EXAMINATION REGARDING THE INFORMATION HE HAS PROVIDED. LOS ANGELES WILL CONTINUE INTERVIEWS WITH [REDACTED]

SPECIAL AGENTS CONTINUE TO OCCUPY THE APARTMENT AT [REDACTED] WHICH HAS A TELEPHONE LISTED IN DIRECTORY ASSISTANCE IN [REDACTED] DURING THE EARLY EVENING HOURS OF JUNE 26, 1974, THEY RECEIVED TWO TELEPHONE CALLS. IN EACH CALL WHEN THE PHONE WAS ANSWERED, NO ONE SPOKE ON THE OTHER END. DURING BOTH CALLS, THE CALLER MADE NO CONVERSATION WHATSOEVER. THROUGH PREVIOUS ARRANGEMENTS WITH THE TELEPHONE COMPANY COVERING THIS RESIDENCE, INVESTIGATIONS WERE CONDUCTED TO DETERMINE WHERE THESE CALLS ORIGINATED. [REDACTED] DUE TO EQUIPMENT LIMITATIONS IN THE TELEPHONE SYSTEM, [REDACTED] THE SAME PREFIX AREA AS THE NUMBER AT WHICH THE CALL WAS RECEIVED CAN BE TRACED

BLACK EXTREMISTS

RECENTLY, AS PREVIOUSLY INDICATED, AN ARTICLE ORIGINALLY CARRIED IN THE BLACK PANTHER PARTY NEWSPAPER, WAS PICKED UP BY OTHER NEWSPAPERS AND PRINTED THROUGHOUT THE SOUTHERN CALIFORNIA AREA. THE ARTICLE WAS CRITICAL OF THE SLA AND THE THREE FUGITIVES. "THE SENTINEL", "THE COMPTON BULLETIN" AND "THE SOUTHWEST WAY" ARE ALL NEWSPAPERS PUBLISHED FOR DISTRIBUTION IN THE SOUTHERN CALIFORNIA BLACK COMMUNITY. EACH OF THESE NEWSPAPERS HAS BEEN CONTACTED AND EACH INDICATED A DESIRE TO ASSIST THE FBI IF POSSIBLE. EACH INDICATED THEY WERE ANXIOUS TO PUBLISH ANY INFORMATION WHICH MIGHT RESULT IN THE FUGITIVES' APPREHENSION.

BOBYN SUE STEINER, ASSOCIATE OF WILLIAM AND EMILY HARRIS

INVESTIGATION HAS REVEALED STEINER TO BE A CLOSE ASSOCIATE OF THE HARRIS' AND REPORTEDLY RESIDED WITH THEM FOR A PERIOD OF TIME IN OAKLAND, CALIFORNIA. STEINER WAS REPORTEDLY AFFILIATED WITH THE "VENCEREMOS ORGANIZATION" WHILE IN SAN FRANCISCO. PREVIOUS ATTEMPTS TO INTERVIEW HER HAVE NOT BEEN PRODUCTIVE. MIAMI IS REQUESTED TO ATTEMPT TO GAIN ADDITIONAL INTERVIEW WITH STEINER AND PROVIDE LOS ANGELES AND SAN FRANCISCO WITH THE RESULTS.

MIAMI POLICE DEPARTMENT REPORTED THAT [REDACTED] HAD INDICATED HE WAS A MEMBER OF THE SLA AND WAS KNOWN AS [REDACTED]. A SEARCH CONDUCTED BY THE MIAMI POLICE DEPARTMENT LOCATED A NOTEBOOK BELONGING TO [REDACTED] WHICH CONTAINS NUMEROUS NAMES AND ADDRESSES IN CALIFORNIA AND OTHER STATES OF PURPORTED SLA OR EXTREMIST-TYPE INDIVIDUALS. THE NOTEBOOK CONTAINED THE INSCRIPTION "SLA - [REDACTED]".

BY SEPARATE COMMUNICATION, EACH OFFICE IN RECEIPT OF THIS INFORMATION HAS BEEN REQUESTED TO CONDUCT INVESTIGATION REGARDING THE INDIVIDUALS NAMED IN THIS NOTEBOOK IN A CIRCUMSPECT MANNER. MIAMI IS CONDUCTING THOROUGH INTERVIEW OF [REDACTED] AND INVESTIGATION IS CONTINUING TO DETERMINE THE RELIABILITY OF THIS INFORMATION.

NUMEROUS BUSINESSES IN THE LOS ANGELES AREA HAVE BEGUN TO CAPITALIZE ON THE SLA. ONE COMPANY, THE "SLA TEE-SHIRT", 11048 MORTENSE, NORTH HOLLYWOOD, CALIFORNIA, HAS ADVERTISED OFFICIAL SLA TEE-SHIRTS FOR \$4.95 PLUS TAX. AN AD IN THE "UCLA SUMMER BRUIN", THE NEWSPAPER FOR THE UNIVERSITY OF CALIFORNIA AT LOS ANGELES, TUESDAY, JUNE 25, 1974 EDITION, CARRIES AN AD ADVERTISING THE "HISTORIC SLA TAPE" FOR SALE. Result of examination:

Specimen Q1544 was not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q1544 was prepared by any of the writers of the unidentified questioned writing, known writing, or purported known writing on items submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" due to the presence of unexplained variations and the lack of sufficiently comparable writing. For information of New York, review of records, FBIHQ, reflects the signature "Caliban" on the note located at Kennedy International Airport is possibly identical to captioned unsub. A review of this file reflects the Upjohn Company, Kalamazoo, Michigan, received a letter on 5/15/72, from an extortionist who identified himself as Calaban in which he threatened contamination of two of the company's largest selling non-prescription products unless he was paid two million dollars. Upjohn officials decided not to meet extortionist's demands but agreed to assist the Bureau in a bogus payoff. The payoff was covered; however, no attempts were made to pick up the extortion package. Subsequent to this payoff, several additional letters were received from the unsub containing payoff instructions. These payoffs were

covered and again no attempts were made to pick up the extortion package. No suspects were developed and investigation was discontinued by Chicago on 5/31/73, as all logical investigation had been completed without identifying the extortionist.

Laboratory examination of the letters received in the Upjohn case failed to identify a subject; however, the Laboratory did determine that in case entitled, "Unsub; Demand on Delta Air Lines, Atlanta, Georgia, for Two and One-half Million Dollars in Diamonds, May-7, 1973; DANV; Extortion" in which Delta Air Lines received on 5/7/73, a letter demanding 2 1/2 million in diamonds that the letter was probably prepared on a toy typewriter identical to the typewriter used to prepare one letter received by Upjohn.

For information of Atlanta and Chicago, New York advised the following note, "Powder Puff - Rockefeller will be hit 6 June - Get the Bobby connection? Tanya will not participate. Venceremos!!" signed Caliban was found on 5/29/74, by [REDACTED] as they attempted to put luggage into a coin operated baggage locker at the International Arrivals Building, Kennedy International Airport, New York. No Federal violation was developed in connection with this note; however, appropriate individuals were advised of the implied threat to Mr. Nelson Rockefeller. No lead has been set forth to interview [REDACTED] as she is currently in Europe for approximately six weeks.

New York provide results of investigation regarding above note to Atlanta and Chicago.

Results of Laboratory examination will be furnished Atlanta and Chicago.

NOTE TO LABORATORY DIVISION: Will provide results of Laboratory examination requested by New York in New York airtel to Bureau dated 5/31/74, entitled, "Hearnap, Kidnaping, OO: SF" to Atlanta and Chicago.

NOTE: This concerns note containing implied threat to Nelson Rockefeller signed "Caliban" which was found in a baggage locker at Kennedy International Airport, New York. Review of records, FBIHQ, reflects Chicago previously conducted investigation regarding extortionist who sent several letters to Upjohn Pharmaceutical Company, Kalamazoo, Michigan, demanding 2 million dollars or he would contaminate 2 of the company's largest selling non-prescription products; however, no suspects were developed and the case was administratively closed on 5/31/73. In addition, the Laboratory subsequently determined that an extortion letter sent to Delta Air Lines, Atlanta, Georgia, demanding 2 1/2 million in diamonds was prepared on the same typewriter as one of the extortion letters received in the Upjohn case. This is to advise New York, Atlanta and Chicago that the note found in the locker at Kennedy Airport was possibly prepared by the unsub who prepared the letters in the Atlanta and Chicago cases.

THE APPEAL OF ~~SYNTHIA GARVEY AND PAUL HALVERSON~~ OF THEIR
CITATION FOR CONTEMPT BY U.S. DISTRICT COURT WAS DENIED ~~JUNE 1974~~
1974 BY THE U.S. COURT OF APPEALS AT SAN FRANCISCO. ~~HALVERSON~~ AND

ELECTRICAL SURVEILLANCES AND THAT THE PROCEDURE IN THE IMMUNITY ORDERS
WERE NOT VALID. ~~HALVERSON~~ ALSO APPEALED ON THE GROUND THAT HE HAD
GOOD CAUSE TO REFUSE TO TESTIFY BECAUSE OF HIS MARITAL PRIVILEGE.

THE COURT DISMISSED ALL OF THE APPELLANTS CONTENTIONS.

BROWNING RELATES THAT USUALLY THE MANDATE OF THE U.S. COURT OF APPEALS IS NOT FILED WITH THE DISTRICT COURT FOR SOME 21 DAYS AND THE APPELLANTS HAVE INDICATED THAT THEY INTEND TO APPEAL TO THE U.S. SUPREME COURT. BROWNING STATED THAT HIS OFFICE IS PRESENTLY CONTEMPLATING ASKING FOR AN IMMEDIATE MANDATE FROM THE U.S. COURT OF APPEALS OR SEEKING A DISMISSAL OF U.S. DISTRICT COURT JUDGE ALFONSO ZIRPOLI'S ORDER GRANTING THE APPELLANT'S RELEASE ON THEIR OWN RECOGNIZANCE.

BROWNING POINTS OUT THAT THE BUREAU MAY BE INTERESTED IN A FOOTNOTE TO THE COURT'S DECISION CONCERNING RESPONSES TO QUESTIONS OF ELECTRIC SURVEILLANCE. THE FOOTNOTE CONCERNS TESTIMONY OF MR. BRANDON ALVEY, SPECIAL ATTORNEY IN THE U.S. DEPARTMENT OF JUSTICE WHO TESTIFIED THAT HE HAD MADE INQUIRY OF RESPONSIBLE OFFICIALS OF THE VARIOUS GOVERNMENT AGENCIES IN WASHINGTON, D.C. AND HAD LEARNED THAT THE APPELLANTS HAD NOT BEEN THE SUBJECT OF ANY ELECTRIC SURVEILLANCE. THE FOOTNOTE READS "BECAUSE MR. ALVEY WAS NOT INTIMATELY FAMILIAR WITH THE RECORD KEEPING AND PRACTICES OF OTHER AGENCIES, HIS TESTIMONY IN THESE RESPECTS WAS OF A HEARSAY NATURE. Reference is made to Gallagher to Gebhardt memorandum dated June 26, 1974, attached.

The Director inquired "What is this about, I have been assured, etc." The Director referred to a statement in a proposed radio release to be made by the Reverend John P. Adams over California radio stations addressed to Teko (William Harris), Yolanda (Emily Harris), and Tania (Patricia Hearst).

In this release the Reverend Adams has a statement "I have been assured that I will not be under surveillance." Adams has received absolutely no assurances from the FBI, in fact George Rodericks of Mayor Washington's Command Center, Civil Defense, who made the release available was advised that the FBI would agree to no conditions whatsoever. Mr. Rodericks did not know of any assurances being given to the Reverend Adams by anybody.

In the course of the conversation, George Rodericks stated that this statement had been prepared by Reverend John Adams, in conjunction with the United Methodist Church, and it was solely the product of Reverend Adams and the Methodist Church and was aimed at endeavoring to get William and Emily Harris to contact Reverend Adams. As pointed out in referenced memorandum, Mr. Rodericks was advised that the FBI would not agree to any conditions being placed on our investigation and that in the event the Reverend Adams gets information concerning the whereabouts of the three Fugitives and does not make this information available, he could be held for Obstruction of Justice or maybe Harboring as we have Federal Fugitives involved.

ACTION: This is for the Director's information.

SUBJECT: HEARNAP

On the afternoon of June 25, 1974, George Rodericks, of Mayor Washington's Command Center, 300 Indiana Avenue, N. W., Room 5001, telephone number 629-5151 or Code 137-5151 telephonically contacted Gallagher and stated he had been in contact with the Rev. John Adams and Frederick Schwartz, the father of Emily Harris. He stated [redacted] and Mrs. Schwartz are very anxious to get in touch with their daughter, and they have been in consultation with the Rev. John Adams, of the United Methodist Church.

Mr. Rodericks stated [redacted] John Adams and Mrs. Schwartz are to appear on the Today television program, June 28, 1974. Mr. Rodericks stated Rev. John Adams had prepared a release which he plans to read over a California radio station as a means of appealing to Emily Harris. According to [redacted] Rodericks, Rev. Adams did not want to do anything to interfere with efforts of the law enforcement people. He asked that a copy of this release be reviewed by FBIHQ. Mr. Rodericks made available a copy of the statement, which is attached. It was delivered to Gallagher by SA [redacted] of Washington Field Office.

A review of the statement addressed to Teko (William Harris), Yolanda (Emily Harris), and Tania (Patricia Hearst) sets forth ways that contact may be made to consider tactical or legal options to the present situation of the three. It requested they telephone any United Methodist Church in California and through that means they could get in touch with John P. Adams.

On June 26, 1974, Mr. Rodericks was recontacted and advised the FBI could not prevent Rev. Adams from giving his message on California radio, but in no way would we endorse this statement and he could not assume any action or inaction on the part of the FBI.

Memorandum to Mr. Gebhardt
Re: HEARNAP

It was pointed out to Mr. Rodericks that while any citizen has a right to speak over the radio, in the event the fugitives did contact [redacted] Adams and he, as he stated in his communication that he would keep all information received confidential, did not advise law enforcement, it is quite possible he could be charged with Obstruction of Justice or under certain circumstances even harboring as we have three Federal fugitives involved.

[redacted] Rodericks stated he was well aware we could not endorse any statement. He was also well aware they could assume nothing as far as the action of the FBI is concerned, and they were aware of possible violations of the law. He stated [redacted] Adams really only regarded himself as a conduit in attempting to get Emily in touch with her parents. He was trying to set up a plan whereby Emily could contact her parents inasmuch as undoubtedly she felt the home of her parents was watched by the FBI. [redacted] Rodericks stated at a meeting of the United Methodist Church it was decided instead of saying call any minister, the call was to be referred to the two Bishops. This was done because many of the ministers are regarded as pro or antilaw enforcement. It was felt that greater control could be maintained if the calls were limited to two people rather than ministers all over California.

[redacted] Rodericks advised he was aware of all of the problems and difficulties in putting out such a statement, but the main concern was not to do anything which would interfere with what law enforcement is already doing. In this regard, there is nothing in the message which would interfere with any investigation inasmuch as it merely requests the three fugitives to call a representative of the United Methodist Church and all information would be kept confidential.

Copies of this proposed message have been made available to the External Affairs and Intelligence Divisions and to the Legal Counsel's office. Copies are also being forwarded to San Francisco and Los Angeles for their information.

CONFIDENTIAL

NOT SENT - NOT CIRCULATED

Teko, Yolanda, Tania:

If you wish to consider tactical or legal options to your present situation, telephone any United Methodist Church in California. You can obtain telephone numbers in the yellow pages. The FBI and police will not and cannot cover all these numbers.

Method I: Call from a coin phone and give the number of another coin phone at which you or your representative will be for ten minutes. I will call from another coin phone and will ask a verifying question to which only Emily Harris can give the answer. You can, thereafter, establish a relay system.

Method II: Ask the church secretary or pastor of the church you call for the number of the unlisted and unmonitored phone at which I can be reached. The church representative will ask a separate question for verification and will refer valid calls. The unlisted telephone number will be checked regularly by private investigators to ascertain its being clean.

If verification is given through the calls to the questions (whether directly or indirectly from Emily Harris) I will follow precisely any instructions to come to you for discussion. I have been assured that I will not be under surveillance. Nevertheless, I will use calculated diversionary actions to test these assurances in order to maintain security and confidentiality.

I will not divulge any information to any other person or agency except at your request.

THAT SHE HAD RENEWED FRIENDSHIPS WITH SEVERAL OF HER ASSOCIATES FROM INDIANA WHO WERE NOW RESIDING IN THE SAN FRANCISCO AREA. SHE STATED THAT SHE WAS SURPRISED AT HOW MANY OF HER FORMER COLLEGE FRIENDS WERE IN SAN FRANCISCO.

[REDACTED] HAS NO INFO TO INDICATE THAT [REDACTED] WAS IN TOUCH WITH THE HARRISES IN SAN FRANCISCO, BUT HE FEELS THIS IS QUITE LIKELY. HE INDICATED THAT [REDACTED] IS VERY LOYAL TO FRIENDS AND HE DOES NOT FEEL SHE WOULD BE COMPLETELY COOPERATIVE WITH AUTHORITIES ATTEMPTING TO APPREHEND EMILY HARRIS. [REDACTED] STATED THAT HE WOULD CONTACT [REDACTED] TELEPHONICALLY AND ATTEMPT TO DETERMINE IF SHE HAD ANY INFO RE THE HARRISES AND WOULD RELAY THIS INFO TO THE FBI.

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] STATED THAT SHE DOES NOT KNOW PATRICIA HEARST, BUT IS FAMILIAR WITH [REDACTED] AND OTHER MEMBERS OF THE HEARST FAMILY.

[REDACTED] STATED SHE HAS NOT RECEIVED ANY INFO CONCERNING THE WHEREABOUTS OF PATRICIA HEARST. SHE ADVISED THAT SHE AND ALL THE MEMBERS OF HER FAMILY ARE AWARE OF THE POSSIBILITY THAT PATRICIA HEARST MIGHT CONTACT THEIR RESIDENCE IN AN ATTEMPT AT LOCATING [REDACTED] WITH WHOM PATTY HEARST IS VERY FRIENDLY. SHE WOULD REPORT ANYTHING THAT COMES TO HER ATTENTION TO THE FBI IMMEDIATELY.

TO ESTABLISH A SOLIDARITY WITH BLACK RADICAL GROUPS.

[REDACTED] STATED THAT IN APPROXIMATELY [REDACTED]

DESCRIBED DE FREEZE AS A LONER AND A "NUT." [REDACTED] CLAIMED THAT
HE HAD NO INFO RE THE SLA OR THE CURRENT WHEREABOUTS OF THE SLA

MEMBER OF THE NOI WOULD PROVIDE ASSISTANCE TO PATRICIA HEARST OR THE
HARRISES, ESPECIALLY IF IT WERE NOT APPROVED BY THE NOI LEADERS.

On 7/2/74, at 2:31 a.m. [REDACTED] who later in the conversation identified herself as [REDACTED] telephonically advised she resided at [REDACTED] at which address she has resided for the last year. She stated that she was calling FBIHQ because she had obtained an unlisted telephone number, [REDACTED] just one week ago and approximately 30 minutes prior to calling FBIHQ she had received a call wherein a girl was screaming in the background and said "I love my people, let me go, don't touch me no more." [REDACTED] said she thought the call might be from Patricia Hearst.

[REDACTED] was asked why she thought this conversation related to the Hearst kidnaping and she was evasive and did not give an answer as to why she thought the girl screaming on the telephone might be Patricia Hearst. [REDACTED] said she had furnished this information to the Chicago FBI Office and further stated she did not know why she ever received the call since she had had the unlisted telephone for only one week and had not given the number to any one and she wanted FBIHQ to be aware of the situation. [REDACTED] was thanked for furnishing the information and the conversation was terminated in an amicable manner. It was noted that during the conversation, [REDACTED] was partly incoherent, talked in a slurred manner, and was generally abusive when asked for details.

Subsequently, Special Agent [REDACTED] Night Duty Agent, Chicago Office, telephonically advised that he had received two phone calls from [REDACTED]. [REDACTED] indicated that [REDACTED] seemed to be in an inebriated condition and confirmed similar information as set forth above. [REDACTED] indicated that he was furnishing this information to the HEARNAP case Agent who would recontact [REDACTED] later this date for additional details.

Re Los Angeles teletype dated 6/19/74, and
Bureau teletype dated 6/20/74.

After carefully reviewing the possibility of developing a program to foster a noncooperative attitude within the black community towards the HEARNAP fugitives, the Behavioral Science Unit feels such a program would not be feasible or necessary at this time.

It appears that the black community has already taken a noncooperative attitude towards the HEARNAP fugitives. It is felt that this attitude should be allowed to take its natural course. Direct action by the Bureau in an official or unofficial way could very well reverse or mitigate the apparent prevailing attitude.

RECOMMENDATION:

That no program be developed in fostering a noncooperative attitude within the black community towards the HEARNAP fugitives.

An anonymous letter postmarked 7/1/74, Maryland 207, was received at FBIHQ. The contents of this letter are as follows:

"Also moving in (or helping) were two men, described to me as way-out looking.

UNKNOWN SUBJECTS (5);
PATRICIA CAMPBELL HEARST -
VICTIM
KIDNAPING

On February 4, 1974, Patricia Campbell Hearst, born February 20, 1954, and the daughter of wealthy Mr. and Mrs. Pandolph A. Hearst, was abducted from a Berkeley, California apartment. Within a few days, the Symbionese Liberation Army (SLA) claimed credit for the kidnaping.

Patricia Hearst thereafter apparently joined her abductors and apparently participated in a San Francisco bank robbery on April 15, 1974. Tapes have been received from the SLA containing the voice of the victim where she claims to have freely participated in the robbery and to have joined that group. On May 17, 1974, six members of the SLA were killed in a shoot-out with authorities at Los Angeles, California.

Patricia Hearst is presently believed to be in the company of Emily and William Harris and the trio are all fugitives, being sought for violation of the National Firearms Act and in addition, Patricia Hearst is being sought on a warrant for bank robbery. The Harrises and Patricia Hearst were in Los Angeles on May 16, 1974 and a Los Angeles radio station received a tape from the trio on June 7, 1974.

Victim's parents reside in Hillsborough, California.

On SLA document captioned "Declaration of Revolutionary War and the Symbionese Program", dated August 21, 1973, states "...Therefore, we of the Symbionese Federation of the SIA... Do now by the rights of our children and people and by force of arms and with every drop of our blood, declare revolutionary war against the

fascist capitalist class. We support by force of arms the just struggles of all oppressed people for self-determination and independence within the United States and the world, and thereby offer to all liberation movements, revolutionary workers groups, and peoples organizations our total aid and support for the struggle for freedom and justice for all people and races..." The SIA has claimed credit for the November 6, 1973 assassination of Dr. Marcus Foster, Oakland, California School Superintendent, and the February 4, 1974 kidnaping of Patricia Campbell Hearst, daughter of newspaper publisher - owner Randolph A. Hearst, in furtherance of its revolutionary objectives.

wir sind eine Selbstschutz-Vereinigung deutscher
Industrieller und Geschäftsleute, die aus eigenem wirtschaftlichen und
geschäftlichem Interesse darüber wachen, daß das Recht und die Ordnung
Deutschland nicht von radikaler Seite gefährdet wird. Als solche haben
natürlich unsere konspirativen Verbindungen zu radikalen Gruppen und
nun durch glückliche Fügung des Zusammenwirkens mit unseren Verbindungs-
leuten in der Lage, Ihnen eine höchst erfreuliche Mitteilung zu machen

Wir haben den Aufenthaltsort Ihrer vermißten Tochter Patricia herausge-
funden. Sie befindet sich gegenwärtig auf dem Staatsgebiet der sogenan-
ten " Deutschen Demokratischen Republik " (DDR, oder englisch: GDR).

Wir bedauern aber gleichzeitig, mitteilen zu müssen, daß sich Ihre Toc-
dort einer Terroristengruppe angeschlossen hat, die offenbar wieder ne-
Anschläge im westlichen Europa vorbereitet. Soweit wir noch in Erfahrung
gebracht haben, ist Ihre Tochter leider auch drogensüchtig geworden. W-
bezogen diese Informationen von einem Überläufer - Kollaborateur - der
Terroristengruppe offenbar aus Gewissensnot verlassen hat. Er lief ein-
ihm bekannte Kontaktadresse eines unserer Verbindungsleute an (wir spi-
von Zeit zu Zeit solche Adressen den Radikalen-Gruppen zu) und sucht d-
Mann jetzt bei uns Schutz und Hilfe. Die Angaben dieses Mannes, der de-
Anschein nach noch entdeckt und schwer mißhandelt wurde, bevor ihm die
Flucht gelang, sind über jeden Zweifel erhaben. Seinen Bericht fügen wir
diesem Brief bei. Nur soviel in Kürze: Ihrer Tochter geht es den Umständen
entsprechend gut.

Sie werden verstehen, daß wir, um das Mädchen nicht zu gefährden durch
unüberlegte Handlungen, den präzisen Aufenthaltsort nicht mitteilen mö-
schon aus dem einfachen Grunde, daß man in der sozialistisch-kommun-
stischen DDR (GDR) über die offiziellen Behörden sowieso nichts unter-
men kann und Ihre Tochter außerdem vor kurzem formell unter Anklage w-
bewaffneten Bankraubes gestellt wurde. Dies alles gestaltet unsere Ar-
äußerst schwierig. Trotzdem können wir Ihnen und damit Ihrer Tochter
feyn .

Wir machen Ihnen daher folgendes Angebot :

Es ist unserer Organisation möglich, Patricia aus den Händen der Terroristen zu befreien - wir lassen die Gruppe ständig durch einen Verbindungsmann beobachten.

Das wird nicht ganz einfach sein, sondern im Gegenteil äußerst schwierig und kostspielig, aber realisierbar, sofern unsere Bemühungen nicht durch andere offizielle oder private Institutionen gestört werden. Wir möchten Sie daher jetzt schon an dieser Stelle dringend bitten, sich jeder Einmischung in unsere Arbeit zu enthalten, da wir Ihnen sonst nicht helfen können.

Unsere Honorare für eine solche Befreiungs-Aktion belaufen sich wie folgt (3 Aktions-Möglichkeiten zur Auswahl):

" Aktion 1 " : Einsatz von 7 Mitarbeitern als Kommando-Gruppe zur Befreiung Ihrer Tochter, inklusive Risiko-Zuschuss, Abfindung für den Kollaborateur zwecks Aufbau einer neuen Existenz im Westen, Arzthonorar (um die Krankheit unterwegs zu behandeln), technische Ausrüstung, Neuanschaffung, Verschleiß und Verluste, Spesenpauschale + Unkosten, sowie Überstellung Ihrer Tochter an die nächste erreichbare amerikanische Botschaft im westlichen Europa.

Gesamtkosten : Deutsche Mark (DM) 435.000,-
i.W.: vierhundertfünfunddreißigtausend DM

" Aktion 2 " : Leistungen im wesentlichen wie oben beschrieben, jedoch keine Übergabe Ihrer Tochter an eine amerikanische Botschaft, weil sie ja wegen des Bankrott unter Anklage steht, sondern Einlieferung in ein diskretes, konspiratives Schweizer Sanatorium. Arzthonorare, Drogen-Entziehungskur, Bewachung durch 2 unserer Mitarbeiter für die Dauer des Aufenthalts, Honorare und Spesen.

Gesamtkosten : Deutsche Mark (DM) 487.000,-
i.W.: vierhundertsiebenundachtzigtausend DM

" Aktion 3 " : Wenn Sie es wünschen, können wir Ihrer Tochter noch zusätzlich einen ausländischen Diplomaten vermitteln - selbstverständlich echt und gültig, der ihr dann diplomatische Immunität garantiert. In diesem Falle gilt Einlieferung in ein Schweizer Sanatorium als vereinbart nebst oben beschriebenen Leistungen und berechnen wir neben den Kosten für die "Aktion 2" noch eine Vermittlungsgebühr für den Diplomaten-Pass. Es ergeben sich

Gesamtkosten : Deutsche Mark (DM) 562.000,-
i.W.: fünfhundertzweiundsechzigtausend DM

(alle Summen gelten in Deutsche Mark West)

Sie haben jetzt die Möglichkeit unter den 3 hier beschriebenen Aktionen eine auszuwählen. Wie Sie uns von Ihrer Wahl verständigen können und es dann weitergeht, zeigen wir Ihnen nun:

Geben Sie in der Zeitung "Kölner Stadt Anzeiger, D 5000 K ö l n 1, Breite Straße 70" in der Rubrik "Immobilien-Kaufgesuche" folgende Anzeige auf:

"Amerikanischer Geschäftsmann wünscht in der Bundesrepublik ein Land möglichst am Wasser gelegen zu kaufen, mit großem Garten, freistehendes Bungalow-Stil. Höchstkaufpreis: (insert here sum-of action choose). Angebote mit Lichtbildern unter Chiffre XXXX an Kölner Stadt Anzeiger, 5 Köln 1, Breite Straße 70."

Wie Sie sicherlich erkannt haben, wollen wir auf diesem Wege nur erfahren für welche Möglichkeit und damit für welchen Betrag Sie sich entschieden haben. Wenn Sie also in diesem Zusammenhang irgendwelche echten Angebote erhalten sollten, ist dies lediglich eine Folge der Anzeige und hat uns nichts zu tun.

Wenn Sie unsere Vorschläge interessieren, geben Sie diese Anzeige bis unmittelbar nach Lesen dieses Briefes auf. Vermerken Sie bitte, daß die Anzeige an einem beliebigen Tag, aber innerhalb einer Woche erscheint. Legen Sie zur Bezahlung 50 Dollar in Banknoten bei, weil es einfacher ist und benutzen Sie dabei einen Code-Namen und eine andere Adresse.

Zur Bezahlung unseres Honorares ist dann folgendes zu beachten:

Wir erwarten, daß der gesamte Betrag, für den Sie sich entschieden haben, im voraus gezahlt wird - das ist allgemein so üblich in Deutschland. Wie das vor sich geht, erfahren Sie nun:

- 1.) Senden Sie einen Beauftragten, einen Kurier, dem Sie absolut vertrauen können, mit dem Geld nach Deutschland.
- 2.) Der Kurier soll mit dem von Ihnen gewählten Betrag in bar und in deutscher West-Mark, also D-Mark, kleine Scheine, nicht fortlaufend registriert, gebraucht, keine bankmäßige Kennzeichnung, wie Magnetschrift oder ähnliches, nach Frankfurt am Main, fliegen, Ankunft spätestens am Dienstag, dem 25.6.1974 (25. Juni), vormittags.
- 3.) Der Kurier soll, sich unmittelbar nach seiner Ankunft dort einen Mietwagen von Hertz Autovermietung nehmen, wir empfehlen einen unaufladbaren Ford, Kredit-Karten nicht vergessen.
- 4.) Dann soll sich der Kurier in Frankfurt im Hotel "Frankfurt International, 6000 Frankfurt, Wilhelm-Leuschner Str. 43, ein Einzelzimmer nehmen und dort erwarten ihn dann die weiteren Anweisungen.

Zur Beachtung: Hotel- und Mietwagenbuchung können bereits beim Fliegecheck in San Francisco durchgeführt werden, wir empfehlen die "PanAM" oder die "Lufthansa". Der Kurier kann zunächst mit dem Taxi nach Frankfurt ins Hotel fahren und dort an der Rezeption einen Mietwagen nehmen, dies ist ihm überlassen. Einen Mietwagen benötigt er aber in jedem Fall.

Additionalns für den Kurier:

- a.) Der Kurier hat für die Dauer seiner Mission in Deutschland den C Namen "Richard Petersen" zu tragen, kommend aus San Francisco. Und hier ist der authentische Bericht des ehemaligen Terroristen-Mitgliedes, der die Gruppe verlassen hat und sich bei unseren Verbündeten in Ost-Berlin, DDR (GDR) gemeldet hat. Wir haben den Bericht übersetzt und stilistisch etwas modifiziert, aber sonst nichts daran geändert.

" Ich heiße Yafid Sallal und bin von Geburt Palästinenser. Seit einer Zeit gehörte ich einer politischen Gruppe von Palästinensern an, die wiederum der " Volksfront zur Befreiung Palästinas " unterstellt war. Die Aufgabe bekommen sollte, im westlichen Europa Kampfaktionen durchzuführen, um die Welt weiterhin auf die dringende Sache des palästinensischen Volkes aufmerksam zu machen. Von dieser Gruppe habe ich mich inzwischen aus Gewissensgründen getrennt. Die Gruppe befindet sich abwechselnd an verschiedenen Orten in der DDR (GDR), die ich jedoch aus Sicherheitsgründen nicht nennen darf.

Zu dieser Gruppe gehörte auch ein etwa 20 bis 23-jähriges Mädchen. Alle Decknamen trugen, hatte auch sie einen; sie wurde Tania genannt. Das Mädchen trug öfters eine dunkle Perücke, ihr Haar war aber von Natur aus blond. Mein erster Eindruck von ihr war zunächst, daß sie eine erotische Person war. Später glaubte ich jedoch zu erkennen, daß sie schweren inneren Konflikten belastet war.

Sie weinte öfters, scheinbar grundlos und schien im übrigen unter dem Drogeneinfluß zu stehen. Welche Drogen das waren und wo sie sie bekam, kann ich jedoch nicht sagen; ich weiß es nicht.

Es gab Momente, da schien sie recht klar bei Verstand zu sein und wandte sich dann still vor sich hin, abwechselnd nach ihren Eltern und Freunden. Der Anführer unserer Gruppe trennte sie dann so schnell wie möglich von uns übrigen und sperrte sie dann in einen Schuppen ein, wo sie erst herauskommen durfte, wenn sie ruhiger geworden war. Danach schien sie wieder unter Drogeneinfluß zu stehen. Manchmal schrie sie wilde Beschimpfungen gegen alle Kapitalisten und Imperialisten dieser Welt hinaus. Ich konnte jedenfalls beim besten Willen nicht erklären, was ein nervlich so ungleiches Mädchen bei unserer Gruppe mit ihrem gefährlichen Auftreten sollte.

Mit mir verband sie eine Art Vertrauensverhältnis zwischen Mißtrauen und Anlehnungsbedürftigkeit. Sie hatte wohl gespürt, daß ich doch nicht so fanatisiert wie der Rest der Gruppe war und erzählte mir sie dann eines Tages in einem klaren Augenblick, daß sie eigentlich gar nicht Tania sondern P a t r i c i a, heiße und von ihren Freunden P a t t y genannt werde. Sie sei auch keine Europäerin, sondern Amerikanerin, die zusammen mit einer Gruppe von Männern mit einer großen privaten Hochsee-Motor-Yacht über den Atlantischen Ozean gekommen sei. Ob ich ihr helfen wolle, fragte sie noch. Ihre Eltern würden mir dann viel Geld geben. Ich muß gestehen, daß mir dieses Angebot, mit einer größeren Geldsumme ein neues Leben zu beginnen zu können, meinen Entschluß die Gruppe zu verlassen, erleichtert hat.

Dann kam wieder der Gruppenführer und trennte uns schon wieder. Ich habe Patty von diesem Tage an kaum noch gesehen, jedoch glaube ich fest, daß ihr nichts geschehen ist, denn so, wie sich der Gruppenführer ihr gegenüber mit reservierter Höflichkeit benahm, glaube ich, daß Tania Patty für die Gruppe sehr wertvoll ist und bei einer etwaigen Aktion der Gruppe im westlichen Europa so eine Art "Lebensversicherung" sein sollte.

Für mich bestand von diesem Tage an kein Zweifel mehr, daß es sich um das Mädchen Tania in Wirklichkeit um die entführte amerikanische Tochter Patricia Hearst handelt.

Ich wurde nach diesem erwähnten Gespräch mit Patty H e a r s t dem harten Kern der Gruppe, den Anführer namens Ben Kalil und seinen Vertreter einem scharfen Verhör unterzogen. Man wollte aus mir herausbekommen, was das Mädchen mir erzählt hatte und wieviel ich also wußte. Das Verhör dauerte lange und war mit schweren Mißhandlungen verbunden. Schließlich ließ der Gruppenführer Ben Kalil durchblicken, daß es bei dem Mädchen Tania allerdings um eine Amerikanerin und zwar aus Californien handelte. Nach diesem Eingeständnis wurde mir klar, daß die Gruppe beabsichtigte, mich zu beseitigen, denn niemals hätte sie mir können, mich mit diesem Wissen wieder freilassen zu dürfen.

Ich wurde dann mit einem Wagen an einen anderen Ort geschafft, von mehreren begleitet und auf diesem Transport gelang es mir, zu fliehen, ich dem Fahrer des Wagens plötzlich die Arme wegriß und der Wagen überschlug. Außer meinen bisherigen Verletzungen von dem Folter-Verhör erlitt ich noch weitere leichte Verwundungen. Jedoch gelang es mir auf Umwegen Ostberlin und einen dort residierenden Verbindungsman der DEUTSCHEN GESELLSCHAFT FÜR RECHT UND ORDNUNG zu erreichen. Die Adresse hatte ich vom Kellner eines Lokals, in dem hiesige Ausländer verkehren. Auf einem geheimen Weg, den ich auch nicht nennen darf, wurde ich in den Westen geschafft, übrigens zusammen mit dem Mädchen. Ich möchte im Westen bleiben und mir eine neue Existenz aufbauen. Methoden meiner ehemaligen palästinensischen Kameraden haben mir Mut und Abscheu eingeflößt und ich möchte nun lieber der Familie H e a r s t helfen, ihre Tochter Patty zurückzubekommen.

Die letzte Nachricht, die ich über Patty erhielt, lautete, daß der Ost-Berliner Verbindungsman mit der Gruppe Fühlung hält und vor 24 Tagen noch einmal ein Mädchen mit dunklen Haaren durch ein starkes Ferngloß beobachtet hat. Weil es so stark regnete, konnte er keine Fotos machen.

Über die Absichten der Gruppe vermag ich kaum etwas zu sagen, da die genauen Einsatzbefehle nur der Anführer 24 Stunden vor einer Aktion erhält. Ich bin mir jedoch darüber klar, daß die Gruppe sehr bald in Deutschland muß, vielleicht während der Fußball-Weltmeisterschaftsspiele in der Bundesrepublik Deutschland.

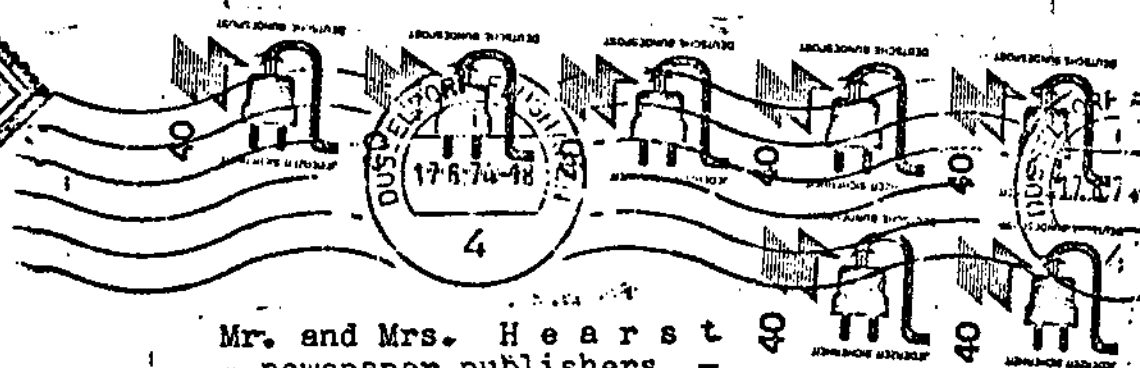

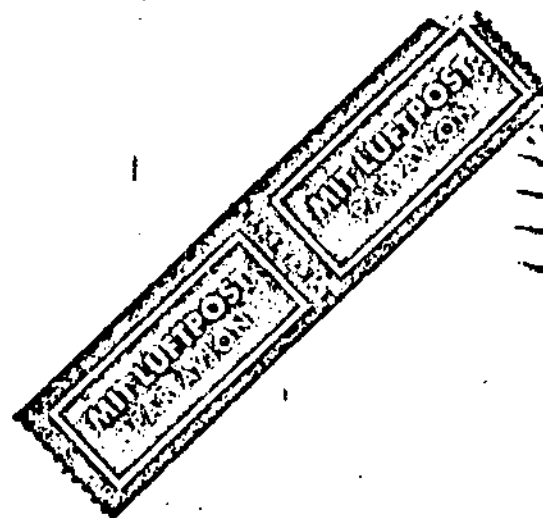

Dies ist mein vollständiger Bericht und mache ich diese Angaben nach bestem Wissen und Gewissen, das schwöre ich.

The following is a summary translation of a letter written in German which was addressed to Mr. and Mrs. Hearst in reference to their missing daughter, Patricia. The envelope in which the letter was received was postmarked June 17, 1974, 6 p.m., at Dusseldorf Airport (Western Germany). It bore a return address [REDACTED] 4000 Dusseldorf, Sheraton Hotel, Western Germany:

The letter bears a typewritten masthead "German Society for Law and Order, Mobile Branch Headquarters, Sheraton Hotel, Dusseldorf, represented by [REDACTED]". The letter is addressed to the personal attention of Mr. and Mrs. Hearst and sets forth as subject "Your daughter Patricia Hearst". The writer of the letter explained that he represents an association of self-defense groups for German industrial and business people who out of personal interest have taken the initiative to guard against radical takeover of German law and freedom. The writer stated that due to a series of coincidents, his group has been able to ascertain the present whereabouts of Patricia and he stated that she is currently in the German Democratic Republic (East Germany).

The writer stated that at the same time, however, he was sorry to advise the Hearsts that their daughter currently has joined a terrorist group whose aim it is to commit violent acts in Western Europe. He further pointed out that it was also learned that Patricia has become a drug addict and he explained that this information was furnished to his group by a corroborator who formerly was a member of the terrorist group mentioned above but who, after much trouble and a considerable amount of physical torture, escaped to the West and has furnished the above information. The letter pointed out that considering the circumstances, Patricia was all right. The writer continued to state that in order not to endanger Patricia's safety, no action by his group had been taken, and he further pointed out that he did not wish to disclose Patricia's exact whereabouts, as it would be pointless to attempt any diplomatic approach to the problem as the Communists are uncooperative and furthermore, Patricia has been formally charged with bank robbery. Despite all these difficulties, however, the writer stated that his group would be in a position to help the Hearsts bring their daughter back to safety.

Page two of the letter then sets forth in detail three options which are available to return Patricia and it points out that her liberation is only possible if no interference whatsoever by the Hearsts is undertaken into the group's operation. The options are set out as follows:

Option No. 1: The use of seven commando-type trained individuals to bring Patricia from Eastern Europe to the first available American Embassy in Western Europe. The fee for this operation is 435,000 (DM) German Marks, which would include the hazardous duty pay, pay-off for the contact men in the East, and necessary funds for asylum of the Eastern corroborator in Western Europe, as well as medical fees to pay for Patricia's drug withdrawal treatments while en route to the West, purchase of technical equipment, applicable wear and tear, as well as miscellaneous expenses.

Option No. 2 would include all the above-mentioned items with a chance, however, which would include that Patricia would not be turned over to the nearest American Embassy in view of outstanding warrants for her arrest, instead that she would be delivered to a discreet Swiss sanatorium where special fees would include again medical expenses such as drug withdrawal treatment but would also include the guarding of Patricia by two of the group's members for the duration of her stay at such clinic. The sum for this operation is 487,000 (DM) German Marks.

Option No. 3 would include all the above set forth items in addition to which Patricia would be furnished a foreign diplomatic passport, true and authentic, which would enable her to obtain diplomatic immunity. The letter makes mention that the additional money would be used to pay for negotiations for such a passport. The sum for this particular operation is set at 562,000 (DM) German Marks.

Page three of the letter mentions that the Hearsts would have to make a choice as to one of the previously-mentioned plans and the letter explains how they are to give notice that they have agreed to the conditions set forth in the letter.

The Hearsts are to put an ad into the "Kolner (Colonne) City Newspaper" (proper name Kolner Stadt Anzeiger), D5000 Koln 1 Breite Street 70. The ad is to be entered under real estate - business ads. The ad is to read as follows:

"American businessman wishes to purchase a home in the country of the West German Republic, possibly near the water, with a large garden, open area, bungalow style. Desireable price:.....(insert here the sum of the option you desire). Reply with photographs to Kolner Stadt Anzeiger, 5 Koln 1 Breite Street 70". The letter points out that this method should simply indicate to the group the choice the Hearsts have taken and the group would not concern themselves with any other transactions which may result from the ad. It was pointed out that if the Hearsts are interested in this particular deal, they are to immediately enter an ad upon reading this letter. It was pointed out that the ad could be entered on any day they choose, as long as it is within a week from the date of this letter. It was pointed out that \$50 should be added to the ad as it would be simpler to pay for it and a code name and false address were to be issued.

The writer then stated that should a decision on the part of the Hearsts be made, the full amount was to be paid in advance as follows:

(1) A courier, which can be trusted, is to be sent to Europe.

(2) The courier should carry the full amount in cash with him. The currency should be in West German Marks, small denominations, no consecutive serial numbers on the bills, used money, and no bank markings, such as magnetic ink or print contained on them. The courier is to fly to Frankfurt-Main to arrive no later than Tuesday, June 25, A.M.

(3) The courier should immediately, upon his arrival, rent a car from Hertz. It is recommended that it should be a Ford and is pointed out that the courier is not to forget necessary credit cards.

(4) The courier thereafter is to register at the Frankfurt Intercontinental Hotel, 6000 Frankfurt, Wilhelm-Leuschner Street 23, is to take a single room, and is to await further instructions. The letter further made remarks that all the arrangements for these particular transactions can be made prior to leaving San Francisco, and it was recommended that either Pan Am or Lufthansa be used.

Page four of the letter states further additional information for courier: (a) the courier, for the duration of his stay in Germany, is to use the code name Richard Petersen from San Francisco. If he is questioned, he is to state that he is a writer and is visiting Germany because of the World Soccer Championship being played there. (b) for the duration of his stay, he is to use the code name "Sportsman" for the mission and Patricia has been assigned the code name "Penny". (c) the name Hearst is not to be mentioned under any circumstances otherwise all contacts will be immediately broken off. (d) the courier must be in possession of a valid international driver's license, if possible with all car classifications, as well as motorcycle. He is not to have any noticeable marks or physical impediments, and he cannot be colored. He has to speak fluent German in order that he may understand all instructions properly. He must be able to deal quickly and to improvise if necessary. The courier is to follow all instructions unconditionally, and he is to be equipped with full authority by the Hearsts to act. It was pointed out that no discussion or arguments would be had with the courier, his sole function was to deliver the money. He is to act as a representative for the Hearsts. The letter ends with a notation that everything has been organized down to the smallest details and that the Hearsts are not to worry any more as to the execution of the plan.

The letter is signed [REDACTED] Russeldorf, West Germany. A notation is made indicating that should the courier be unable to get a room at the pre-designated hotel, he should nevertheless continue to contact that hotel for any necessary messages which will be left there for the contact.

Vafid Sallal
Attached to the letter is an affidavit by Vafid Sallal, who is identified as a defector of the terrorist group to which Patricia currently belongs. It is pointed out that his affidavit has been translated and was somewhat literally modified for easier reading.

On Page five the affidavit is set forth, and the writer is identified as a native Palestinian who is a former member of the Palestine terrorist group operating in Western Europe with a goal of liberating Palestine. The defector Sallal states that while a member of this group, he came in contact with a 20-23 year old female called Tania. He indicates that Tania frequently wore wigs and appeared to have severe emotional problems. She further was under the constant influence of drugs. Sallal points out that she frequently cried calling for her parents and friends, that she was frequently locked up by the leader of the group until these temperamental fits subsided. Sallal further goes on that he became a close friend of Tania, and she subsequently confided in him that her true name was Patricia, that she was an American, and that she had crossed the ocean with a double of men in a private motor yacht. She supposedly also asked Sallal whether he could help her return to her parents and she was certain her parents would pay a large sum of money for her return. Sallal indicates that this offer of money was instrumental in his final decision to leave the group and to escape to the West. He indicates that subsequent to this encounter with Patricia, they became separated by the leader of the group but indicates that he is sure Patricia is well, in view of the fact that she appears to be a valuable instrument for the team.

On Page six Sallal concludes that subsequent to his talk with Patricia, he was interviewed by the leader of the group, whose name was Ben Kalil, and his assistant, and was tortured by them as they attempted to determine what Patricia had told him. He was subsequently transported to another location and during the transport, he managed to escape. Sallal subsequently made his way to West Berlin

where he made contact with the group represented by the writer of the letter. He points out that he has had recent contact with a friend in East Germany who told him that Patricia was still a member of the group, however, due to adverse weather conditions, no photograph to substantiate that claim could be taken. The affidavit was signed Yafid Sallal, former commando sergeant of the People's Front for the Liberation of Palestine.

Discovery of Apartment Where Mr. Suarez

Was Held After His Kidnapping

C. N. R. S. Researcher and Wife

Arrested

A new development has come up in the case of the kidnapping of Mr. Balthazar Suarez. Mr. Suarez, the director of the Paris branch of the Bank of Bilbao, was kidnapped last May 3 at his residence, 41 rue du Chateau in Neuilly-sur-Seine. He was released three weeks later.

In the hours which followed his release last Wednesday, seven anarchists, as will be recalled, were apprehended in Paris and surrounding area. Their leader, Octavio Alberola, was deported from France for having attempted, in 1972, to kidnap a Spanish delegate with UNESCO. Alberola stated that he was only an intermediary in charge of transporting the demanded ransom money. Most of this money, amounting to 2,500,000 francs, was recovered by the police.

There were still a number of points that remained unclear in the investigation which the Criminal Brigade had pursued under a commission rogatory from Judge Alain Bernard. In particular, it was still unknown as to where Mr. Suarez had been confined.

Torn and Reassembled Papers

The police set about finding the clandestine hideouts of the conspirators, particularly Alberola's. One of them was located in a

large town of the Loire-Atlantique (France) region, in La Bernerie-en-Retz. The occupants of the hideout, located by the inspectors, had gone, taking just enough time to tear up some papers. These papers were patiently reassembled, and thus a telephone number was discovered. This number was that of Mr. Arnauld Chastel, age 29, a research attache with the C.N.R.S. (National Council for Scientific Research), belonging to the theoretical physics center of the polytechnical school.

At the residence on 91 rue Broca (Paris 20), where he lived, the men of Commissioner Ottavioli, Chief of the Criminal Brigade, immediately noticed the staircase leading to the second floor: a wooden, circular staircase, some of whose steps squeaked under the feet, similar to the one which Mr. Suarez had described.

The director of the Bank of Bilbao was taken to see the house on rue Broca. Not only did he recognize the staircase, but other things as well: the room where, stripped of all his clothing and wearing only pajamas, he had lived for nineteen days. He had even groped his way, blindfolded, and without any hesitation, to the wash basin he had used. He also recognized the barking of a dog, and the loud crying of a child.

Several Points Cleared Up

In the room, the investigators discovered, tied to a window looking out onto the courtyard, the piece of rope which was to be used for the escape of those guarding Mr. Suarez, if the need arose. The police officers then discovered that Mr. Chastel and his wife had moved in late April, a few days before the kidnapping of the bank official. Mr. and Mrs. Chastel moved to 44 rue des Arcades, Paris (20), still, all the while keeping the apartment on rue Broca. They learned that Lucio Urtubia, a tile setter, one of the kidnappers, had done some work for Mr. Chastel, and had helped him with the moving.

Despite all this evidence, Mr. Chastel stated to the investigators: "It is impossible that Mr. Suarez could have been held at my house. I went there on several occasions with my wife between May 3 and 7, and we did not notice anything abnormal."

Yet, on that date, Mr. Suarez was there, with three guards, which quite obviously implies a certain moving about. The fact that Mr. Chastel had not noticed it resulted in himself and his wife, Chantal, age 34, being taken yesterday evening to Court. His wife told the same story as he did.

Thus, some mysterious points about this case have been cleared up: doubtlessly Alberola seems to have been chiefly responsible for the kidnapping; the recovered ransom money was definitely paid to Mrs. Suarez by the Bank of Bilbao to be handed over to the kidnappers.

But is the investigation closed? Have the culprits' identities been revealed and above all, was the instigator among those who were apprehended? The answer to this is not so certain.

Découverte de l'appartement où a été séquestré Suarez

Un chercheur du C.N.R.S. et sa femme arrêtés

NOUVEAU rebondissement dans l'affaire du rapt de M. Balthazar Suarez, le directeur de l'agence parisienne de la Banque de Bilbao, enlevé le 3 mai dernier à son domicile, 41, rue du Château, à Neuilly-sur-Seine, et libéré trois semaines plus tard.

Dans les heures qui suivirent cette libération, mercredi dernier, sept anarchistes, on s'en souvient, étaient appréhendés à Paris et en province. Leur chef, Octavio Alberola, expulsé de France pour avoir tenté d'enlever en 1972 un délégué espagnol auprès de l'UNESCO, affirma qu'il n'était qu'un intermédiaire chargé de transporter la rançon réclamée. Celle-ci, 2.500.000 F, fut retrouvée en grande partie par la police.

Il restait plusieurs points obscurs dans l'enquête que la brigade criminelle poursuivait sur commissions rogatoires du juge Alain Bernard. En particulier, on ne savait toujours pas où M. Suarez avait été séquestré.

Papiers déchirés et recollés

Les policiers s'attachèrent à découvrir les domiciles clandestins des conjurés, notamment ceux d'Alberola. L'un d'eux se situait dans un gros village de Loire-Atlantique, La Bernerie-en-Retz. Les occupants du logement que visitèrent les inspecteurs étaient partis en prenant tout juste le temps de déchirer quelques papiers. Ceux-ci furent patiemment recollés et l'on découvrit ainsi un numéro de téléphone qui était celui de M. Arnaud Chastel, 29 ans, attaché de recherches au C.N.R.S., appartenant au centre de physique théorique de l'école polytechnique.

Au numéro 91, de la rue Broca (20e) où il habitait, les collaborateurs du commissaire Ottavio, chef de la brigade criminelle, remarquèrent immédiatement l'escalier qui menait au deuxième étage : un escalier en bois, circulaire, dont certaines marches craquaient sous les pas, semblable à celui que M. Suarez avait décrit.

Le directeur de la Banque de Bilbao fut conduit rue Broca. Il reconnut cet escalier, mais bien d'autres choses aussi : la pièce où

dépouillé de tous ses vêtements et revêtu seulement d'un pyjama il avait vécu durant dix-neuf jours, les larmes où les yeux bandés, il se rendit de nouveau à tâtons sans aucune hésitation, et aussi les aboiements d'un chien et les cris d'un enfant.

Plusieurs points éclaircis

Les enquêteurs ont découvert dans la pièce, à une fenêtre donnant sur la cour, la corde destinée à assurer la fuite des gardiens de M. Suarez en cas de besoin. Les policiers découvrirent ensuite que M. Chastel et son épouse avaient déménagé fin avril, quelques jours avant le rapt du banquier, pour aller habiter 44, rue des Arcades (20e), tout en conservant cet appartement de la rue Broca. Ils apprirent que Lucio Urtubia, carreleur à Glichy, l'un des ravisseurs, avait effectué des travaux chez lui, et l'avait aidé à déménager.

Malgré ce faisceau de preuves M. Chastel déclara aux enquêteurs : « Il est impossible que M. Suarez ait été séquestré chez moi. J'y suis allé à plusieurs reprises avec ma femme entre le 3 et le 7 mai, et nous n'y avons rien vu d'anormal. »

A cette date pourtant, M. Suarez était là, avec trois gardiens, ce qui implique de toute évidence un certain remue-ménage. Que M. Chastel ne l'ait pas remarqué lui a valu d'être détérioré hier soir au Parquet ainsi que son épouse, Chantal, âgée de 34 ans, qui avait adopté la thèse de son mari.

Voici donc éclaircis plusieurs points mystérieux de cette affaire : Alberola semble bien avoir été l'auteur principal de l'enlèvement ; la rançon retrouvée avait bien été versée à Mme Suarez par la Banque de Bilbao pour être remise aux ravisseurs.

Mais l'enquête est-elle close ? Tous les auteurs ont-ils été démasqués et l'instigateur surtout était-il parmi ceux qui ont été appréhendés, c'est moins sûr.

How a chance to trace Patty was missed

By Larry Hatfield

The FBI apparently missed a "fantastic" chance to trace and possibly rescue Patricia Hearst from her kidnapers only 25 days after she was kidnaped, various sources revealed yesterday.

"They had a near-perfect chance and they blew it," said one top local investigator who, like other local authorities involved in the case, was not told the circumstances of the possible rescue until well after it had been missed.

A top Oakland police investigator in the case called the missed chance "fantastic" and still another investigator in the case said angrily:

"This is typical of the way this case has been bungled from the start. The vaunted investigative resources of the FBI have been as effective as a cub scout troupe."

This source, like other local authorities in the case, was critical of the FBI's reluctance to share information.

The link that might have led police to Miss Hearst, who then had not adopted the revolutionary name "Tania" and joined her captors in the Symbionese Liberation Army, was a bank right across the street from the FBI's Berkeley office.

At least two of the SLA kidnapers had accounts in the Central Bank at 2187 Shattuck Ave. One of them, Camilla Hall, withdrew her entire account even after the FBI was aware that she and Nancy Ling Perry both had money in the bank located a block from the University of California campus where Miss Hearst was a student.

The new and embarrassing revelations were reported in today's editions of the Chicago Tribune and were confirmed by local investigators.

The FBI declined comment. FBI Director Clarence Kelly was unavailable for comment in Washington, D.C., and special agent Charles Bates, head of the Hearst investigation in San Francisco, also was "out of town."

A spokesman in the San Francisco FBI headquarters said, "The only response is no response. The people in charge say they want a chance to read and evaluate the story. That response will probably hold through Monday at least."

Toni Draken, the number three FBI agent here, was reached by The Examiner but he, too, declined comment.

According to the Tribune, the FBI discovered the Hall and Perry accounts on Feb. 25, three weeks after the kidnapping.

On March 1, Camilla Hall entered the bank and, despite an arrangement with bank employees to stall her until the FBI could cross the street, withdrew the \$1,585 in her account and walked out unhindered.

Fred Rowley, manager of the bank, said yesterday, "They (Hall and Perry) did business with us from time to time but that's all I can tell you."

He said he didn't know whether the bank was staked out but official sources in the case indicated it was not.

After discovering the accounts, the FBI arranged with

Rowley and other bank officials to notify investigators if either Miss Perry or Miss Hall showed up.

"It was not really an error of the FBI," said one investigator. "It was a bank error. The teller (who gave Miss Hall the money) just failed to notify the FBI."

There were different versions of exactly what happened when the 22-year-old daughter of a minister entered the bank.

The Tribune reported that she was able to withdraw her money despite a "stop" order next to her account number which would have required that Rowley be alerted before any transaction could be completed.

The newspaper said Rowley told investigators he did not reveal to other bank employees the reason for the stop order because he was afraid employees would talk about it and word would get back to Miss Hall.

Rowley, however, denied to The Examiner yesterday that any stop order was put on Miss Hall's account. He did confirm that he discussed the matter with the FBI before Miss Hall withdrew her money but he refused to elaborate.

Patiah Lambert, the teller who handled the transaction, and Nahl Hassa, the operations manager who approved the withdrawal, were not available to discuss the incident yesterday. Another source, however, said that neither apparently knew that Miss Hall was a suspect in the Hearst kidnapping and did not know that the FBI was to be notified.

Mrs. Lambert reportedly later told FBI agents that Miss Hall appeared nervous and hurried during the incident. She stuffed the money into blue Levi's and commented she was "afraid" to carry that much money in Berkeley.

Mrs. Lambert, who had waited on Miss Hall in the past, also reportedly told investigators that Miss Hall's normally short hair was longer and worn in a shaggy style.

The incident rekindled resentment which has frequently been expressed privately by local investigators against the handling of the case by the FBI.

An Oakland police official and top investigator in the slaying of Oakland Schools Supt. Dr. Marcus Foster, for which the SLA claimed responsibility, said knowledge of the Berkeley bank connection "might have helped" his investigation.

"But what the FBI told me, they told me after these sort of things happened," said this source. "It was a fantastic chance, but we didn't know anything about it until after the play took place and the whole thing fell apart."

"It was a shame but I can't really blame the FBI per se. Maybe the point was not driven home enough (to bank employees). The FBI did ask bank officials for help but I don't know how forceful the request was."

This official also said the FBI does not keep local authorities adequately tuned in to the progress in the case.

"The FBI is supplying us with their reports after the report is made," the official added, "which could be anywhere from days to weeks. We don't necessarily know what the FBI knows on a day to day basis. If we did, it could help our own investigations."

"They might get something they don't really understand because it doesn't relate to their part of the case but that information could be important to our phase of the investigation."

An investigator in another phase of the case added: "We share our information but the FBI doesn't share theirs. The Berkeley police didn't even know about this bank thing until the whole thing was cold."

"The time they should have been told was on Feb. 23 when the trail was hot . . . that's the day the FBI subpoenaed the bank records and knew that Nancy Perry and the Hall girl had money in there."

Local authorities also were critical of the FBI's failure to stake out the bank. The Tribune quoted one source close to the investigation as saying: "It would have been only logical to put one hell of a surveillance on that bank . . . any one of a dozen departments would have jumped at the chance to watch that bank inside and out, night and day."

The apparent FBI slip is not the first, investigators said. Miss Hall's 1968 Volkswagen was used in the kidnaping and was later sold to a used car dealer who resold it.

The buyer, who was driving the car while the FBI was scouring the entire West for the vehicle, was a secretary in the San Francisco headquarters of the FBI, the office that was heading the search.

Miss Hall, Miss Perry and four other SLA members died in a May 17 shootout in Los Angeles. Miss Hearst and two other suspected SLA members, Bill and Emily Harris, are still fugitives.

However, some handwriting differences were observed in comparing

[REDACTED] UNIVERSITY OF CALIFORNIA AT LOS ANGELES (UCLA) POLICE DEPARTMENT, ADVISED THAT DURING A ROUTINE CHECK OF LOCKERS ON THE UCLA CAMPUS, A LARGE CACHE OF WEAPONS AND AMMUNITION WAS FOUND. THE WEAPONS WERE LOCATED IN A GROUP OF LOCKERS IN THE BASEMENT OF THE UCLA ENGINEERING BUILDING. THE ITEMS FOUND INCLUDED, [REDACTED] SEMI-AUTOMATIC RIFLES, BAYONETS, SHOTGUNS, CARBINES, A FLAK-JACKET, TRACER AMMUNITION AND ARMOR PIERCING AMMUNITION. [REDACTED]

[REDACTED] HAS ADMITTED OWNERSHIP OF THESE ITEMS. [REDACTED] IS A FORMER UCLA POLITICAL SCIENCE STUDENT HAVING LAST OFFICIALLY BEEN ENROLLED IN UCLA DURING 1966.

IT HAS BEEN DETERMINED THAT [REDACTED] SIMPLY ENTERED THE BUILDING AT UCLA AND PLACED THE WEAPONS IN THE LOCKERS, USING HIS OWN LOCKS TO SECURE THEM. SINCE THERE IS NO SYSTEM USED AT UCLA FOR DISTRIBUTION OF THE LOCKERS [REDACTED] OCCUPANCY OF THEM WAS NEVER QUESTIONED. SINCE LEAVING UCLA, [REDACTED] ADVISED THAT HE HAS BEEN UNEMPLOYED FOR THE MOST TIME BUT HAS BEEN EMPLOYED AS A TAXI DRIVER FOR SHORT PERIODS OF TIME.

END PAGE THREE

WHEN CONTACTED, [REDACTED] ALLOWED UCLA POLICE DEPARTMENT OFFICERS TO ENTER HIS RESIDENCE, [REDACTED] NORTH HOLLYWOOD, CALIFORNIA. HE WAS OBSERVED TO HAVE QUANTITIES OF LITERATURE DESCRIBED AS MARXIST-ORIENTED, AS WELL AS NUMEROUS DOCUMENTS AND BOOKS RELATING TO GUERRILLA WARFARE. [REDACTED] STATES THAT HE IS NOT ALIGNED WITH ANY SUBVERSIVE GROUP OR ORGANIZATION. HE CLAIMS THAT HE IS SIMPLY A GUN COLLECTOR. HIS INTEREST IN REVOLUTIONARY LITERATURE STEMS FROM HIS STUDIES IN THE POLITICAL SCIENCE FIELD IN WHICH HE HOLDS A MASTERS DEGREE.

RECORDS OF THE LOS ANGELES OFFICE REVEALS THAT ON MAY 2, 1966, INFORMATION WAS RECEIVED THAT [REDACTED] NORTH HOLLYWOOD, CALIFORNIA, WAS ON THE MAILING LIST FOR THE STUDENTS OF A DEMOCRATIC SOCIETY. [REDACTED] INDICATED [REDACTED] IS A MALE CAUCASIAN BORN [REDACTED] HE STATED THAT AN NCIC AND STOLEN CHECK IS BEING DONE REGARDING EACH OF THE WEAPONS RECOVERED AND IF INFORMATION IS DEVELOPED THAT [REDACTED] HAS VIOLATED A CRIMINAL STATUTE, APPROPRIATE ACTION WILL BE TAKEN.

INVESTIGATION FAILS TO LINK [REDACTED] WITH THE SLA OR THE FUGITIVES.

MEL'S SPORTING GOODS STORE, 11425 SOUTH CRENSHAW BOULEVARD, INGLEWOOD, CALIFORNIA, WAS BURGLARIZED DURING EARLY MORNING HOURS OF JUNE 30, 1974. THIS IS THE STORE WHERE WILLIAM AND EMILY HARRIS AND PATRICIA HEARST ENGAGED IN AN ALTERCATION WITH POLICE. [REDACTED] INGLEWOOD POLICE DEPARTMENT, ADVISED THE ALARM SOUNDED AT 4:14 A.M. AT THE STORE AND RESPONDING OFFICERS DISCOVERED THE STORE HAD BEEN ENTERED THROUGH A REAR WINDOW. THE PADLOCK SECURING AN IRON GATE COVERING THE WINDOW HAD BEEN REMOVED, THE WINDOW SMASHED AND ENTRY GAINED.

[REDACTED] MEL'S SPORTING GOODS STORE, ADVISED THAT ONE SHOTGUN, ONE RIFLE, SOME .45 CALIBER AMMUNITION, TWO PAIR OF BINOCULARS AND FOUR HUNTING KNIVES, WITH A TOTAL VALUE OF \$399.65 WERE TAKEN IN THE BURGLARY. THE HUETTS STATED THE BURGLARS HAD ACCESS TO MUCH MORE VALUABLE MERCHANDISE BUT FAILED TO TAKE ANY OF IT. THEY STATED THE NEWS REPORTS BEING CARRIED INDICATING THAT HANDGUNS AND NUMEROUS RIFLES HAD BEEN TAKEN WAS AN EXAGGERATION BY THE PRESS. THE COMMERCIAL ~~COMMERCIAL~~ BURGLARY PROBABLY COMMITTED BY JUVENILES.

[REDACTED] STATED APPROXIMATELY ONE WEEK AGO STEVEN WEED, FIANCE OF PATRICIA HEARST, HAD VISITED THEM AT THEIR STORE. HE INDICATED HE WAS VISITING ALL THE PLACES WHERE

END PAGE FIVE

PAGE SIX

HE KNEW PATRICIA HEARST HAD BEEN. HE TOLD [REDACTED] THAT WHENEVER PATRICIA HEARST IS APPREHENDED SHE WILL CLAIM AS HER DEFENSE THAT SHE WAS INSANE DUE TO NEGLIGENCE ON THE PART OF HER PARENTS WHEN SHE WAS A CHILD. WEED STATED PATRICIA HEARST HAD BEEN SENT TO SPECIAL SCHOOLS BECAUSE OF HER BEHAVIORAL PROBLEMS.

[REDACTED] DETECTIVE DIVISION, INGLEWOOD POLICE DEPARTMENT, ADVISED THERE WAS NO REASON TO BELIEVE THE BURGLARY AT MEL'S SPORTING GOODS STORE WAS OTHER THAN A ROUTINE COMMERCIAL BURGLARY. HE STATED THE ITEMS TAKEN WERE RELATIVELY INEXPENSIVE AND THERE DID NOT APPEAR TO BE ANY ATTEMPT TO REMOVE LARGE AMOUNTS OF WEAPONS OR AMMUNITION. HE STATED SHOULD ANY NEW INFORMATION REGARDING THIS INCIDENT COME TO LIGHT HE WOULD CONTACT THE FBI.

[REDACTED] STATED THAT [REDACTED] AS ARRESTED BY THE LAPD ON MARCH 7, 1974 FOR SPRAYING SLOGANS REGARDING THE WOMEN'S LIBERATION MOVEMENT ON THE STATE BUILDING, LOS ANGELES, CALIFORNIA. [REDACTED] NOTED THE STATE BUILDING IS THE SAME IN WHICH THE OFFICES OF CALIFORNIA ATTORNEY GENERAL EVELLE YOUNGER WERE BOMBED.

DURING THE SEARCH OF [REDACTED] RESIDENCE, [REDACTED] CALIFORNIA, NUMEROUS PAMPHLETS CONCERNING CUBA, VIET NAM, CENTRAL AMERICA AND ~~WESTERN~~ WERE LOCATED. AMONG HIS POSSESSIONS WAS ALSO LOCATED A LONG, TYPED DOCUMENT WHICH APPEARS TO BE A WEATHER UNDERGROUND COMMUNIQUE. THE COMMUNIQUE, WHICH IS VERY LENGTHY, BEGINS WITH A QUOTE OF A PORTION OF THE STATEMENT MADE BY "CINQUE" DATED ^{FEBRUARY} ~~REDACTED~~ 21, 1974. IT IS ADDRESSED TO "SISTER AND BROTHERS." THE ENTIRE DOCUMENT DISCUSSES THE SLA AND THE KILLING OF ITS MEMBERS IN LOS ANGELES BY POLICE AUTHORITIES ON MAY 17, 1974. IT SPEAKS OF ^{THE} ~~THE~~ ARMED STRUGGLE BEGUN BY THE SLA AND PATRICIA HEARST'S KIDNAPPING AS PART OF THAT FIGHT. THE PURPOSE OF THE DOCUMENT APPEARS TO BE TO CONVINCE OTHERS TO CONTINUE THE SLA'S STRUGGLE AND TO HELP THE SLA FUGITIVES.

END PAGE SEVEN

PAGE EIGHT

THE LAST PARAGRAPH OF THE DOCUMENT IS AS FOLLOWS:

"FINALLY, MANY MEMBERS OF THE SLA ARE STILL FREE. THEY MUST BE DEFENDED, PUBLICALLY AND PRIVATELY. ANYONE WHO IS IN A POSITION TO HELP THEM DIRECTLY SHOULD GIVE THEM ENCOURAGEMENT, SUPPORT, SHELTER, AND LOVE. EMPTY YOUR POCKETS. STRUGGLE WITH THEM. LEARN FROM THEM. WE MUST PROTECT OUR FIGHTERS." IT IS SIGNED "WEATHER UNDERGROUND" WITH THREE HALF CIRCLES WITH A LIGHTENING BOLT THROUGH THEM DRAWN UNDERNEATH.

[REDACTED] RELATED THAT [REDACTED] IS CURRENTLY CHARGED WITH POSSESSION OF MARIJUANA AND HAS BEEN UNCOOPERATIVE REGARDING INTERVIEW.

LOS ANGELES WILL CONTINUE CONTACT WITH [REDACTED] REGARDING [REDACTED] AND CONDUCT INVESTIGATION TO DETERMINE IF [REDACTED] MAY HAVE INFORMATION REGARDING PATRICIA HEARST OR THE HARRISES.

On 7/3/74, at 3:31 a.m., a man identifying himself as [redacted] telephonically contacted FBIHQ from the Franklin Park, Illinois, City Jail, where he advised he had been incarcerated for two hours being charged with not paying \$17 to a cab driver. [redacted] advised that at approximately 12:00 Mid-night, this date, he had helped capture [redacted] who he identified as "the professional football player." He said that [redacted] was currently being held by the Cook County Sheriff's Office, Chicago, under the alias of Mr. T. Chicago and that [redacted] was also in possession of a driver's license bearing the last name of White. [redacted] also accused [redacted] of being the "head of the SLA in Chicago."

[redacted] in a surly manner stated that at the very least the FBI could bring him a package of cigarettes and get the details as to where the SLA is located in Chicago from him. He also advised that he had in an earlier call notified the Chicago Tribune of this information. When asked if he had furnished this information to the Chicago Office of the FBI, he stated he had not on this occasion but previously had tried to furnish information about the Hearst kidnaping and was unsuccessful and this time he thought he would contact Washington and start from the top down.

Apparently, [redacted] terminated his conversation and [redacted] Franklin Park Police, advised that [redacted] had been arrested at 11:36 p.m., 7/2/74, under the official charge of theft of services for failure to pay a \$17.85 cab fare.

II

At this point, [redacted] Franklin Park Police, telephone number 678-2444, advised that [redacted] had asked to call an attorney and instead decided to call FBIHQ. [redacted] stated in his opinion [redacted] "needs mental help." [redacted] said [redacted]

claimed to know where Patricia Hearst was located and although talking like an individual of some intelligence, he felt [REDACTED] was not a well man. [REDACTED] also advised that [REDACTED] had furnished foregoing information to the Chicago Tribune as to having information concerning the Hearst kidnaping and SLA matters in general. He said that [REDACTED] needs to pay a \$100 bond to be released and that the Franklin Park Police had called the Rosemont, Illinois, Police Department, for additional information concerning [REDACTED] since it was reported that he was wanted in the Rosemont area for possible charge of defrauding an innkeeper. [REDACTED] furnished the following descriptive data concerning [REDACTED]
[REDACTED]

Subsequently, Special Agent (SA) [REDACTED] Night Duty Agent, Chicago Office, was advised of the above and was instructed to telephonically determine from Cook County authorities as to possible arrest of [REDACTED] during the previous few hours.

Thereafter, SA [REDACTED] advised he had determined through Cook County authorities there was no record of any arrests under any of the names furnished above. SA [REDACTED] advised that he was further arranging for the interview of [REDACTED] at the Franklin Park City Jail and FBIHQ would be advised of any pertinent information.

On basis of data furnished, arrest records of Identification Division are negative concerning [REDACTED] Bureau files being reviewed for any information that may relate to [REDACTED]

[REDACTED] described the woman as being approximately 19 years of age and the same height and build as she is. She stated that she herself is 5' 3" and weighs 111 pounds. She said that the woman had shoulder-length brown hair and dark eyes.

At approximately 1:00 PM, 6/10/74, [REDACTED] was on duty when a young lady appeared at the store and asked her in a very quiet voice to give an envelope to the girl who works nights. Miss

An anonymous letter was received at FBIHQ June 11, 1974, posted June 8, 1974, at New Paltz, New York, as follows:

"Hello Again, F heads. Let the people be heard! They will not tolerate your massacre on 54th Street, nor shall we. When you least expect it we will strike and kill one pig for each SLA member who died. You are mistaken if you think you have wiped out the core of our army, or that Cinque was the leader. Just ask your friends at Vacaville whom they think might be the leader of the SLA, and if they mention a woman, don't be surprised. ***Don't bother to search for Tania in California*** Death to the fascist insects who prey on the lives of the people, Hollande"

Hearnap indices negative. Appropriate latent fingerprint and Laboratory examinations being conducted.

San Francisco will note recent police shooting of Chief of Police William M. Cann, Union City, California, on June 11, 1974, and consider possibility of instant threat being related.

FBI Missed Good Chance to Rescue Her

By RONALD KOZIO

Berkeley, Calif., June 29—The FBI missed an excellent chance to rescue Patricia Hearst on March 1, only 25 days after she was kidnapped.

This was a time when she still was apparently being held against her will. It was not until early April that the 20-year-old San Francisco newspaper heiress renounced her family and said she was joining her captors in a life of urban guerrilla warfare.

From interviews and secret government documents, the Chicago Tribune discovered that all the FBI had to do to find Patty was to keep watch on the Berkeley bank where agents knew several of her Symbionese Liberation Army kidnapers had checking accounts.

Among the members with accounts in the bank were Camilla Hall and Nancy Ling Perry, both of whom died in last month's shootout with police in Los Angeles.

The FBI discovered the existence of the bank accounts Feb. 25 in the course of investigating the Hearst kidnaping. A stakeout would have paid off within four days, because on March 1, Miss Hall entered the bank, withdrew the \$1,565 in her account, and walked out again, records show.

Had she been followed, authorities are convinced that Miss Hall, 29, would have led agents to the hideout where Patty then was being held.

But instead of posting agents in the bank, the FBI apparently depended on bank manager Fred Rowley to notify them if any Symbionese army members showed up. Through a mixup, Rowley failed to alert the FBI when Miss Hall appeared.

The Symbionese group thus got additional time to brainwash Patty into adopting their terrorist views. Public statements attributed to Patty indicate she was persuaded that she had been abandoned by her family and by authorities.

The bank that required watching was the Central Bank at 2187 Shattuck Ave., Berkeley, which

is across the street from the Berkeley office of the FBI at 2150 Shattuck Ave.

Miss Hall's money was withdrawn despite a stop order next to her account number, G-54806. This meant that Rowley was to be notified before any transaction could take place on the account.

Yet Rowley did not learn of the March 1 withdrawal until March 4, when he notified the FBI.

Bank employees questioned later said they thought the stop order was only for checks to Miss Hall written by her father, the Rev. George Hall, pastor of St. John's Lutheran Church in Lincolnwood, Ill. They did not explain what gave them this notion.

We did not know of this point investigation at the time

Q1572-Q1584 Thirteen cartridges removed from clip (1)

K46 .22 Long Rifle caliber, High Standard pistol, Model
SK-100 "Sport King," Serial Number 509306

K47 Realistic cassette recorder, Model CTR-26, Serial
Number 11355547 (2)

K48 Realistic cassette recorder, Model CTR-26, Serial
Number 11361888 (3)

K49 Realistic power cord and transformer Model 14-854 (4)

K50 Microphone (5)

K51 Ear plug (6)

K52-K53 Two unused "Scotch brand C-120" cassettes

K54 Polaroid Land camera, Model SX-70, Serial Number
L305215523

K55 Unexposed Polaroid film pack

Result of examination:

The results of the examination of the cassette
and cassette recorder are being reported separately.

Specimens Q1570 and Q1571 are .30 Carbine caliber
cartridges of Winchester-Western manufacture which have been
loaded with copper-jacketed, hollow soft-pointed bullets. No
distinguishable mechanism marks were noted on these cartridges.

No cyanide was identified in the white residues on
the nose area and in the hollow points of the Q1570 and Q1571
cartridges.

Specimens Q1572 through Q1584 are .20 Carbine caliber cartridges which have been loaded with copper-jacketed, soft point bullets. Marks present on the primers of the Q1572 through Q1584 cartridges were identified as having been produced by the same source as marks present on the primers of the Q197 and Q199 cartridge cases and Q206 cartridge recovered inside the Milburnia Bank described in Laboratory Report PC-K6938 PR JA, dated April 29, 1974 and the Q1043 cartridge case from the hallway closet at 1827 Golden Gate Avenue described in Laboratory Report PC-K7449 PR, dated May 24, 1974. This source is most likely a primer seating tool utilized in the reloading of these cartridges and cartridge cases.

The "LC 52" headstamp present on specimen Q1572, the "LC 53" headstamp present on specimens Q1573 through Q1578 and the "LC 54" headstamp present on specimens Q1576 through Q1584 indicate the cartridge case portions of these specimens were originally manufactured for military use by the Lake City Ordnance Plant, Independence, Missouri.

There are presently no specimens maintained in the National Unidentified Ammunition File which could have been fired by the K46 pistol. Test bullets and cartridge cases obtained from specimen K46 are being placed in the Reference Fired Specimen File where they will be available for future comparison purposes.

The Polaroid SX-70 Land Camera (K54) cannot be identified with individual photographs exposed in an individual camera. Specimens Q173 through Q1519 and Q1520 previously submitted were exposed in a camera like K54.

The K35 Polaroid film pack bears the number 07407261 and the notation "Use Before June 1974." The developing pod attached to one of the photographs is numbered 81A009. These numbers on one of the previously submitted Polaroid prints, Q1519. There were no numbers remaining on other previously submitted Polaroid prints, Q173 and Q1520.

All the above-listed specimens are being retained in the Laboratory for future comparison purposes.

According to the Director's routing slip 7-1-74, [REDACTED]

[REDACTED] called in the absence of the Director and left a message that "I've been working on the Tribune, but after the fact." [REDACTED] indicated that the message relates to some articles on the FBI that the Chicago Tribune had printed. The Director inquired, "What is this?"

SAC Richard G. Held of the Chicago Office informed me earlier today that the Sunday, 6-30-74, edition of the Chicago Tribune carried a page 1 headline, "FBI Bungles Chance to Find Patty Hearst." This article referred to the fact that SLA member Camilla Hall was known to have a bank account containing \$1500. The article indicated that rather than "staking out" the bank the FBI had merely arranged to be notified of any transactions in the account. Through an inadvertent mix-up, the bank failed to notify FBI, San Francisco, until a week after Hall withdrew the funds on 3-1-74. In today's Chicago Tribune an article in effect accuses the FBI of sloppy work for having failed to locate cyanide tipped bullets in the apartment from which Patty Hearst was kidnaped during its first search of the premises.

Both articles are written by Ronald Koziol of the Chicago Tribune News Service in Berkeley, California.

With regard to the story concerning the bank account, even if we had agents "staked out" at the bank we would still have to rely upon notification from a bank official that a transaction was taking place. Therefore, the "bungling" was by a bank official, not by FBI, San Francisco.

ENCLOSURE With regard to the second story concerning the cyanide tipped bullets, the first thorough search of the apartment was conducted by the Berkeley Police Department on 2-4-74 and it was they who failed to find the bullets. FBI, San Francisco, actually located the bullets on its first search of the apartment on 2-5-74.

Re: HEARNAP

Koziol in his article states that his information is based upon interviews and secret Government documents. The San Francisco Office and the External Affairs Division have naturally refused to comment concerning these matters. SAC Bates states he strongly suspects that a [REDACTED] on the Oakland Police Department is leaking information in this case to the press. San Francisco has been disseminating written reports of its investigation to police departments involved in the case. SAC Bates intends to take up the problem of leaks with area police chiefs.

It is probable that [REDACTED] intended to indicate that in "working on the Tribune" he hopes to attain a more balanced type of reportage on FBI investigations.

How a chance to trace Patty was missed

By Larry Hatfield

The FBI apparently missed a "fantastic" chance to trace and possibly rescue Patricia Hearst from her kidnapers only 25 days after she was kidnaped, various sources revealed yesterday.

"They had a near-perfect chance and they blew it," said one top local investigator who, like other local authorities involved in the case, was not told the circumstances of the possible rescue until well after it had been missed.

A top Oakland police investigator in the case called the missed chance "fantastic" and still another investigator in the case said angrily:

"This is typical of the way this case has been bungled from the start. The vaunted investigative resources of the FBI have been as effective as a cub scout troupe."

This source, like other local authorities in the case, was critical of the FBI's reluctance to share information.

The link that might have led police to Miss Hearst, who then had not adopted the revolutionary name "Tania" and joined her captors in the Symbionese Liberation Army, was a bank right across the street from the FBI's Berkeley office.

At least two of the SLA kidnapers had accounts in the Central Bank at 2187 Shattuck Ave. One of them, Camilla Hall, withdrew her entire account even after the FBI was aware that she and Nancy Ling Perry both had money in the bank located a block from the University of California campus where Miss Hearst was a student.

CAMILLA HALL - BANK A-C

ENCLOSURE

The new and embarrassing revelations were reported in today's editions of the Chicago Tribune and were confirmed by local investigators.

The FBI declined comment. FBI Director Clarence Kelly was unavailable for comment in Washington, D.C., and special agent Charles Bates, head of the Hearst investigation in San Francisco, also was "out of town."

A spokesman in the San Francisco FBI headquarters said, "The only response is no response. The people in charge say they want a chance to read and evaluate the story. That response will probably hold through Monday at least."

Tom Drucken, the number three FBI agent here, was reached by The Examiner but he, too, declined comment.

According to the Tribune, the FBI discovered the Hall and Perry accounts on Feb. 25, three weeks after the kidnapping.

On March 1, Camilla Hall entered the bank and, despite an arrangement with bank employees to stall her until the FBI could cross the street, withdrew the \$1565 in her account and walked out unhindered.

Fred Rowley, manager of the bank, said yesterday, "They (Hall and Perry) did business with us from time to time but that's all I can tell you."

He said he didn't know whether the bank was staked out but official sources in the case indicated it was not.

After discovering the accounts, the FBI arranged with

A missed chance to trace Patty

—From Page 1

Rowley and other bank officials to notify investigators if either Miss Perry or Miss Hall showed up.

"It was not really an error of the FBI," said one investigator. "It was a bank error. The teller (who gave Miss Hall the money) just failed to notify the FBI."

There were different versions of exactly what happened when the 29-year-old daughter of a minister entered the bank.

The Tribune reported that she was able to withdraw her money despite a "stop" order next to her account number which would have required that Rowley be alerted before any transaction could be completed.

The newspaper said Rowley told investigators he did not reveal to other bank employees the reason for the stop order because he was afraid employees would talk about it and word would get back to Miss Hall.

Rowley, however, denied to The Examiner yesterday that any stop order was put on Miss Hall's account. He did confirm that he discussed the matter with the FBI before Miss Hall withdrew her money but he refused to elaborate.

Patiah Lambert, the teller who handled the transaction, and Nahl Hassen, the operations manager who approved the withdrawal, were not available to discuss the incident yesterday. Another source, however, said that neither apparently knew that Miss Hall was a suspect in the Hearst kidnaping and did not know that the FBI was to be notified.

Mrs. Lambert reportedly later told FBI agents that Miss Hall appeared nervous and hurried during the incident. She stuffed the money into blue Levi's and commented she was "afraid" to carry that much money in Berkeley.

Mrs. Lambert, who had waited on Miss Hall in the past, also reportedly told investigators that Miss Hall's normally short hair was longer and worn in a shaggier style.

The incident rekindled resentment which has frequently been expressed privately by local investigators against the handling of the case by the FBI.

An Oakland police official and top investigator in the slaying of Oakland Schools Supt. Dr. Marcus Foster, for which the SLA claimed responsibility, said knowledge of the Berkeley bank connection "might have helped" his investigation.

"But what the FBI told me, they told me after these sort of things happened," said this source. "It was a fantastic chance, but we didn't know anything about it until after the play took place and the whole thing fell apart."

"It was a shame but I can't really blame the FBI per se. Maybe the point was not driven home enough (to bank employees). The FBI did ask bank officials for help but I don't know how forceful the request was."

This official also said the FBI does not keep local authorities adequately tuned in to the progress in the case.

"The FBI is supplying us with their reports after the report is made," the official added, "which could be anywhere from days to weeks. We don't necessarily know what the FBI knows on a day to day basis. If we did, it could help our own investigations."

"They might get something they don't really understand because it doesn't relate to their part of the case but that information could be important to our phase of the investigation."

An investigator in another phase of the case added: "We share our information but the FBI doesn't share theirs. The Berkeley police didn't even know about this bank thing until the whole thing was cold."

"The time they should have been told was on Feb. 25 when the trail was hot . . . that's the day the FBI subpoenaed the bank records and knew that Nancy Perry and the Hall girl had money in there."

Local authorities also were critical of the FBI's failure to stake out the bank. The Tribune quoted one source close to the investigation as saying: "It would have been only logical to put one hell of a surveillance on that bank . . . any one of a dozen departments would have jumped at the chance to watch that bank inside and out, night and day."

The apparent FBI slip is not the first, investigators said. Miss Hall's 1968 Volkswagen was used in the kidnaping and was later sold to a used car dealer who resold it.

The buyer, who was driving the car while the FBI was scouring the entire West for the vehicle, was a secretary in the San Francisco headquarters of the FBI, the office that was heading the search.

Miss Hall, Miss Perry and four other SLA members died in a May 17 shootout in Los Angeles. Miss Hearst and two other suspected SLA members, Bill and Emily Harris, are still fugitives.

BERKELEY — The Federal Bureau of Investigation missed 2 chances to rescue Patricia Hearst on March 1, only 25 days after she was kidnaped, it has been learned.

This was a time when she still apparently was being held against her will. It was not until early April that the 20-year-old newspaper heiress renounced her family and said she was joining her Symbionese Liberation Army captors in a life of urban guerrilla warfare.

From interviews and secret government documents, it has been learned that the FBI might have been led to Miss Hearst by keeping watch on the Berkeley bank where agents knew several of her kidnapers had checking accounts.

Among the SLA members with accounts in the bank were Camilla Hall and Nancy Ling Perry, it was learned.

The FBI discovered the existence of the bank accounts Feb. 25 in the course of investigating the Feb. 4 kidnaping. A stakeout might have paid off within four days, because on March 1, Camilla Hall entered the bank, withdrew her money, and walked out again, records show.

Had she been followed, some authorities believe Miss Hall, 29, would have led agents to the hideout where Miss Hearst then was being held.

But instead of posting agents in the bank, the FBI apparently depended on a bank official to notify them if any SLA members showed up. Through a mixup, the bank official failed to alert the FBI when Miss Hall appeared.

The bank that required watching was the Central Bank at 2187 Shattuck Ave., Berkeley, which is across the street from the Berkeley office of the FBI at 2150 Shattuck Ave.

The bank manager, Fred Rowley, said in an interview that he is a friend of many of the federal agents and plays handball with them.

But both Rowley and FBI officials in Berkeley refused to discuss the Hall bank account incident.

Others involved in the Hearst-SLA case were not so reticent.

Some police in the Bay Area have been resentful for months about the way the FBI has conducted its investigation, it was learned. contend-

ing that federal agents deliberately withheld information from them.

"It would have been only logical to put one hell of a surveillance on that bank," one source close to the investigation told the Chicago Tribune.

"And had the FBI shared some of its information on the case with other police agencies in the Bay Area, any one of a dozen departments would have jumped at the chance to watch that bank inside and out, night and day."

Records on file show that the federal government subpoenaed the records of the Central Bank, including the names of depositors, on Feb. 25, exactly three weeks after Miss Hearst's kidnaping. The bank records showed that Miss Hall had made a \$1,500 deposit on Feb. 15.

The bank is not only across the street from the FBI office but also one block from the UC Berkeley campus, where Miss Hearst had been a student at the time of her kidnaping and where SLA members were believed to have mingled with others in the campus counterculture.

The FBI was known to be checking all banks near the campus. In addition it is believed that even before Feb. 25 agents may have been tipped that Miss Perry had an account at Central Bank.

Miss Perry, 26, already was publicly identified as an SLA leader. Newspaper stories mentioned her name only a few days after the kidnaping when the SLA was boasting of being responsible for it.

Anyone who had access to Central Bank depositor lists could have recognized her name, authorities said.

Miss Hall had not yet been publicly linked to the SLA or the kidnaping, which is probably why she risked appearing at the bank. But investigators confirmed to the Tribune that she already was known to them as a major suspect on Feb. 25. Her name on a subpoenaed depositor list would have attracted the attention of any qualified investigator, they said.

When questioned much later by local investigators, it was learned, Rowley said he had thought the FBI was watching the bank after Feb. 25. But he added that his friends in the bureau never thought Miss Hall would withdraw her savings and were "surprised as anything" when she did so. Miss Perry reportedly did not withdraw her savings.

Miss Hall's money was withdrawn despite a "stop" order next to her account number. This meant that Rowley was to be notified before any transaction could take place on the account.

Yet Rowley did not learn of the March 1 withdrawal until March 4, when he notified the FBI.

Bank employees questioned later said they thought the "stop" order was only for checks to Miss Hall written by her father, the Rev. George Hall, pastor of Lincoln-

wood, Ill., St. John's Lutheran Church. They did not explain what gave them this notion.

Rowley reportedly told investigators that he did not reveal to other bank employees the reason for the "stop" order on the

Hall account. He said he was afraid employees would talk about it and word would get back to Miss Hall, it was said.

Miss Hall wrote out a personal check for the \$1,565 in her account and was given three \$100 bills, and the remainder in twenties and one five, according to investigators.

Later, when questioned by FBI agents, the teller said Miss Hall had appeared nervous and in a hurry as she stuffed the money into her blue jeans pockets and commented, "I'm afraid to be carrying all this money in Berkeley."

The mixup on the bank account is not the only oddity during the kidnap investigation.

Miss Hall's 1968 Volkswagen, believed used in the kidnaping, later was sold to a used car dealer who resold it to a secretary in the San Francisco Office of The FBI.

"It's kind of ironic," a policeman working on the case, said. "While the FBI was searching everywhere for that car, one of its own employees owned it and probably was parking it in the federal government parking lot in San Francisco."

Attached is a copy of an article which appeared in the "Los Angeles Times" on 6/30/74. The Director noted "Prepare response to this. Also state reason why it cannot be given to media." The article makes reference to the fact that Camilla Hall was able to withdraw money from a Berkeley, California, bank on 3/1/74. *Bates*
Morrow

The facts in this case are that on February 25, 1974, we located a checking account in Camilla Hall's name at the Central Bank of Berkeley, California. On that date, Fred Rowley manager of the bank was requested to notify the FBI in the event Camilla Hall attempted to withdraw any of her funds. Camilla Hall on 3/1/74, a Friday, did negotiate a personal check at the bank for \$1,565 in cash. On 3/4/74, Rowley notified the San Francisco Office that he had placed the notation "stop" on Hall's checking account. Normally, he is contacted before any transactions take place on an account which has a stop notation. Rowley advised he purposely told no one else at the bank about this as he was afraid some of the employees might discuss the matter with friends and word might get back to Hall.

Rowley said that Hall came in sometime before noon on 3/1/74, which was a payday for the University of California at Berkeley and the busiest day at the bank. The teller who received Hall's personal check took the check to the Operations Manager Mr. Nabil Hassan and he checked Hall's checking account. Hassan saw the notation on Hall's account but interpreted it to be a stop on Hall's checks from her father in Chicago, Illinois and he knew the checks had in fact cleared that morning and therefore did not contact Rowley and allowed the check to be cashed. Rowley told our San Francisco Agents that he was sorry that he had not been contacted and that this transaction had gotten by without his knowledge. The newspaper article points out that Hall's ability to withdraw funds was through a bank mix-up.

It should be realized that during early March, Camilla Hall was not a prime suspect in our investigation. She was known to be an associate of Mizmoon Soltysik and we were conducting extensive efforts to locate Hall for interview regarding Soltysik's location. Subsequent to this check cashing incident, we conducted additional extensive investigation in order to locate Hall but it was not until the 4/15/74, bank robbery in San Francisco in which Hall was identified as a participant that we knew of Hall's association with the Symbionese Liberation Army.

It is apparent that the information regarding the check cashing incident came from the results of our investigation which had been furnished to local police departments. In our efforts to locate Hall we were, of course, attempting to locate her Volkswagen. Hall sold this vehicle to a Volkswagen dealer in Albany, California, on 3/4/74. On 3/29/74, San Francisco was advised of this sale and it was determined to have been purchased by the husband of a clerical employee of the San Francisco Office. Camilla Hall's car had been repainted and reconditioned by the dealer to whom she sold it and the clerical employee's husband who purchased the car was unaware of its origin. It is noted that when Camilla Hall attempted to sell her vehicle, she did not have the proper ownership papers and the car was sold under a "motor bond" agreement. As a result, this transaction was not recorded by the Department of Motor Vehicles, Sacramento, until the car was resold by the dealer.

Inasmuch as this is a pending investigation, it is not believed appropriate that we furnish our side to the press. Additionally, the press has printed the fact that Hall was able to cash the check through a bank mix-up and it is not believed anything could be gained by our making a release at this time, but could in fact increase reluctance on the part of individuals who we contact for cooperation in such matters.

RE RECENT PUBLICITY CRITICAL OF FBI'S INVESTIGATION IN THIS CASE.

AS RESULT OF STORY IN CHICAGO TRIBUNE DATED JUNE 30, 1974, AND RELATED STORIES IN OTHER PAPERS, I ARRANGED A MEETING WITH CHIEFS AND TOP LAW ENFORCEMENT OFFICIALS, INCLUDING OAKLAND, BERKELEY, AND UNIVERSITY OF CALIFORNIA POLICE DEPARTMENTS, ALAMEDA AND CONTRA COSTA COUNTIES. THIS WAS HELD IN OAKLAND CHIEF'S OFFICE, THREE P.M., JULY 1, 1974.

I REFERRED TO ABOVE-CAPTIONED ARTICLE. I POINTED OUT THAT SO-CALLED QUOTES FROM OAKLAND AND BERKELEY POLICE WITHOUT NAMES WAS AN INSIDIOUS ATTACK ON THE FBI AND OFFERED NO OPPORTUNITY TO REFUTE SUCH STATEMENTS. I POINTED OUT THAT NO POLICE OFFICIAL SINCE THE INCEPTION OF THIS CASE HAD EVER MENTIONED TO ME LACK OF COOPERATION OR DISSATISFACTION. I TOLD THEM WE HAD COOPERATED COMPLETELY AND HAD FURNISHED EVERY BIT OF INFORMATION WE HAD OBTAINED IN THIS CASE; THAT IF ANYONE

HAD A COMPLAINT ABOUT OUR ACTIONS, I WOULD EXPECT IT TO BE BROUGHT TO MY ATTENTION IMMEDIATELY.

I ASKED THE GROUP IF THEY WERE AWARE OF ANY SUCH COMPLAINTS. THEY MENTIONED NONE.

I SAID THAT THIS ARTICLE DID A DISSERVICE TO ALL LAW ENFORCEMENT AND WHILE I ACCEPTED THE FACT THAT VERY FEW PRESS SOURCES ARE CORRECT, THAT THIS DID HAVE TO COME IN PART FROM SOME LOCAL OFFICERS.

ALL REPRESENTATIVES AGREED THAT THE PRESS WAS CERTAINLY NOT OBJECTIVE AND HAD CAUSED PROBLEMS IN THE PAST. I SUGGESTED AND ALL AGREED THAT

NO COMMENTS COME FROM ANY DEPARTMENT EXCEPT FROM THE CHIEF'S OFFICE AND IN HIS NAME. I WENT INTO DETAIL ALL OF OUR EFFORTS TO CLOSELY COORDINATE

THIS ENTIRE INVESTIGATION WITH LOCAL AUTHORITIES. I SAID THE FBI HAD TAKEN THE LEAD IN THIS, WE HAD ASSIGNED LIAISON AGENTS TO EACH DEPARTMENT AND HAD SUBMITTED THE RESULTS OF OUR INVESTIGATION, HOWEVER, AS OF THIS DATE WE HAVE YET TO RECEIVE ANY REPORT IN WRITING IN THIS CASE FROM ANY OF THESE DEPARTMENTS.

WE AGREED THAT TO COMMENT ON THIS ATTACK WOULD ONLY KEEP THE STORY

ALIVE AND WOULD SERVE NO USEFUL PURPOSE. WE DID AGREE THAT THERE SHOULD BE A TIGHTENING OF COMMENTS TO THE PRESS.

AFTER MEETING, CHIEF BEALL, UNIVERSITY OF CALIFORNIA, BERKELEY, ADVISED ME THAT ALAMEDA COUNTY CHIEFS ASSOCIATION WOULD MEET JULY 11, 1974. HE ASKED IF I HAD ANY OBJECTION IF HE CONTACTED ALL OF THESE CHIEFS AND THEY LATER CAME OUT WITH A RESOLUTION OR STATEMENT IN A POSITIVE VEIN REGARDING THIS COMPLICATED INVESTIGATION AND THE COMPLETE COOPERATION AMONG ALL AGENCIES CONCERNED. I TOLD HIM I CERTAINLY HAD NO OBJECTION.

I FEEL THAT EACH CRITICAL STATEMENT MADE IN THESE ARTICLES COULD BE ANSWERED COMPLETELY, HOWEVER, TO DO SO WOULD PLACE BUREAU IN POSITION OF HAVING TO COMMENT IN THE FUTURE ON EACH SPECIFIC ITEM IN THIS INVESTIGATION.

I HAVE STATED IN ANSWER TO PRESS INQUIRIES THAT THE FBI AND LOCAL DEPARTMENTS INVOLVED IN THIS CASE HAVE CONDUCTED A THOROUGH, AGGRESSIVE, AND PROFESSIONAL INVESTIGATION FROM THE INCEPTION AND THAT WE WILL CONTINUE TO DO SO UNTIL EVERY ASPECT OF THE CASE IS RESOLVED.

ASSISTANT U. S. ATTORNEY VANCE STATED THAT ON JUNE 19, 1974, JUDGE A. ANDREW HAUK ISSUED A "GAG ORDER" INDICATING THAT NEITHER LEWIS, HIS ATTORNEYS NOR THE GOVERNMENT WAS TO DISCUSS THIS MATTER WITH THE PRESS. IN FURTHER IMPLEMENTATION OF THIS ORDER, JUDGE HAUK DIRECTED FEDERAL CORRECTIONAL INSTITUTION (FCI) WARDEN AT TERMINAL ISLAND, CALIFORNIA, WHERE LEWIS IS INCARCERATED, THAT LEWIS WAS NOT TO HAVE ACCESS TO THE TELEPHONE AND HIS UNCENSORED MAIL WAS TO BE RESTRICTED.

ON JUNE 26, 1974, A CIVIL SUIT WAS FILED ON LEWIS' BEHALF AGAINST JUDGE HAUK AND WARDEN WISE IN AN EFFORT TO LIFT THE "GAG ORDER". ON JUNE 26, 1974, JUDGE HUFSTEDLER GRANTED A STAY TO THE "GAG ORDER" UNTIL JULY 8, 1974. AS A RESULT, LEWIS IS PRESENTLY ALLOWED THE USE OF A TELEPHONE AND UNCENSORED MAIL. THE DEPARTMENT OF JUSTICE HAS NOT MADE A DECISION RE WHETHER OR NOT THE GOVERNMENT WILL ACT IN SUPPORT OF THE "GAG ORDER". "Dear Sirs:

I am Cinque of the Symbionese Liberation Army. We are aware that a great many people are most curious about the SLA in the U.S.A. What are its socio-economic-political theories and public philosophies? What are its long-term purposes and goals? What does it intend to achieve? What are the philosophical thoughts of its members?

The theories and philosophies of the SLA (comprised greatly of college educated young people) are contained in one manuscript volume composed of Three Books, all under the main title: THE MORAL UNIVERSE. Book One, The Final Collapse of World Capitalism, is directed toward the readership of Intellectualism. Book Two, The Aftershocks of World Revolution, is written toward the upper and middle Intelligentsia. And Book Three, Something for Everyone, is aimed at anyone who reads. Number Three is presented in a Unique Style, not mere joking, but in the biting and caustic Comic Relief of genuine Humor, regarding not merely socio-economic-political Capitalism, but World Capitalism, revealed, in virtually every facet of its Life and Living. Caustic Humor--the most widely readable and tellingly effective of acute and incisive jesting.

The SLA has maintained an Intermediary and a neutral Liaison Contact in the person of--Mr. Schaefer--from the days of the vast Clinton Job Corps, once located for about four years in the far North End of Clinton, Iowa, until 1969. Please write to him if you are interested in the Three Book Volume, double-spaced, 228 pages, 85 pages and 221 pages, respectively. If matters so evolve,--Mr. Schaefer will handle ALL Contractual Publishing Agreements.

The second enclosure was addressed Dear Sirs and read as follows:

"I have been holding this letter, from The SLA (up here) for several weeks, with the directive that it shall not be released to Publishers, except upon SLA orders. Cinque and others are not dead. The release order has been issued. I, personally, would have said a bit more that the letter states. The three manuscripts mentioned insofar as the potential sales volume is concerned is so vast as to be inestimable."

- Qc101** Photocopy of sheet of paper bearing the typewritten letter beginning "Dear Sirs; I have been holding this letter ..."

Result of examination:

Qc100 and Qc101 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

The typewriting on Qc100 corresponds to Laboratory standards for a Royal elite style of type, spaced twelve characters per horizontal inch. The typewriting on K1, previously submitted in this case and on Q26 and Q27, previously submitted in the "HEARNAP" case are the only other items previously submitted in these cases that were found to correspond to this Royal style of type. However, due to the indistinct nature of the submitted photocopies and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter. However, some typewriting differences were observed in comparing the typewriting on Qc100 with the typewriting on previously submitted K1.

73 ! The typewriting on Qc101 is too indistinct to classify; however, this typewriting most closely corresponds to laboratory standards for an Woodstock elite style of type, spaced twelve characters per horizontal inch. No items previously submitted in this and the HEARNAP case were found to correspond to this Woodstock style of type.

Qc100 and Qc101 are retained.

ACCORDANCE WITH BUREAU INSTRUCTIONS, LOS ANGELES IS ^{PROVIDING} ~~RECEIVED~~
A COPY OF THIS REPORT TO THE UNITED STATE ATTORNEY, LOS

OF THEIR INTEREST AND PARTICIPATION IN THIS MATTER; HOWEVER,

HE ~~DESIRES~~ TO REVIEW THE REPORT PRIOR TO ANY DISSEMINATION TO ANY

INVESTIGATION HAS DETERMINED THAT KSLA WAS FORMERLY THE CALL LETTERS FOR THE UNIVERSITY RADIO STATION OPERATED AT THE CALIFORNIA STATE COLLEGE AT LOS ANGELES. [REDACTED]

[REDACTED] CALIFORNIA STATE COLLEGE AT LOS ANGELES, ADVISED THAT THEIR RADIO STATION, FORMERLY KNOWN AS KSLA, WAS RECENTLY CHANGED TO KBLA. THE STATION IS OPERATED BY VOLUNTEERS WHO ARE MAJORING IN BROADCASTING AT THE SCHOOL. THE STATION IS NOT IN OPERATION DURING THE SUMMER QUARTER DUE TO A LACK OF PERSONNEL TO OPERATE IT. THIS IS THE CARPENTERIA STATE BEACH OPERATED BY THE STATE OF CALIFORNIA. CARPENTERIA STATE BEACH RANGERS HAVE ADVISED THAT THEY HAVE NOT OBSERVED ANY INDIVIDUALS GENERALLY FITTING THE SLA FUGITIVES DESCRIPTION CAMPED AT THAT LOCATION. THE RANGERS NOTED THAT THEY GUARD THE ONLY ENTRANCE OR EXIT TO THE CAMPGROUNDS AS WELL AS PATROL IT FREQUENTLY. THEY ADVISED THAT THEY WOULD REMAIN ALERT AND IMMEDIATELY NOTIFY THE FBI IF ANYONE FITTING THE DESCRIPTION OF PATRICIA HEARST, WILLIAM HARRIS OR EMILY HARRIS, WAS SEEN AT THE CARPENTERIA STATE BEACH CAMPGROUNDS.

ELECTRONIC SURVEILLANCE

Reference is made to your memorandum dated June 24, 1974, HEP:CWB:GLG:DDB:dlb, requesting electronic surveillance information on captioned individuals from May 31, 1974, to the present.

On the basis of identifying data provided by the Department concerning captioned individuals, a review has been made of appropriate records. They were not the targets of an electronic surveillance nor were any of their conversations monitored by an electronic device of the FBI. Further, this Bureau did not maintain any electronic surveillance on premises which were known to have been owned, leased, or licensed by the above individuals.

The above information was furnished telephonically on July 2, 1974, to Mr. David B. Buvinger, Attorney, Criminal Division, Department of Justice.

It is suggested that other Federal investigative agencies be contacted to determine if they had coverage of the subjects.

Result of examination:

A definite conclusion was not reached whether the unidentified questioned writing on items previously submitted in cases captioned "HEARNAP", "SYMBIONESE LIBERATION ARMY (SLA) EM" or "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM", was prepared by RUSSELL JACK LITTLE, K31, and purported writer of Kcl6, previously submitted in the "HEARNAP" case and K5, K26 and K31 in the SLA case, due to the presence of unexplained variations and the lack of sufficiently comparable writing.

K31, which has been photographed, is attached.

The extortion case referred to in the attached report has Bufile 9-57791 and Los Angeles file number 9-5357. Similar form and substance of the typewriting on Qc1 in the mentioned extortion case and Q98 and Qc103 currently submitted indicates these matters may be connected. However, no consolidation is being made at the Bureau at this time.

Qc103 Photocopy of typewritten message beginning "We,

Result of examination:

As a result of a search of the Anonymous Letter

and described as Qc1 in case captioned "UNSUB; Threat of
Retaliation for Killing Symbionese Liberation Army (SLA)
Members in Los Angeles, California, 5/17/74; LOS ANGELES

style and size of type as the typewriting on Q97, Q98 and
Qc103; however, a definite conclusion was not reached
whether these items were prepared by the same typewriter
due to the lack of sufficient individual identifying
characteristics. The typewriting on the submitted items

is not associated with other items maintained in the Anonymous Letter File.

Qc103 is an electrostatic photocopy of Q98, made using a coated paper. The Qc103 photocopy corresponds to Laboratory standards for photocopies produced by Smith-Corona (SCM) office copy machines.

The typewriting on Q97 and Q98 corresponds to Laboratory standards for an IBM Selectric style of type, spaced ten characters per horizontal inch. No other typewriting on items previously submitted in this case or in the "HEARNAP" case have been found to correspond to this style of type.

Q111 Accompanying flyer bearing printed message "YOU MAY KILL REVOLUTIONARIES BUT YOU WON'T KILL THE REVOLUTION SOLIDARITY WITH THE SLA"

Result of examination:

The typewriting on Q110 corresponds to Laboratory standards for a Ransmayer style of type, spaced 230mm per one hundred characters and used on typewriters manufactured under brand names including Adler, Alpina, Jewel, Olympia, Princess, Royal, Siema, Torpedo, Triumph and Voss. The typewriting on Q1538 and Q1545, previously submitted in case captioned "HEARNAP" and on Q7 previously submitted in case captioned "STATBOM", were also found to correspond to this Ransmayer style of type; however, due to the lack of sufficiently comparable typewriting and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter. No other items previously submitted in this case or the "HEARNAP" case were found to correspond to this style of type.

The Q111 printed form and the Q1539 and Q1546 forms submitted in the "HEARNAP" case and the form described as Also Submitted in the "STATBOM" case were printed from the same master or masters utilizing an offset printing process.

Q111 contains indented writing which appears to read as follows:

Bob

Photographs of this indented writing are enclosed. Q110 and Q111 contain no watermarks, further indented writing or other characteristics to aid in definitely determining their source. A ten-cent U.S. Postal Service stamp, torn from a booklet of stamps, is affixed to Q110.

RE: THREATS PURPORTEDLY FROM SIA

Enclosed for the Bureau is original letter and envelope received by KNX Radio, Los Angeles, California. Two xerox copies of the letter are being provided to the Bureau and San Francisco Division.

GEORGE FISHER, Editor in Charge, KNX Radio News, CBS, 6121 Sunset Boulevard, provided this letter, which was received at their offices. The letter was received in an envelope via internal inter-departmental mail. The envelope bears the notation "News Room." It appears the envelope did not go through the U.S. Mail since there are no stamps or postmarks on it. FISHER advised that it appears some unknown party slid the envelope under a locked door at the front of their building and then the letter was found by a security guard at approximately 11:00 p.m. on 5/31/74.

The letter claims credit for the shooting down of a police helicopter on 5/29/74. Commander PETER HAGEN, Los Angeles Police Department (IAPD), has advised the news media that a Los Angeles Police helicopter did crash on 5/29/74, injuring two Police Officers and killing another. HAGEN stated the mishap was not caused by an anti-aircraft missile, as claimed in the enclosed letter.

Q1547 Envelope bearing the notation "NEWS ER"

Q1548 Sheet of paper bearing the typewritten message beginning
"SUBJECT: SHOOTDOWN OF POLICE HELICOPTER THIS IS TO
CLAIM..."

Result of examination:

Q1547 and Q1548 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

The typewriting on Q1548 is too limited and too indistinct to classify. However, this typewriting most closely resembles Laboratory standards for Ransmeyer and Setag styles of type spaced 250mm per 100 characters. These styles of type are used on typewriters manufactured under brands names including: Calanda, Hermes, Japy, Princess, and Montana. Q41 through Q44, previously submitted in this case, were found to correspond to these styles of type; however, due to the lack of sufficient individual identifying characteristics, the limited nature of the typewriting and the indistinct nature of the submitted photocopy, a definite conclusion was not reached whether these items were prepared by the same typewriter. No typewriting on items submitted in the case captioned "Symbionese Liberation Army (SLA) EM" was found to correspond to these styles of type.

The Q1548 photocopy is similar to Laboratory standards for photocopies made from an Olivetti Corporation copier which uses coated paper.

The letters affixed to Q1547 are stick-on transfer type letters.

Q1547 and Q1548, which have been photographed, are being returned separately.

RE: THREATS PURPORTEDLY FROM SLA

Enclosed for the Bureau is original letter and envelope received by KNX Radio, Los Angeles, California. Two xerox copies of the letter are being provided to the Bureau and San Francisco Division.

GEORGE FISHER, Editor in Charge, KNX Radio News, CBS, 6121 Sunset Boulevard, provided this letter, which was received at their offices. The letter was received in an envelope via internal inter-departmental mail. The envelope bears the notation "News Room." It appears the envelope did not go through the U.S. Mail since there are no stamps or postmarks on it. FISHER advised that it appears some unknown party slid the envelope under a locked door at the front of their building and then the letter was found by a security guard at approximately 11:00 p.m. on 5/31/74.

The letter claims credit for the shooting down of a police helicopter on 5/29/74. Commander PETER HAGEN, Los Angeles Police Department (LAPD), has advised the news media that a Los Angeles Police helicopter did crash on 5/29/74, injuring two Police Officers and killing another. HAGEN stated the mishap was not caused by an anti-aircraft missile, as claimed in the enclosed letter.

RE: LOCAL ARMED ROBBERIES BY SLA FUGITIVES:

INASMUCH IT IS NOT KNOWN HOW MUCH MONEY THE HARRISES AND PATRICIA HEARST HAVE, AND SINCE THEY ROBBED FRANK RICHARD SUTTER OF \$250 WHEN THEY KIDNAPPED HIM, IT APPEARS THEY MAY BE SHORT OF FUNDS AND MAY POSSIBLY RESORT TO LOCAL ARMED ROBBERIES.

IT IS SUGGESTED THAT THE LOS ANGELES DIVISION HAVE APPROPRIATE POLICE DEPARTMENTS AND SHERIFF'S OFFICES IN THEIR TERRITORY CONTACTED TO DETERMINE IF THE SUBJECTS COULD HAVE COMMITTED UNSOLVED LOCAL ROBBERIES. THESE DEPARTMENTS SHOULD BE SUPPLIED WITH PHOTOGRAPHS OF THE THREE FUGITIVES AND A CONTINUING WEEKLY CONTACT SHOULD BE MADE WITH THESE DEPARTMENTS TO INSURE THAT THIS MATTER IS FOLLOWED UP.

ReButel dated 7/5/74.

Referenced Bureau teletype advised your office of a contact on 7/5/74 with FBIHQ by [REDACTED] of the Oakland, California, Police Department (OPD). [REDACTED] requested the Laboratory furnish the OPD with photographs of known writing of prime SLA and Hearnap subjects obtained by the Bureau during investigation of captioned cases for use by a California Department of Justice document examiner in comparing handwriting on voluminous evidence recovered by the OPD at the time of arrests of SLA activists Russell Little and Joseph Remiro on 1/10/74.

Information furnished by [REDACTED] indicates this evidence has not previously been submitted to the FBI Laboratory and is in addition to documents previously furnished to the Laboratory on 1/29/74 which FBIHQ believed constituted all pertinent evidentiary and intelligence materials recovered by the OPD from searches subsequent to the arrests of Little and Remiro.

San Francisco should immediately advise FBIHQ whether the OPD is in possession of documentary materials containing evidentiary or intelligence data concerning which FBIHQ or your office has not been advised.

In the event the OPD is in possession of such materials, you should also advise as to steps being taken by your office to obtain copies of such materials for review, analyzation and exploitation in connection with captioned investigations.

NOTE:

The SLA is a revolutionary organization which has involved itself in criminal activities including the 2/4/74 kidnaping of Patricia Hearst. On 1/10/74 the OPD recovered voluminous revolutionary documents and other materials from an SLA pad in Concord, California, apparently used up to that time as an SLA headquarters site. Some 80 pounds of this material was furnished the Bureau and was processed by the Laboratory in January and February, 1974, and that material has been reviewed and is receiving investigative attention. We should be aware of any existing material of which we have not been advised, and appropriate steps should be taken to obtain copies of same in order that it may receive appropriate investigative attention. This has been coordinated with SA M. A. Morrow of the General Investigative Division.

In connection with the search of Apartment 6 at 1827 Golden Gate Avenue, San Francisco, photographs were made of the premises in the period shortly after the discovery was made that the apartment was formerly a Symbionese Liberation Army (SLA) "safe house".

A check of the apartment, which is an efficiency type consisting of a front room, originally constructed so that a hide-a-bed could be folded into an adjoining closet, additionally consists of a bathroom and a kitchen-dining area, the latter being separated by some built-in cabinets. The apartment has one entry way which exits onto the hallway on the second floor of the building. There is a fire escape off the front window.

The front door, in addition to having two key locks, additionally had two chain locks on the inside. Keys were obtained for Apartment 6 as well as for the front door apartment building and copies of these keys were made and were thereafter checked and found to open these doors.

The following writings appeared on the various walls in Apartment 6 at 1827 Golden Gate Avenue, San Francisco:

Hand printed with a felt pen, green-blue in color, on the north area of the east wall of the front room was:

"Our Bruised Knuckles
Reflect the Hand-Me down
Commitment of War"

Hand printed in the middle of the east wall front room:

"Dedicated to Manchild -

It may be noted that during the search of Apartment 6, 1827 Golden Gate Avenue, San Francisco, there was located a piece of paper bearing the notation "KARITA REYNOLDS, 64229". ARITA REYNOLDS is employed in the
of the United States Customs Office
in San Francisco, Sixteenth Floor, Federal Office Building
where her business telephone is 556-4229.

Mrs. REYNOLDS was shown a 3-inch by 5-inch piece of unlined white notepad paper, still mounted to the cardboard backing, which carried the notation "~~REYNOLDS~~ 44222". She advised that the handwriting was not hers and she did not recognize it nor did she have any idea who might have made the notation. She advised she had no idea as to how the piece of paper might have come to be in Apartment 6 at 1827 Golden Gate Avenue, San Francisco.

She concurred that the notation, because only five numbers of her business telephone were listed, was probably made by a government employee or someone utilizing a telephone in the government Centrex system where a person can dial within the system by utilizing the last five numbers. [REDACTED] recalled that between approximately December, 1968, and January, 1972 she resided at [REDACTED]

Staff Sergeant [REDACTED] Vocational Counselor, Air National Guard, was contacted at 1525 West Winton Avenue, Hayward, California, in connection with a business card of KENNETH R. SCHOFIELD, Vocational Counselor, Air National Guard, 1525 West Winton Avenue, Hayward, obtained as evidence from 1827 Golden Gate Avenue, Apartment 6, San Francisco, on May 2, 1974.

[REDACTED] advised that SCHOFIELD was transferred to Travis Air Force Base, California, with the Reserves, approximately six weeks ago and currently resides at [REDACTED] California, telephone [REDACTED]

[REDACTED] advised that it did not surprise him that a business card of SCHOFIELD was found at a Symbionese Liberation Army (SLA) apartment since the Air National Guard has been on an extensive recruitment drive throughout the San Francisco Bay Area. SCHOFIELD had the business cards printed up in early January, 1974, and the cards were used by him and other recruiters at recruiting stands set up at the shopping centers. [REDACTED] advised that the recruiting team had a stand at Southland Shopping Center, Hayward, California, from February 28 through March 11, 1974; Eastridge Shopping Center, San Jose, California, March 11 - 18, 1974; Tanforan Shopping Center, San Bruno, California, March 18 - 25, 1974; Sunvalley Shopping Center, Concord, California, March 25 through April 1, 1974; and Serramonte Shopping Center, Daly City, California, April 1 - 8, 1974.

[REDACTED] advised that the business cards were utilized by the recruiting team even though SCHOFIELD had been transferred to Travis Air Force Base. They were stapled to pamphlets and were also stacked separately on the stands at the shopping centers.

[REDACTED] advised that he talked with an individual who resembled WILLIAM TAYLOR HARRIS and the individual stated that he had been a trained medic in the Navy and was assigned to Okinawa with the Marines. He did not want to be with the Marines and he received a discharge for being immature. A friend of his was described as a white, male, 6'4" tall, 220 pounds, who had been in the Army. (It is noted that HARRIS received an honorable discharge from the Marines and is receiving 10% disability. He is not known to have a friend as described above. Thus, it is unlikely that HARRIS was the individual at the recruitment stand).

Another individual, who was with four or five other white males in their early 20's, resembled WILLIAM LAWTON WOLFE, but he could not be certain and he was not sure whether or not this individual obtained any literature.

[REDACTED]

On January 24, 1974, she had co-signed an application for a \$500 loan made by MARION WADE who had told [REDACTED] that the purpose of the loan was to enable her to move from 1240 Grove, Number 103, inasmuch as she had recently separated from her husband [REDACTED]

On the following Friday or Saturday, MARION had gone to Reno, Nevada, with her boyfriend, [REDACTED] (last name unknown). Shortly after arriving in Reno, WADE broke her leg in a fall. She was treated for this injury in Reno and returned to San Francisco the following Monday or Tuesday.

Upon her return from Reno on the following Wednesday, [REDACTED] visited MARION at MARION's mother's apartment on [REDACTED] in San Francisco.

[REDACTED] stated that she believed MARION had gone directly to her mother's apartment upon her return from Reno and that MARION did not go to her own apartment at 1240 Grove, Number 103, San Francisco, until about a week before she died.

[REDACTED] visited MARION's apartment at 1240 Grove the Friday before and the day before the day MARION died. Present also at apartment 103 on both occasions were MARION's boyfriend, [REDACTED], and a male friend of [REDACTED]. [REDACTED] stated that she did not know [REDACTED] last name, and the only information she had concerning him was that he was approximately 28 to 29 years of age, of average height, had a medium brown complexion, wore a two-inch Afro, was unemployed, lived in Oakland, and usually traveled by bus from Oakland to visit MARION. [REDACTED] and MARION had started going together about a month before MARION died and were not living together. [REDACTED] did not know how MARION and [REDACTED] met, but [REDACTED] believed that they might have been introduced to each other by a black female who was a friend of MARION's and who lived in Oakland near Berkeley. The only information [REDACTED] could provide concerning this friend is that she might have worked with MARION when MARION first started working about five years ago at the Social Security Office. [REDACTED] stated that she and MARION had once visited this friend in Oakland, but [REDACTED] maintained that she could not recall what bus they had taken to this friend's house, where the house was located, or any details concerning this friend, other than that this friend had lived with her sister.

Regarding [REDACTED] male friend whom she had also seen at MARION's apartment, [REDACTED] stated that she did not know this individual's name, nor anything about him other than that he had a blue two-door 1969 Pontiac, and she believed he lived and worked in Oakland. She recalled that he had given [REDACTED] a ride to MARION's apartment. She described this individual as black, in his late twenties, and short.

[REDACTED] stated that she had never visited [REDACTED] residence.

[REDACTED] stated that MARION had never mentioned anything to her about someone having broken into her apartment on Grove Street or about any items missing from the apartment. On the two occasions she visited apartment 103 immediately prior to MARION's death, [REDACTED] had not seen any indication that someone had broken into the apartment or had removed any items therefrom. She stated that she was never in apartment 103 subsequent to the day before MARION died. She further advised that she did not have any idea as to when or how MARION's pill bottle could have found its way to 1327 Golden Gate Avenue. 1527 Golden

When asked to identify individuals other than herself, [REDACTED] and [REDACTED] friend, who might have visited MARION at apartment 103 following her leg injury, [REDACTED] stated that MARION's mother and immediate family and "other friends" visited MARION. [REDACTED] refused to identify these other friends, and she stated that these individuals were known to MARION's mother and their names could be obtained from her.

[REDACTED] advised that MARION had not been engaged in militant or extremist activities and had spent most of her spare time attending evening classes at Golden Gate University. [REDACTED] further stated that she, herself, was not involved in militant or extremist activities and she denied any association with individuals so involved.

[REDACTED] advised that she did not know anyone named [REDACTED], and that she was not aware of any association between MARION WADE and [REDACTED] Display to [REDACTED] of photographs of [REDACTED] WILLIAM HARRIS, ~~THOMAS HARRIS~~ PATRICIA SOLTYSIK, EMILY HARRIS, ~~NANCY DEVOTO~~ DONALD DEFREEZE, WILLIAM WOLFE, CAMILLA HALL, ANGELA ATWOOD, and PATRICIA HEARST met with negative results.

[REDACTED]

[REDACTED] MARION [REDACTED]

[REDACTED] she returned to her own apartment at 1240 Grove, Apartment Number 103, San Francisco, four days before her death on February 27, 1974. Sometime after returning to her own apartment, MARION, in a telephone conversation with [REDACTED] mentioned that she thought her apartment had been broken into and that a little tape recorder belonging to her was missing; MARION had also remarked that she thought her husband, [REDACTED] from whom MARION was separated, but who retained a key to Apartment 103, was the one responsible for the break-in.

[REDACTED] advised that when she was in Apartment 103, on the day of MARION's death, she had not observed any indication that the apartment had been broken into or that someone other than MARION had occupied the apartment. The last time [REDACTED] visited Apartment 103 was two or three weeks after MARION's death; on this occasion, [REDACTED]'s landlady had remarked that it looked like someone had been inside the apartment because a receipt which the landlady had earlier seen on the table was then on the other side of the room. [REDACTED] at the time had not attached much significance to the landlady's remark because [REDACTED] assumed MARION's husband, [REDACTED], might have been in the apartment looking for tax and insurance papers.

Regarding disposition of MARION's belongings, [REDACTED] advised that she had gotten the bedroom suite and some of MARION's clothing, the landlady had taken the couch as payment for back rent allegedly owed by MARION and the landlady had told her that the "church" (not further identified) was going to come by and pick up the remaining items. [REDACTED] stated she had serious doubts MARION owed any back rent inasmuch as MARION had obtained a loan the previous month in order to settle her rent. Because crutches were also recovered from 1827 Golden Gate, [REDACTED] was questioned regarding whether MARION had crutches; [REDACTED] replied in the affir-

[REDACTED] mative and stated she had first seen these crutches upon MARION's return by plane from Reno and hence, MARION would have had to purchase these crutches in Reno. The only information [REDACTED] could furnish regarding these crutches was that they were wooden and had pads at the top. She further advised that these crutches were in Apartment 103 the day MARION died.

[REDACTED] advised that after MARION separated from her husband, [REDACTED] MARION had a gentleman friend who dropped by to visit MARION, but did not reside with her. The only information [REDACTED] could provide concerning this gentleman was that he was black, his first name was [REDACTED] he resided in Oakland, and had formerly worked, possibly as a [REDACTED], at the [REDACTED]

[REDACTED] advised that MARION had been treated in San Francisco for her leg injury by Dr. [REDACTED] San Francisco, who had been recommended by Dr. [REDACTED] the family physician.

[REDACTED] stated that MARION's husband, [REDACTED] had a violent temper, but she was not aware of any involvement by [REDACTED] in extremist or criminal activities. [REDACTED] further remarked that she knew nothing concerning [REDACTED] activities and associates and that she and [REDACTED] had not gotten along. She indicated that her dislike of [REDACTED] was the product of her belief that MARION "had married beneath herself". She also expressed her satisfaction in having been named the beneficiary of MARION's retirement pension funds, rather than [REDACTED]

[REDACTED] was shown a photograph of [REDACTED] but could not recall ever having seen [REDACTED] or heard MARION mention her. [REDACTED] advised that she was acquainted with MARION's friends, and had MARION been associated with [REDACTED] would have known of this.

Display of photographs of WILLIAM HARRIS, THERE WHEELER, PATRICIA SOLTYSIK, EMILY HARRIS, NANCY DEVOTO, DONALD DEFREEZE, WILLIAM WOLFE, CAMILLA HALL, ANGELA ATWOOD, and PATRICIA HEARST met with negative results.

[REDACTED] stated that the last time he was at 1240 Grove Street, Apartment 103, was two or three weeks after MARION's death when he helped pick up some of the furniture for his mother. He recalled that on this occasion, numerous articles were scattered about the floor, but he did not recall seeing anything inside the apartment which indicated that anyone other than MARION had resided there, and when he saw the items scattered on the floor, he had assumed that [REDACTED] might have dropped by looking for some personal papers.

[REDACTED] stated that he had associated with [REDACTED] and was not aware of any involvement by [REDACTED] in criminal or extremist activities.

Displayed to [REDACTED] were photographs of WILLIAM HARRIS, ~~HERO WHEELER~~, PATRICIA SOLTYSIK, EMILY HARRIS, ~~NANCY DEVOTO~~, DONALD DE FREEZE, WILLIAM WOLFE, CAMILLA HALL, ANGELA ATWOOD and PATRICIA HEARST with negative results.

the present occupants of 1240 Grove, Apartment 103)

On May 12, 1974, [REDACTED] were contacted at their residence, 1240 Grove, Apartment 103, San Francisco, California, and they furnished the following information:

[REDACTED] stated that she and [REDACTED] had moved into Apartment 103 on April 1, 1974, but had actually started to move their belongings into the apartment the previous day. [REDACTED] advised that at that time the apartment was clean and she had not observed any paper, foodstuffs, or other articles indicating that anyone had recently lived there or broken in.

[REDACTED] advised that in the middle of the week preceding April 1, 1974, he had dropped by Apartment 103 to

was not inside Apartment 103 from December 28, 1973, until the evening of February 27, 1974, which is the day MARION died, nor had he had any contact with MARION since December 28, 1973, except as previously stated.

When he returned from work on February 27, 1974, he learned MARION had died and he had been requested by MARION's mother to drop by Apartment 103 to see what the situation was and also to determine what documents belonging to or concerning MARION were on hand. He arrived at Apartment 103 at approximately 6:30 p.m. and was told that when MARION went to bed the preceding evening, she was having trouble breathing and someone who was then staying with MARION, possibly one of MARION's brothers or her boy friend, had summoned MARION's mother, who came to Apartment 103 with two of her children. Sometime after MARION's mother arrived, someone noticed that MARION was not moving, but at the time, it was thought that MARION was only sleeping. The following morning when MARION's mother and the others were unable to awaken MARION, they summoned MARION's grandmother to the apartment and it was then determined that MARION was dead.

While [REDACTED] was in Apartment 103 the evening of February 27, 1974, MARION's mother was not there, but MARION's grandmother, MARION's cousin, [REDACTED] and two of MARION's brothers were. [REDACTED] was unable to furnish any further information regarding [REDACTED] and he was unable to recall which of MARION's brothers were the ones in the apartment, although he thought that [REDACTED] might have been one of the two. [REDACTED]

[REDACTED] During the evening of February 27, 1974, while [REDACTED] was in Apartment 103, he noticed the linen closet had been stripped bare. MARION had kept her linen, bedding and other items, including her medicine, in this closet but when [REDACTED] checked the closet there was absolutely nothing inside. [REDACTED] advised that prior to his moving from Apartment 103, the following items had been stored in the linen closet:

- (1) MARION's medicine
- (2) A bathroom set consisting of a little gold rug which fitted around the commode, a gold toilet seat cover, a gold floor mat, a gold tank cover, and matching bath and face towels;
- (3) Linen bath towels, some of which were orange and others of which were green in color;
- (4) Small items of inexpensive jewelry, none of which [REDACTED] could describe;
- (5) An extra pillow;
- (6) A black, full Afro wig;
- (7) A black, curly Afro wig;
- (8) A red wig styled in a natural;
- (9) An inexpensive plastic blender which had been purchased from Milen's Jewelry Store in San Francisco.

[REDACTED] stated that at the time he discovered these items missing from the linen closet, he had not mentioned the absence of these items to any of MARION's relatives because he did not get along with MARION's family and avoided any conversation with them if possible. He also believed at the time that in view of MARION's death, this was not the right time to get into a hassle with her family.

When asked whether the medicine stored in the linen closet had included a pill bottle of erythromycin prescribed for MARION, [REDACTED] replied in the affirmative and stated that the erythromycin had been prescribed by a doctor, whose name he could not recall, who had treated MARION for her overweight condition. When asked whether a pill box of Broncotabs had also been stored in the linen closet, [REDACTED] responded that he could not be sure. He further advised that although he was positive he had at one time seen the erythromycin in the linen closet, he could not state when he had last observed it there, other than it would have been sometime prior to December 28, 1973, when he moved out of Apartment 103.

[REDACTED] advised that at the time he checked Apartment 103, on the evening of February 27, 1974, the only linen items he observed inside the apartment were those on the bed. He stated that none of the items enumerated above could be found elsewhere in the apartment, and a check by him of the entire apartment that same evening revealed that the following items were also missing therefrom:

- (1) Zenith table model television which had approximately a 10-inch screen and was black and white as opposed to being a color television;
- (2) A green colored set of pots and pans;
- (3) Gold trimmed drinking glasses;
- (4) A woman's pearl ring which had diamond settings;
- (5) Most of MARION's clothing;
- (6) A "Monopoly" set and "The Godfather" game;
- (7) Some phonograph records.

[REDACTED] stated that at the time he was in Apartment 103, on the evening of February 27, 1974, the

[REDACTED] apartment was in an orderly condition and the only items he observed which he had reason to believe belonged to someone other than MARION were some "dude's" pants, shirt, and shoes which he observed inside one of the other closets. He described the pants as bluish in color with little black checks or stripes, the shirt as a gray button-down type and the shoes as brown, with elevated heels. [REDACTED] believed these clothing items might have belonged to MARION's boyfriend.

[REDACTED] did not know this individual's name, had never seen him, and did not have any information concerning him.

[REDACTED] stated that [REDACTED], the manager of 1240 Grove, had told him that a few days or a week before MARION died, [REDACTED] had passed MARION and a black man in the hallway of 1240 Grove and when [REDACTED] asked MARION if this fellow was MARION's brother, both MARION and the black man had started laughing in a manner which indicated to [REDACTED] that this fellow might be a boyfriend of MARION's.

[REDACTED] advised that a conversation he had with the Chinese gentleman who owns the [REDACTED] which is on [REDACTED] around the corner from Grove Street had also led him to suspect that MARION had a boyfriend. [REDACTED] explained that shortly after he moved out of 1240 Grove, he had instructed the owner at the [REDACTED] not to allow MARION to charge any purchases against the credit account he maintained at the market. On one occasion, date not recalled, the owner of the [REDACTED] had remarked to [REDACTED] that MARION had called him and requested permission to charge a 1/2 gallon of wine and some Rainier beer to [REDACTED] account, but in accordance with [REDACTED] instructions, the owner had refused this request; shortly thereafter, according to the market owner, MARION had sent someone down to pick up the wine and beer which were paid for in cash. What [REDACTED] thought was odd about this transaction was that MARION generally drank Rainier beer or Scotch, but never wine.

Regarding other items inside Apartment 103, [REDACTED] advised that on the evening of February 27, 1974, he recalled seeing several pairs of crutches there; one pair was wooden and MARION had had these for some time; and the other pair was aluminum and he assumed these aluminum ones

SF 7-855
JTT/plh

had been purchased by MARION in connection with her recent leg injury. When asked whether any of his tools were missing from Apartment 103, [REDACTED] advised that when he moved out of Apartment 103, he had taken all his tools with him except for a pair of pinch nose wire cutters and some 16 penny nails.

He has never gotten these wire cutters back, but whether these wire cutters were among the items missing from Apartment 103 or had otherwise been lost track of, he could not say.

[REDACTED] advised that on the evening of February 28, 1974, MARION's mother had given him a key to Apartment 103. [REDACTED] explained that when he moved out of Apartment 103 on December 28, 1973, he had left his key to the apartment on the coffee table in the apartment and was without a key to the apartment until MARION's mother gave him the one previously mentioned. [REDACTED] remarked that the key MARION's mother gave him was MARION's, and he has never again seen his own key to the apartment.

Following MARION's death, he next visited Apartment 103 on March 1, 1974, at which time the apartment was in the same condition as it had been the evening of February 27, 1974. The only other times he has subsequently been inside Apartment 103 were March 2, 1974 and March 8, 1974. On the March 2 visit he had located MARION's wallet in the chest of drawers and had removed MARION's credit cards therefrom; all of MARION's credit cards have been accounted for and are being retained by him. He further advised that he was reasonably certain that at the time he examined MARION's wallet, which he left behind in the apartment, he had observed MARION's driver's license which had been suspended, inside the wallet. [REDACTED] advised that when he visited Apartment 103 on March 8, 1974, he had removed therefrom a record player, an aquarium, a deep fryer and some dishes. He recalled that on this March 8, 1974, visit, [REDACTED] had remarked to him that it looked like someone had broken into the apartment the preceding week and that someone had either broken or cracked a window to get in. On this March 8, 1974, visit, [REDACTED] had not observed any indication that anyone

had occupied the premises since he was last there, nor was he aware of any items having been removed from the apartment since he was last there.

Regarding disposition of the items remaining in Apartment 103, [REDACTED] stated that a week or a week and a half after March 8, 1974, [REDACTED] had told him that MARION's relatives had been by for the remaining articles. He further stated that on Friday, May 10, 1974, he had telephoned MARION's mother for his and MARION's marriage certificate which he needed for an insurance claim and MARION's mother told him that the only papers she found inside the apartment were some of MARION's school papers. [REDACTED] said he doubted MARION's mother was telling him the truth, because when he visited the apartment on March 8, 1974, he had seen the marriage certificate in the chest of drawers, along with some of MARION's school papers, payroll stubs, and other miscellaneous articles.

When asked if he knew [REDACTED] stated that this name seemed familiar to him, but he could not place it. When told that [REDACTED] had been in the Black Panther Party (BPP), as had [REDACTED] recalled that he had known a [REDACTED] while he was a BPP member during 1968, and he stated that he has not had any association or contact with [REDACTED] since that time. When shown a photograph of [REDACTED] stated this photograph resembles the [REDACTED] he had known. He expressed surprise when informed that [REDACTED] had recently resided at [REDACTED] and he advised that he was not aware of this and had not seen [REDACTED] in the neighborhood nor had he ever visited anyone at [REDACTED]. He stated that MARION had never mentioned [REDACTED] and he was not aware of any association or connection between MARION and [REDACTED]. He further advised that he was certain that [REDACTED] had not visited Apartment 103 at 240 Grove during the period he and MARION were living together.

[REDACTED] stated that his only involvement in militant or extremist activities was during 1968 when he was a BPP member, and since that time has not associated with anyone involved in such activities. He further stated

SF 7-855
JTT/plh

[REDACTED]

that he does not know anyone who has resided at 1827 Golden Gate Avenue in San Francisco and that there is no connection between himself and that address.

[REDACTED] advised that as far as he knew, neither MARION nor any of her relatives were involved in militant or extremist activities.

Displayed to WADE were photographs of WILLIAM HARRIS, THERO WHEELER, PATRICIA SOLTYSIK, EMILY HARRIS, NANCY DEVOTO, DONALD DE FREEZE, WILLIAM WOLFE, CAMILLA HALL, ANGELA ATWOOD, and PATRICIA HEARST with negative results.

[REDACTED]

On May 13, 1974, [REDACTED] San Francisco, California, advised that [REDACTED] was a regular customer of his and maintains a credit account at his store. Sometime around the first of this year, [REDACTED] separated from his wife, MARION, who passed away several months ago, and [REDACTED] moved out of their apartment at 1240 Grove Street, San Francisco. Following this separation, [REDACTED] instructed [REDACTED] not to allow MARION to charge any items to [REDACTED] bill. Nonetheless, from time to time after the separation, MARION would telephone [REDACTED] ask to charge the items she specified to [REDACTED] bill, and stated that she would send someone over to pick up these items. On each such occasion [REDACTED] refused to include these items on [REDACTED] bill and told MARION that she would have to pay cash; and shortly thereafter, a black male would come to the store and purchase the same items MARION had enumerated over the telephone. This individual never identified himself by name nor mentioned MARION, but it was obvious to [REDACTED] that this individual

SF 7-855
JTT/plh

was picking up the items for MARION. [REDACTED] said that he did not recognize this individual from the neighborhood and this individual had never told [REDACTED] anything about himself. [REDACTED] described this individual as a black, approximately six-foot one-inch or two-inches tall, bushy hair, slim build, with a complexion a little darker than medium.

[REDACTED] recalled that this individual purchased the same types of items as had MARION before she had separated from [REDACTED] and [REDACTED] had not noticed any variation in quantity from that purchased previously by MARION. When asked to specifically identify the items that were common purchases made by MARION and by this individual, [REDACTED] stated that two such items were Marble cigarettes and Rainier beer in king-size cans. When asked if this individual had ever purchased any wine, [REDACTED] remembered that on one occasion, the date of which [REDACTED] could not recall, this individual had purchased some wine which [REDACTED] identified as having been either Tirolia or Rhine Garden wine or a wine in a similar container. When asked if the wine might have been Akadama plum wine, [REDACTED] stated that the wine this individual purchased was not plum wine and was certainly not the Akadama brand. [REDACTED] said he was positive of this because the Akadama wine bottle is of a different shape than the one he sold this individual, and he carries such a small stock of Akadama, usually the red wine variety, that he would have remembered any such sale.

[REDACTED] advised that the individual who picked up MARION's purchases has not been in the store since [REDACTED] died and [REDACTED] has not seen this individual in the neighborhood nor heard anything concerning him.

Displayed to [REDACTED] were the photographs of WILLIAM HARRIS, [REDACTED] WHEELER, PATRICIA SOLTYSIK, EMILY HARRIS, NANCY DEVOTO, DONALD DE FREEZE, WILLIAM WOLFE, CAMILLA HALL, ANGELA ATWOOD, and PATRICIA HEARST with negative results.

[REDACTED]

On May 13, 1974, [REDACTED]

[REDACTED] advised that MARION WADE, who resided at 1448 Grove, Apartment 103, San Francisco, California, first came to his office on January 29, 1974, for treatment of a broken right ankle which she said was incurred on January 27, 1974, at 3:30 a.m., in Reno, Nevada, when she fell off a bed and hit her ankle on the wall. He treated her for this ankle on four occasions in his office, the last such visit having been on February 25, 1974. [REDACTED] advised that the last time he saw her was on February 25, 1974, and he had not visited her at her home.

[REDACTED] recalled that on one of these visits, MARION WADE had been accompanied to his office by a black male believed to be her boyfriend. [REDACTED]

[REDACTED] was unable to physically describe this "boyfriend". [REDACTED] then checked with his office help and advised the writer that the only descriptive data the girls in the office could remember is that this individual was no taller than was MARION WADE, who had her foot in a cast at the time.

[REDACTED] then made available to the writer, the patient information sheet regarding MARION WADE; review of this sheet failed to disclose any information not developed by prior investigation other than that MARION WADE had listed her telephone number as 229-9127 and had also listed telephone number 556-8470 as a "message phone". This information sheet did not set forth any information identifiable with her boyfriend.

[REDACTED] advised that his records show that MARION WADE had been treated for her broken ankle at the Washoe Medical Center, Kirman and Mill Streets, telephone number 785-6169, Reno, Nevada, where a long leg cast had been placed on her. [REDACTED] further advised that when she first came to his office, she was on crutches.

SF 7-855

[REDACTED] stated that during her visits to his office, MARION WADE had not engaged in much small talk and had not mentioned to him either that her apartment had been broken into or that any items had been removed therefrom.

He indicated he has never observed or met any of these individuals at any time. [REDACTED] was questioned whether he ever visited anyone or knew anyone who resided at 1827 Golden Gate. He replied in the negative. He was questioned whether he knew anyone residing near 1827 Golden Gate Avenue and he indicated that he did not. He was then questioned regarding Bank of America Money Order Receipt Number 057291981 in the amount of \$17 dated December 14, 1973, payable to Public Finance Corporation. He indicated that he did purchase a sofa bed more than a year ago, which purchase he financed through Public Finance Corporation. He said he regularly made payments to the company and he indicated that although he did not specifically recall the money order receipt mentioned above it likely did belong to him and the money order was used for a payment to Public Finance. He indicated again he had never visited anyone at 1827 Golden Gate Avenue and when he was advised that the receipt was found with other papers taken from Apartment 6, 1827 Golden Gate Avenue, he said he had no idea how the receipt got to that address and he indicated that he did not place it there nor did he knowingly furnish it to anyone he felt might have placed it there.

He stated he has no knowledge of current or past activities of the SLA. He said he has no knowledge of the robbery of the Hibernia Bank, Sunset Branch, 22nd and Noriega, San Francisco, April 15, 1974. He said he had no knowledge of the kidnaping of PATRICIA HEARST except what he has read in newspapers or learned from other media.

[REDACTED] indicated he came to San Francisco from New Haven, Connecticut, in approximately 1969. He said while living in New Haven he was associated with the Black Panther Party (BPP) and indicated that before becoming involved in the Zin Buddah religion he was ready to take up arms against white people and the establishment. He then furnished a bolt action carbine rifle, which rifle is described as a Mauser Modello Argentino 1891 bearing Serial Number L1788. Among the items located in Apartment 6 at 1827 Golden Gate Avenue, San Francisco, was a sales receipt dated March 30th from the Emporium Department Store.

FEDERAL BUREAU OF INVESTIGATION

[REDACTED] The Emporium, 835 Market Street, San Francisco, California, advised that on sales receipt dated March 30 the numbers "21D65536" denote the following:

The number 21 is the cash register number;
The letter D is the designation of the sales clerk;
The number 65536 is the transaction number for
for that particular sale on that register.

[REDACTED] checked records and determined that cash register number 21 is located in The Emporium basement, Junior Sportswear Department, and sales clerk with designation D is [REDACTED]

Mr. [REDACTED] obtained the cash register tape for cash register number 21 for March 30, 1974, examination of which revealed transaction number 65536 in the amount of \$7.37 was the 23rd item from the end of the tape. As March 30, 1974 was Saturday and the store was open until 6:00 p.m., he indicated it would be probable that the sale occurred after 4:00 p.m.

On May 17, 1974, Mr. [REDACTED] Women's Shoes, The Emporium, 835 Market Street, San Francisco, California, identified dark blue shoe box with the following identifying numbers and words: "3007 312 PATRIOT 8½B NAVY BLUE" and bearing price tag with markings "The Emporium, 424 45A, \$14.99" as being shoes sold in the Women's Shoe Department, First Floor, The Emporium, address above. These shoes are purchased from U.S. Shoe Corporation, Front Row Division, 1658 Herald Avenue, Cincinnati, Ohio. This particular shoe has navy blue leather uppers with laces and composition rubber soles and heels and is described as an "Oxford tie." The inner sole of the heel contains the following "FRONT ROW, Made in Brazil, 3007 312".

On the price tag the number 424 denotes the department, Women's Shoes, the number 45 the class or style as casual, and the A the "season", a term used to designate length of time in stock. He further stated after checking records that this particular shoe carried the "A" designation from early Fall 1973 to February, 1974, at which time it was changed to "B" although "A" tags already on the boxes would not be replaced. His conclusion is there is no way to tell when the shoes in a box with "A" designation were sold in the absence of a sales record.

[redacted] California, telephone [redacted] advised that he is employed by [redacted], San Francisco, California. [redacted] advised that his route is from Broderick to Masonic and Turk to Fell in San Francisco. He further advised that approximately 8:30 a.m. on Monday morning, April 29, 1974, he and his partners, [redacted] picked up the trash on the 1800 block of Golden Gate Avenue. He stated that he remembers that he personally picked up the trash on that day because on Monday he has the odd side of the street.

He stated that he was angry because the trash chute was overflowing and someone had handcarried a box tied up with a piece of string to an empty gasoline tank used for trash at the rear of 1827 Golden Gate Avenue. He stated that along with the sealed box there were numerous items of clothing, mostly male clothing, a lot of socks. He stated that there were three or four wigs. There was one black, short wig, and one black, long wig. The third wig was of an Afro style.

Upon viewing the photograph of PATRICIA HEARST during the Hibernia Bank robbery on April 15, 1974, he stated, "That's the long black wig." He also identified the wig worn by CAMILLA HALL in that same robbery as being of the type of the black short wig.

Mr. [redacted] advised that he did not open the sealed box to examine the contents but because of the weight of the box, he decided to set it aside and keep it for further examination. He stated that all of the other clothing and wigs were thrown into the general trash of the truck to be disposed of later at the Mountain View dump for fill.

[redacted] advised that he picks trash up at that address on everyday but Sunday, with the exception being Saturday, April 27, 1974, when he took the day off. Mr. [redacted] stated that he had examined the contents of the box and had pretty much touched everything. He also advised that

He said that he has seen her since January up until approximately April 1, 1974, describing her as 5 feet 2 to 3 inches, trim figure, long light brown or blonde hair, and has seen her with and without glasses.

He stated that he could not determine if the males were Negro or Caucasian. He stated it was approximately 8:30 a.m. and the two males were joined by three white females from the 1827 Golden Gate Avenue residence and all were loud and joking. He stated that he had the opposite side of the street since it was a Tuesday and his partner [REDACTED] had the side of the street with the house.

He indicated that when he got down to the bottom of the tub he found the keys to the apartment as well as a set of automobile keys, which had a tag indicating that they belonged to the Pacific Car Rental. [REDACTED] described the Arab male as being approximately 30 years of age, 6 feet tall, 160 to 170 pounds, dark olive complexion, short dark hair, dark eyes, and looked like a Hindu. Date May 16, 1974

[REDACTED] San Francisco, telephone number [REDACTED] of Golden Gate Avenue [REDACTED] Golden Gate Avenue, was advised of the identities of the interviewing agents, and that he was being interviewed concerning his knowledge of a 1970 red and white Volkswagen Bus bearing California Temporary Sticker Number 5303850, which, this date, had apparently been used in an armed robbery in Southern California.

[REDACTED] stated that on May 6, 1974, he had sold this vehicle to a Negro male who identified himself as RICKY DELGADO. He stated that he had had this vehicle for approximately four months prior to the sale to DELGADO and had originally purchased it from Household Finance Corporation in Canada who had obtained the car as a repossession.

[REDACTED] stated that he had advertised the sale of this vehicle in the San Francisco flea market newspaper by the name of "Progress" and had listed both his home and garage telephone numbers in the advertisement. He stated that on approximately May 5, 1974, he received a telephone call from a male who indicated he was interested in purchasing the vehicle and subsequently made an appointment with the caller to meet him at his place of business at 12:30 p.m. on May 6, 1974. [REDACTED] stated that by 12:30 p.m. on May 6, 1974, the caller had not arrived so he left for lunch. When he returned with his wife approximately one hour later, the individual, later identified to him as DELGADO, was waiting there and, according to his employer, [REDACTED] DELGADO had been waiting approximately one hour for him to return.

[REDACTED] stated that DELGADO was accompanied by a Negro female and a female child approximately three years of age.

[REDACTED] stated that he then took DELGADO, the Negro female, and the child for a test drive, and both he and DELGADO drove the vehicle. Following the test drive, he and DELGADO argued about the price of the vehicle and finally settled on a

a figure of \$1000. Cost of the license for the vehicle was \$32.00, and sales tax amounted to \$65.00. Total price, therefore, was \$1,097.00.

[REDACTED] stated that DELGADO paid for the vehicle in cash of small denominations, the largest being a \$20 bill. When paying, he produced a stack of bills in a rubber band which had a small piece of paper on top which indicated an amount of \$1,100. [REDACTED] further indicated that DELGADO had in his possession a dark, vinyl-type briefcase, approximately 14" by 16" in size. The briefcase had a handle and a lock, and DELGADO always carried this briefcase everywhere he went, including the time he went to the restroom.

[REDACTED] described the Volkswagen Bus as having a white top, red bottom, and lavender curtains which were not put up on the windows but were laying inside the vehicle. [REDACTED] indicated that his records reflect that the mileage on the Volkswagen Bus at the time of sale was 51,700 miles. He also indicated that one of the seats of the vehicle was not attached, and he made an appointment with DELGADO for the following day to have this seat attached. He stated that he could not attach it on the date of purchase because he did not have the proper brackets.

Following the purchase of the vehicle, the appropriate Department of Motor Vehicles (DMV) registration papers were filled out.

[REDACTED] furnished the following documents which are being retained as evidence:

Report of Sale, Used Vehicle, No. 5303850 which contains a signature of RICKEY DELGADO;

[REDACTED] Len Boyd's World Motors, 677 Valencia, telephone 861-4466. Prior to any questioning, [REDACTED] was apprised of the official identities of the interviewing Agents and was advised that this inquiry concerned the sale of a vehicle that had been assigned a temporary California license, 5306393. [REDACTED] voluntarily furnished the following information:

On May 7, 1974, at World Motors, 677 Valencia, [REDACTED] was approached by a Negro male desiring to purchase a Volkswagen van with cash. [REDACTED] identified this Negro male as RAY (also RAY).

[REDACTED] frequented World Motors sporadically during the period and was considered [REDACTED] a constant visitor and a general nuisance. RAY seldom was serious in his inquiries regarding car prices and always appeared to be "shopping around." RAY was generally ignored by the employees of [REDACTED] as he was not considered a serious buyer.

[REDACTED] believed that RAY was self-employed. At all times, [REDACTED] carried with him a brown, leather zippered briefcase in which RAY carried promotion samples of various cosmetics. In this sense, [REDACTED] inferred that [REDACTED] was in sales work.

On this date, however, [REDACTED] approached [REDACTED] and without the slightest hesitation, stated that he desired to pay cash for an ivory over coral red 1964 Volkswagen van. This van had scotch-plaid curtains. Initially, [REDACTED] gave little credence to this offer. [REDACTED], however, proceeded to open his brown, leather briefcase and removed a "large wad" of \$20 bills bound with a rubberband. [REDACTED] observed a large quantity of \$20 bills in this briefcase and estimated their total value at \$3,000. This money was wedged between a folded newspaper inside of [REDACTED]'s briefcase. At this precise moment, [REDACTED] entered the office and finalized the details of the sale. [REDACTED] expressed surprise at [REDACTED]'s sudden acquisition of wealth and asked [REDACTED] if he had robbed

a bank. To this comment, BAY smiled, but made no answer. As [redacted] prepared the necessary papers, [redacted] commented that this vehicle was intended as a present for [redacted] and was to be registered in [redacted] 911 Fillmore, San Francisco. The notice of sale or transfer and the motor vehicle purchase order were then drawn up by [redacted] and executed by ALI BAY in the name "ROBERTO BAY, 911 Fillmore, San Francisco."

[redacted] stated that at that time he was somewhat suspicious of BAY's conduct as [redacted] repeatedly glanced out the window of the office and in general acted nervously. Additionally, [redacted] refused to take a credit on a \$50 deposit that [redacted] had placed on one of his prior visits.

Upon completion of this transaction, [redacted] suggested that his assistant, [redacted] drive BAY's personal vehicle to his residence as BAY indicated a desire to drive the Volkswagen from the lot. [redacted] declined this offer and left the lot driving the Volkswagen van. [redacted] returned approximately one-half hour later, allegedly after he had driven this vehicle to [redacted] cousin's home. [redacted] was then advised by [redacted] that an additional charge of approximately \$5 was owed due to a miscomputation on the taxes of the vehicle. [redacted] met this request with difficulty as he was no longer carrying the briefcase and extracted this amount from his wallet.

[redacted] then drove off in a four-door Buick LaSabre faded light blue, possibly a 1962 model, and was not heard from again by [redacted] until May 16, 1974. At that time [redacted] telephonically contacted [redacted] to inquire about purchasing an older model white Dodge Dart that was at that time displayed in the lot of World Motors. During the course of this conversation, [redacted] advised BAY that the license plate on this vehicle, California 463-GMO, would have to be returned and relinquished as this vehicle required commercial plates by law. BAY stated that he could not immediately rectify this situation as this vehicle was presently "in Oakland." BAY stated that he would rectify the situation at a later, undisclosed date.

Coincidentally, on the same date [redacted] received a letter which [redacted] had originally addressed to [redacted] 911 Fillmore, in regard to the required change of

[REDACTED] furnished the following description of BAY from personal recollection. AGREEMENT

It is further understood and agreed:

The order on the reverse side hereof is subject to the following terms and conditions which have been mutually agreed upon:

(1) Upon signature by authorized representative of the Seller, this order shall be conditionally accepted by Seller subject to Seller's approval of Purchaser's credit. In the event Purchaser's credit is not approved by Seller, Purchaser shall return any vehicle delivered by Seller pursuant to this agreement to Seller's place of business within 24 hours after receipt of Seller's notice of disapproval of Purchaser's credit and demand that said vehicle be returned. Purchaser agrees to reimburse Seller for all costs of repair of any damage sustained by said vehicle while in Purchaser's possession or control, excepting therefrom ordinary wear from normal usage. Upon return of said vehicle to Seller, Seller shall refund to Purchaser the amount of any cash deposit paid to Seller by Purchaser, deducting therefrom the cost of repair of damages to vehicle delivered by Seller as set forth above. Seller shall also return to Purchaser any vehicle which may have been traded-in on the order by Purchaser provided that such vehicle has not meanwhile been disposed of by Seller. In the event that such vehicle has been disposed of, Seller shall refund to Purchaser the wholesale cash value of the traded-in vehicle as appraised herein by Seller or as listed in the most recently issued Kelley Blue Book, or N.A.D.A. Book, whichever shall be the lesser amount.

(2) Verbal promises by the salesman are not valid. Any promise or understandings not herein specified in writing are hereby expressly waived.

(3) In the case of a new vehicle or chassis, the printed new vehicle warranty delivered to purchaser with such vehicle or chassis shall apply. If the vehicle sold is for commercial purposes there are no warranties, expressed or implied respecting the merchantability or fitness for purpose unless the same is warranted herein in writing or is contained in a separate written instrument. If the vehicle sold is to be used primarily for personal, family or household purposes, purchaser has not designated any particular use and has not relied on Seller to select a vehicle suitable for a particular purpose. In the case of a used vehicle or chassis, the applicability of an existing manufacturer's or Seller's warranty thereon, shall be determined solely by the terms of such warranty. All used cars or trucks sold "AS-IS" and without guarantee as to condition, year or model, unless specified in writing.

(4) Dealer does not warrant the correctness of the year of manufacture, or model of said vehicle, in the sale of a used car. Purchaser, hereby agrees that he has verified the description of the vehicle to his own satisfaction, and there is no warranty as to the correctness of the description used.

(5) This agreement is not transferable without the consent of the dealer.

(6) It is expressly agreed that title to the automobile shall not pass to the purchaser until payment in full shall have been made by cash, check, draft, note, or draft given by purchaser, or purchaser's agent to dealer be delivered, in whole or in part. Dealer may immediately retake possession of the automobile without prior notice or demand and purchaser agrees to pay dealer all costs and damage arising from the use of the automobile or incurred in recovering its possession.

(7) The Purchaser hereby agrees that the dealer will not be held responsible for delay in delivery, or non-compliance with the terms of this order, caused by strikes, riot, war, shut-downs at the factories, inability to obtain the car ordered, or any other condition beyond his control. The Purchaser further agrees that the time quoted in this order is for immediate delivery, but if the price of the car or accessories or the tax imposed by authorities should be changed by the manu-

facturer or the government before the car has been delivered to the dealer, this order shall be construed as if the changed price was originally inserted herein.

(7a) The Purchaser hereby agrees that the dealer shall in no way be held liable for any changes in designs or models, even though they do not meet the approval of the Purchaser. The Purchaser hereby agrees to take the car as produced by the manufacturer. Purchaser agrees to take delivery (and pay balance due) within 24 hours after being notified that the car is ready for delivery.

(8) In the event that the transaction referred to in this order is not a cash transaction, the Purchaser herein before or at the time of delivery of car order, and in accordance with the terms and conditions of payment indicated on the order, will execute a Security Agreement.

(9) The Purchaser hereby authorizes placing of the insurance shown on the face of this order. The dealer is authorized to inform the insurance company to furnish a Loss Payable Clause to the Seller or his assigns.

(10) The Purchaser hereby guarantees that all statements made by him and set forth in this order and in the reference statement concerning credit information signed at the time of signing this order are true and correct, and that the dealer may accept them as being true representations of existing facts.

(11) The Purchaser does hereby agree to pay all attorney fees and court costs in the event any legal action is necessary to enforce the terms of this agreement.

(12) In the event a used car is to be traded in as part payment of the car purchased, the following trade-in agreement shall govern the transaction:

(a) The Purchaser agrees to convey to the dealer the car described in the order as a trade-in. Trade-in, when received by dealer must be in the same condition including all equipment and accessories as when appraised; if not in same condition trade-in shall be reappraised.

(b) The Purchaser warrants that he is the lawful owner of same, and that the car is free and clear of all encumbrances except the "payoff" mentioned herein, and the Purchaser does further agree to deliver upon demand title papers, an ownership certificate properly signed, and further guarantees the correctness of the payoff as stated.

(c) In the event that the payoff quoted by the Purchaser is not correct and is greater than the amount shown in the order, the Purchaser hereby agrees to pay this excess on demand. If the Purchaser is unable to pay this excess on demand, the dealer is hereby permitted to add the excess amount to the Security Agreement, in event the car is financed.

(d) The trade-in allowance shown in this order is the amount that the dealer agrees to allow providing the Purchaser accepts delivery and completes the order at the time agreed upon in accordance with the stipulated terms. In the event of any disagreement over the value of the car traded in, the dealer will not be liable for any more than the wholesale market value, as determined by the wholesale figure as shown in the Kelley Blue Book or N.A.D.A. Book, less the estimated cost of reconditioning same.

(e) If the used car traded in is not to be delivered to the dealer until the delivery of the new car purchased, the used car traded in shall be subject to reappraisal at that time, and such reappraisal value shall determine the allowance made for such car, but if such reappraisal value is lower than the original allowance shown on reverse side hereof the Purchaser may, if dissatisfied with such reappraisal value, cancel this order. Such right to cancel, however, must be exercised prior to the delivery of the new car to the Purchaser, and surrender of the used car to the dealer.

[redacted] World Motors Company, Used Car Dealers, 677 Valencia Street, San Francisco, California, telephone number [redacted]

[redacted], was contacted May 18, 1974.

[redacted] provided the following information, which includes information concerning a sales transaction of a 1964 Volkswagen Van, light colored top with a coral colored bottom, bearing California License 463 GAO, conducted between [redacted] World Motors Company, and a person who identified himself as [redacted] BEY on May 7, 1974.

[redacted] advised interviewing Agents that the individual who identified himself as [redacted] BEY has periodically purchased used automobiles with [redacted] used car dealership for several years.

He stated that [redacted] BEY bought a car from them when they were affiliated with Market Motor Sales, which was located at 1814 Market Street, San Francisco, in 1968, 1969, or 1970. He was not sure of the year. He stated he did recall [redacted] was then accompanied by a non-descriptive white female and to his recollection this was the only time he saw him with anyone else during the purchases of these used car transactions.

[redacted] stated that [redacted] usual method of operation is that he will call telephonically obtaining information concerning types, conditions, and prices of used cars for sale. Then he tells them he will be in to purchase the vehicle, usually the following day. However, [redacted] seldom shows up on the day he indicates. [redacted] estimated he shows up sometimes a week later and makes the purchase.

[redacted] advised [redacted] during that period of time, lived somewhere around the Fillmore-Market Street area of San Francisco.

[REDACTED] stated that in 1973 BEY had been at their new location of World Motor Company at 677 Valencia, San Francisco, approximately two or three times and that BEY had been in this year approximately twice. [REDACTED] stated that each time he has seen BEY he has always carried a brown leather type attache case with a handle.

The last time [REDACTED] saw BEY was on May 7, 1974, when [REDACTED] purchased the 1964 Volkswagen Van as described previously. He advised that on May 7, 1974, [REDACTED] pulled up on Valencia Street near 677 Valencia, driving a 1961-62 Buick Le Sabre, four-door, sky blue in color, which [REDACTED] stated is the same vehicle [REDACTED] has used for a long time.

BEY entered the used car lot at World Motors that day carrying, as usual, the brown leather type attache case. [REDACTED] stated that during the sale transaction BEY acted very suspiciously, in that BEY was continually looking over his shoulder toward the street area of Valencia. Even at the time BEY was signing the sales agreement he was glancing out the window of the car lot building.

When BEY opened his attache case and paid the \$700 in \$20 and \$5 bills. [REDACTED] advised he thought that this was strange for BEY never paid the full amount for previous purchases and that BEY usually paid only down payments or deposits. Then later he would return with the total payment for the vehicles.

Due to his suspicious behavior, [REDACTED] said to [REDACTED] "What's the matter. Have you robbed a bank?" [REDACTED] replied in the negative and said he was buying the van for his cousin.

The following is a description of [REDACTED] as provided by [REDACTED]

[REDACTED] stated [REDACTED] always dressed in this manner each time he has observed him and that he has never seen [REDACTED] without the brown attache case which he carries.

[REDACTED] could not provide any additional information concerning [REDACTED] except that [REDACTED] presently has a \$50 or \$60 deposit being held at World Motors and that in [REDACTED] opinion [REDACTED] will eventually return for another purchase or his deposit.

[REDACTED]

was contacted at his residence and furnished the following information concerning the sale of a 1966 Chevrolet van, California License 84650 V:

On May 1, 1974, he placed an advertisement in the San Francisco Chronicle, San Francisco Examiner and the San Francisco Progress, advertising the sale of a 1966 Chevrolet van for the price of \$350. The advertisement ran for one day, which was May 1, 1974.

By 10:00 AM, May 1, 1974, he had received four telephone calls inquiring about the purchase of the van. All of these calls were recorded on a recording device attached to his telephone for the purpose of taking messages. He attempted to replay the tape recording of these messages. It is noted that inasmuch as it had been better than two weeks since he sold the van that these messages had been erased.

He returned the calls that he had received on tape shortly after 10:00. One of these calls was a man's voice who said his name was ~~Mr. [REDACTED]~~. When [REDACTED] returned his call, a woman answered the telephone, stating that the man inquiring about the van was not home. Mr. [REDACTED] assumed that this woman was the individual's wife. She advised he would return in about ten minutes. [REDACTED] advised the woman that if her husband was not familiar with body and fender work that he should not waste his time buying this vehicle as the body on the van was in bad need of repair on the front end and on the doors. The woman asked if the vehicle was in good running condition, to which [REDACTED] responded affirmatively. The woman stated that they were not concerned with the condition of the body of the van, they just needed some good transportation.

She commented that they were migrant farm workers and that they were leaving on the fifteenth of May. [REDACTED] assumed that she meant they were going to pick fruit or some type of produce. She commented that they had four children and not much money. [REDACTED] stated to the woman that he had placed a fair price on the van and the woman stated that they would return his call.

About 10:30 AM, the male individual returned [REDACTED] call and asked to see the van. He asked [REDACTED] in what condition the van was. [REDACTED] answered that the van needed body work, on the front end and doors, but that the engine had been recently overhauled. The caller stated that he would come over in about ten minutes or fifteen minutes to see the van inasmuch as he lived in the neighborhood.

At approximately 10:45, a white male Mexican-American arrived at [REDACTED] residence, [REDACTED] observed that he had been driving a faded yellow four-door vehicle, possibly a Ford, year unknown.

[REDACTED] commented to this individual that if he wanted to see how the van ran they could go for a ride. [REDACTED] handed him the key and he and the individual drove up [REDACTED] to [REDACTED] and returned. This individual appeared anxious to buy the van, but he stated that the windshield was cracked and that it would be okay to drive it in the city but out of town, the California Highway Patrol would cite him for infraction of safety regulations.

The individual then offered [REDACTED] \$250 for the van. [REDACTED] refused and the individual asked, "What is the lowest price you will take? You know we are just migrant farm workers."

[REDACTED] noted that this individual pled poverty several times in the above fashion. This individual stated that he would be living in the area until May 15, 1974.

SF 7-855

RWM:ert

[REDACTED] could not recall exactly, but felt that this individual indicated that he was living on Harrison Street, San Francisco, exact location unknown.

They returned to [REDACTED] house and [REDACTED] told this individual that he wanted \$300 for the van or to forget it. The individual hesitantly agreed to pay him \$300 for the van.

Then he asked [REDACTED] if [REDACTED] would take a deposit on the van. [REDACTED] answered that he wanted cash. [REDACTED] was then asked if he could wait until 2:30 while the individual got the cash. [REDACTED] said that he would not wait past 12:30 for the cash and that if he was not back by 12:30 that he would sell the van to one of several other people who were inquiring about it.

[REDACTED] then queried this individual, since he lived in the neighborhood, why would it take him so long to get the money. He told [REDACTED] that he would have to go to the bank. [REDACTED] then asked where do you bank, to which the man responded that he banked at 18th and Irving.

[REDACTED], knowing the area, advised the individual that there is no bank at 18th and Irving. The individual then stated, "Well, maybe it is close to that area."

[REDACTED] suggested that there was a Bank of America at 21st and Irving, but the individual responded that he did not think that that is where the bank was located.

[REDACTED] then stated, "Wherever you get the money, I have other people interested in the van." At that point, he said "Maybe I can get the money from my mother-in-law."

SF 7-855

RWM:ert

[REDACTED] said, "Fine, just so you get back by 12:30 or sooner."

The individual then stated that the vehicle he was driving belonged to his mother-in-law.

Upon leaving [REDACTED] residence, this individual got the vehicle stuck in a flower bed next to [REDACTED] house and it took them fifteen or twenty minutes to get it out.

Shortly after 12:00 on May 1, 1974, the individual returned in the above-mentioned vehicle with his wife and three children, a boy age five or six, a girl age four to five, and another boy age three to four. [REDACTED] recalled that the wife was sitting in the front seat of the car and the children were in the rear of the car.

The individual invited [REDACTED] to drive down to the Department of Motor Vehicles (DMV) to complete the transfer of title. [REDACTED] mentioned to the wife that he would ride in the back seat with the children. She insisted that he ride in the front seat and she would ride in the back seat with the children. She got out of the car and opened the back door of the car and got in with the children and [REDACTED] got into the front seat where she had been sitting.

They then proceeded to the DMV, located between Fell and Oak Streets, on Baker Street. They arrived at DMV at approximately 1:00 PM.

Upon arrival at the DMV parking lot, she handed her husband some money from her purse. The man counted out \$300 in cash. [REDACTED] recalls that the denominations were possibly three 50 dollar bills, seven 20 dollar bills and a ten dollar bill.

SF 7-855
RWM:ert

The man said, "You know you could help us out. When we go into the DMV if they ask you, would you tell them we bought the van for \$400." [REDACTED] said "No, they would never believe that."

The individual said, "How about \$150. You know this is going to cost me \$6 for every \$100 of the purchase price."

[REDACTED] said that they had pled poverty so much that he felt a little sorry for them, so he agreed to tell the DMV, if they asked him, that he sold the van for \$200.

At this point, he took out a 3" by 5" card and said, "We better put this in writing," and he wrote the following:

"May 1, 1974"

"1:00 PM, S. F."

When the man said, "Put it in my wife's name. I don't own anything," then the man gave his wife's name as [REDACTED] [REDACTED] wrote:

[REDACTED] agrees to pay \$200 cash for a 1966 Chevy van to [REDACTED]

"Signed

"Mrs. [REDACTED]

At this point, [REDACTED] his wife and three children, went into the DMV building. They had to wait fifteen or twenty minutes in line. During this time [REDACTED] tried to keep her children quiet. [REDACTED] recalls that there was little conversation made while waiting in line.

At that time, it occurred to [REDACTED] for reasons not clear to him, that LOPEZ and his wife might not be married, but just living together.

When they got to the window, [REDACTED] LOPEZ was asked by the clerk, "How much did you pay for the van." She said \$200. The clerk was then asked by Mrs. [REDACTED] if the vehicle would have to have a new smog device. The clerk responded in the affirmative.

The clerk was paid some money but not enough to complete transfer of title and [REDACTED] was required to return the following day with the balance.

[REDACTED] and his family drove [REDACTED] back to [REDACTED] [REDACTED] said he would return for the van about 4:00 or 5:00 PM that afternoon. [REDACTED] said he would not be there and [REDACTED] said to put the extra key in the front seat under the mat. [REDACTED] agreed and said that he would also throw in a Volkswagen seat which could be bolted to the floor of the van.

The [REDACTED] family left about 2:45 PM and [REDACTED] left his residence about 3 PM and returned about midnight. [REDACTED] at that time noted that the van was gone.

[REDACTED] was displayed photographs of WILLIAM TAYLOR HARRIS, CAMILLA HALL, EMILY MONTAGUE HARRIS, NANCY LING PERRY, DONALD DAVID DE FREEZE, PATRICIA SOLTYSIK, and PATRICIA HEARST, none of which he could identify as individual who purchased this car or members of the individual's family.

III. INVESTIGATION AT 1808 OAKDALE STREET, SAN FRANCISCO,
CALIFORNIA.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription May 30, 1974

Agents of the Federal Bureau of Investigation accompanied by [REDACTED] and [REDACTED] Robbery Detail, San Francisco Police Department, were appropriately deployed at the address 1808 Oakdale Avenue, San Francisco, California.

SA [REDACTED] was in possession of information telephonically received from the Los Angeles Division of the Federal Bureau of Investigation which disclosed that among the items located in a Symbionese Liberation Army (SLA) safe house on 84th Street in Los Angeles was a rental receipt made out to [REDACTED] in the amount of \$375.00 for 1808 Oakdale Avenue, San Francisco, California. It was determined from the owner of the flat at 1808 Oakdale, [REDACTED] that the persons last renting the address had taken down the shades and substituted for the shades blankets. This procedure was recognized as being a practice of members of the SLA at their safe house at 1827 Golden Gate Avenue, Apartment 6, San Francisco. [REDACTED] and SA [REDACTED] during interview of [REDACTED] received a description of a Negro female who was involved in a rental attempt for the 1808 Oakdale address and based on physical and background descriptions this individual appeared to be identical with [REDACTED], previously known to these officers as involved in assisting the SLA.

Mrs. [REDACTED] made available the key to the 1808 Oakdale Avenue address and when the officers were unsuccessful utilizing the key to enter the address, with the concurrence of [REDACTED] the door was forced open. After the premises were secured and determined to be unoccupied, it was observed that there were no lights and that the flat had been abandoned sometime before the arrival of San Francisco Police Department officers and Federal Bureau of Investigation Agents.

A search was made of the abandoned flat at 1808 Oakdale with the authority of Mr. [REDACTED] with search assignments as follows:

The following investigation was conducted by
SA [REDACTED]

In connection with the identifying of the Symbionese Liberation Army safe house at 1808 Oakdale, the entry thereof, and the determining that it had been abandoned, a thorough neighborhood investigation was conducted on the evening of May 20, 1974, and again during May 21, 1974, with negative results as to developing any positive information as to the identities of the occupants at 1808 Oakdale during late April and early May, 1974.

[REDACTED]
 [REDACTED] San Francisco, California, telephone [REDACTED]
 between 7:30 a.m. and 4:30 p.m. [REDACTED]
 [REDACTED]

[REDACTED] advised that [REDACTED]
 which 1808 Oakdale, San Francisco, is one of the flats. He
 recalled that probably during mid-March, 1974, this flat had
 been vacated and that he had a sign on the outside of the
 premises concerning its being available for rent.

He recalled that on a weekday at about 5:30 p.m.
 sometime around April 28, 1974, a fast-talking Negro female,
 29 or 30 years, 4 feet 11 inches tall, 110 pounds, dark
 complexion, black hair, and dark eyes made inquiry concerning
 renting the 1808 Oakdale Avenue address. She wanted to rent
 the flat for some foreign students who were white females.

[REDACTED] recalled that the Negro female was accompanied
 by a Negro male 32 years of age, 6 feet tall, 200 pounds,
 heavy build, dark complexion, short dark hair, and dark eyes.
 [REDACTED] showed the flat to the Negro female but no rental was
 made in that [REDACTED] was suspicious of the Negro female attempting
 to rent on behalf of white females and he was interested in
 verifying the existence of these individuals.

On the following day, according to [REDACTED], the same
 Negro female between 10:00 a.m. and 12:00 noon returned to the
 1799 Newcomb address and wanted to again view the premises at
 1808 Oakdale. [REDACTED] advised that his wife told the Negro female
 that she had previously seen the flat, that there was no reason

for her to look at it again and that she should bring the people by who wanted to rent the flat. The Negro female agreed that she would do this and indicated that she would be back in 30 minutes, but never reappeared.

This Negro female when asked by [REDACTED] if she was a social worker stated that she was not, but identified herself as a Welfare recipient who liked to help people.

[REDACTED] advised that on what he thought was possibly a week later, maybe around May 5, 1974, a Negro female appeared at his residence around 6:00 p.m. concerning renting the 1808 Oakdale Avenue address.

[REDACTED] had no information as to how this second Negro female was travelling, but she supposedly learned of the rental from the sign at the 1808 Oakdale address. [REDACTED] took her over to the address and showed her the flat and during this time she explained that she had two sisters in college and as a result of sharing the expenses they would be able to pay for the flat.

The Negro female stated that she worked as a receptionist at the University of California Hospital, first floor, and that she had two sisters in college who receive grants.

[REDACTED] rented the flat to this Negro female and information from [REDACTED] rental records, Receipt Number 44, disclosed the following:

1808 Oakdale was rented, date of rental not noted, for the period of May 1, 1974 through June 1, 1974, by Miss M. JACKSON. JACKSON, in connection with the rental, paid \$175.00 for the first month plus a last month's rent of \$175.00 plus \$25.00 cleaning fee for a total of \$375.00. Payment was in cash and consisted of \$20.00 and \$10.00 bills. [REDACTED] believed that this rental money was still in his safety deposit box at the Wells Fargo Bank, Third and Revere Streets, San Francisco.

[REDACTED] described Miss M. JACKSON as follows:

Weight	150 pounds

Three or four days after the flat was rented or possibly two or three weeks prior to the date of interview, [REDACTED] was outside of the 1808 Oakdale Avenue address and he observed the Negro female on the street at which time she indicated that she was still in the process of moving into the flat.

[REDACTED] advised that during the period since the rental date he has never seen any activity at 1808 Oakdale nor has he ever observed any garbage to be put out by persons living at the address. He did note that shades on the windows had been removed and that blankets had been put up in their place.

The [REDACTED] next heard from the Negro female giving the name Miss M. JACKSON on May 20, 1974, when at 1:00 p.m. she called the 1799 Newcomb address and asked for [REDACTED]. She was told that [REDACTED] would not be available until after 5:30 p.m. and at that time he could be contacted at the Newcomb Street address. No further contact was had by telephone and Miss JACKSON had not appeared at [REDACTED] address.

[REDACTED] advised that in connection with certain bills that were coming due she and her husband had placed currency received in connection with rental of a flat at 1808 Oakdale Avenue, San Francisco, in the safety deposit box.

Serial numbers on the \$20.00 bills located in [REDACTED] safety deposit box were checked against the bait list of \$20.00 bills taken in connection with the April 15, 1974, robbery of The Hibernia Bank, Sunset Office, San Francisco, with negative results. It will be noted that the only recorded money taken in the robbery was \$20.00 bills.

1808 Oakdale Avenue, San Francisco, is a flat located in the Bayview section of San Francisco and is part of a building the exact age of which is not known but which is quite old. The flat, which is entered at the street level off of Oakdale Avenue, runs in a north-south direction and is in the middle area of the building.

The flat has a series of windows across the front room and entry is made through a wooden door with a peep hole located on the west side of the flat. This door on May 20, 1974, was secured with a key lock, two chain locks, and two bolt locks.

The flat also has a rear exit off an enclosed porch area and at the rear the flat, because of the terrain on which it is built, is one story above ground level. The flat exits onto a flight of wooden stairs which afford exit into a courtyard below.

As one enters 1808 Oakdale Avenue an individual is in a long hallway with a door at the north end. Also off this hallway are two other doors which afford entry into the front bedroom and a second bedroom. At the north end of the hallway is a third large bedroom off of which are closets.

In the rear is the kitchen area with a refrigerator, stove, and sink. Located adjoining the kitchen on the east is the bathroom which appears to have been modeled into the flat after it was originally constructed.

The flat which has very high ceilings was not observed to have any central heating and as of May 20, 1974, the premises were poorly furnished with no accommodations other than mattresses or pads lying on the floor.

Premises were photographed by the Photography Laboratory of the San Francisco Police Department and [REDACTED] Crime Laboratory, San Francisco Police Department, responded and processed the premises for latent fingerprints.

Although there was no electricity at 1308 Oakdale, it was observed that there were lamps at several locations indicating prior service and also the refrigerator gave evidence that at one time it had been operating as there was water in the ice cube trays and other areas. There was gas service at the 1308 Oakdale address. The former occupants had their newspapers and garbage stacked and bagged in such a manner as to indicate that they had not been putting it out but had been retaining it within the premises.

There was a telephone instrument at the address which carried the number 586-4651, however, it was not in service.

The hardness of wash rag abandoned in the kitchen sink indicated that no one had been utilizing the address for some period of time.

[redacted] said that the two girls moved into the apartment in late August, 1973, and subsequently were in and out of the apartment to the extent that their actual apparent time of residence in the unit would probably not have exceeded two weeks in total. He was unaware of their whereabouts during the periods of frequent absence.

Following the receipt of the aforementioned notice of their departure, they began moving various personal effects from the apartment in late October and eventually vacated the apartment by November 1, 1973.

Following their departure he learned that they had abandoned an old upholstered maroon armchair with tubular legs, a broken small wooden bookcase, and a wooden box of miscellaneous photographs and trivia. He made available to the interviewing agents the aforementioned box of various items, and a receipt was given to him.

[redacted] recalled that the girls' apartment was furnished very sparsely, had no curtains, and that their bed consisted of 2 by 4's bolted together, with a foam rubber mattress approximately eight inches thick.

One of the girls indicated that friends (or possibly relatives) would be visiting in October, 1973, and a young man and woman, accompanied by a sandy-haired child, approximately 18 months old, subsequently stayed at the apartment for approximately two weeks in October, 1973. The couple had an old gray American model automobile, exact make of which [redacted] could not recall, although he expressed the belief that it was probably licensed in another state. He advised that the man was a hippie type in his late 20's, approximately 5'9" - 6', medium build, dark hair. The woman was approximately 20 to 25 years, 5'4" - 5'6", 125 pounds, attractive.

He noted that both of the girls, as well as the visiting couple, were generally very secretive in their way of life and that the visiting couple appeared to rarely leave the apartment.

[redacted] expressed the belief that [redacted] drove an older model green Volkswagen Bug which bore a black and orange California license.

He noted that shortly after the girls rented the apartment a Pacific Gas and Electric representative visited to turn on gas and electric service and inquired concerning the whereabouts of a customer named "PORTER" at 1162 Shotwell. The PG and E representative thereafter fastened a PG and E notice on the meter of 1162 Shotwell which reflected that the gas and electric service had been turned on for PORTER on August 29, 1973. [redacted] concluded that the girls were using the name PORTER in connection with utility service, for unknown reasons.

[redacted] advised that [redacted] was a white female, approximately 22 to 26 years, 5'4", 110 pounds, short reddish - auburn hair worn in a combed-back style, had no accent, had no significant physical characteristics, was attractive. He said that he had a vague impression that she indicated that she had come from New York.

He advised that [redacted] was a white female, approximately 22 to 26 years, 5'6" - 5'7", 125 to 130 pounds, blonde hair worn in a short and straight style, wore gold rim (possibly round) large glasses.

A photograph of CAMILLA C. HALL was displayed to [redacted] and he expressed the belief that [redacted] was identical with HALL.

Photographs of DONALD DAVID DE FREEZE, PATRICIA MICHELE SOLTYSIK, NANCY LING PERRY, WILLIAM TAYLOR HARRIS, WILLIAM LAWTON WOLFE, EMILY MONTAGUE HARRIS, ANGELA ATWOOD, PATRICIA CAMPBELL HEARST, and THERO WHEELER were displayed to [redacted] and he stated that he could identify none of those individuals.

A photograph of CAMILLA CHRISTINE HALL was exhibited to her and she said that she was certain that HALL is identical with [REDACTED] co-tenant at 1152 Shotwell Street in the fall of 1973.

She advised that on approximately October 1, 1973, an unidentified girl visited her residence and without knocking slipped an envelope through the mail slot of the door. The envelope contained a notice from [REDACTED] and her co-tenant [REDACTED] to the effect that they would vacate the apartment in one month.

[REDACTED] called to the girl and asked why she had not rung the doorbell but the girl departed without significant comment. [REDACTED] recalled that the girl was a White female, approximately 24, 5'4", 125 lbs., brown hair, very attractive, did not wear glasses, possibly wore slacks and a jacket.

Photographs of WILLIAM TAYLOR HARRIS, EMILY MONTAGUE HARRIS, THERO WHEELER, DONALD DAVID DE FREEZE, PATRICIA MICHELE SOLTYSIK, PATRICIA CAMPBELL HEARST, PAUL LEONARD HALVERSON, JOYCE MARIE HALVERSON, NANCY LING PERRY, ANGELA ATWOOD, and WILLIAM LAWTON WOLFE, were exhibited to [REDACTED] and she stated that she could not recall having seen these persons in the past.

A photograph of CAMILLA CHRISTINE HALL was exhibited to [REDACTED] and he stated that she definitely appears identical with a girl named [REDACTED] who together with a [REDACTED] occupied an apartment at 4162 Shotwell in the fall of 1973.

Photographs of WILLIAM TAYLOR HARRIS, EMILY MONTAGUE HARRIS, THERO WHEELER, DONALD DAVID DE FREEZE, PATRICIA MICHELE SOLTYSIK, PATRICIA CAMPBELL HEARST, PAUL LEONARD HALVERSON, JOYCE MARIE HALVERSON, NANCY LING PERRY, ANGELA ATWOOD, and WILLIAM LAWTON WOLFE, were exhibited to [REDACTED] and he stated that he could not recall having seen these persons in the past.

He advised that during the residence of the girls in the apartment he was involved in painting the apartment's back porch and that it was necessary that he pass through the apartment to gain access to the porch. In this connection, he noted that the girls had not completely unpacked and noticed books pertaining to activities of woman's lib, Venceremos, and other revolutionary material. At one time, he observed in the apartment a very well written poem concerning woman's lib, apparently written by one of the girls.

He recalled that a couple with a child visited in the apartment for approximately two weeks and on one occasion would not answer the door and that after he opened the door with a key (to gain access to the back porch) he discovered them in the apartment. They stated that they had not heard him but he was certain that this was not true. He noted that the couple rarely left the apartment. He expressed the belief that they drove a Volkswagen "bug", possibly tan in color, with out of state licenses, the identity of which he could not recall. He noted that the man had light brown hair and a thin mustache.

Several weeks ago she received a telephone call from [REDACTED] who informed her that one PATRICIA SOLTYSIK who used the name of "Mizmoon" had lived in Apartment C, 1112 East 33rd Street, Oakland, for several months and departed suddenly without notice in about October or November, 1973. [REDACTED] advised that the apartment vacated by SOLTYSIK remained vacant until the latter of December, 1973, at which time she completely cleaned it for re-occupancy. She recalled that the apartment was left in a very dirty condition and it was cluttered with garbage and miscellaneous debris all of which she discarded and was picked up by the garbage collector. She recalled further that the apartment walls had numerous small holes in plaster and she found numerous "BB" type pellets which indicated someone had been target practicing with a pellet gun in the apartment. She was aware that a white female was occupying Apartment C during the latter part of 1973; however,

[REDACTED] California, advised that she is the former landlady of 1112 East 33rd Street, Oakland, California. At the outset, [REDACTED] advised that she had no information concerning any of the HEARST kidnaping fugitives or PATRICIA HEARST herself.

[REDACTED] was displayed a number of photographs including the suspects in the HEARST kidnaping and those identified as robbing the Hibernia Bank in San Francisco on April 15, 1974. She was unable to identify any of the photographs.

[REDACTED] advised that she rented the apartment at 1112 East 33rd Street to PATRICIA SOLTYSIK during the late Fall of 1973. SOLTYSIK resided at this location for approximately two months. She resided alone in the apartment although she did have numerous young black male visitors. SOLTYSIK vacated the apartment unexpectedly as far as [REDACTED] was concerned during the night shortly before MARCUS FOSTER, the former Oakland School System Superintendent, was killed.

Numerous personal belongings of SOLTYSIK were left in the apartment and were disposed of in a manner unrecalled by [REDACTED]. Among the items left were numerous empty bottles of cheap wine and liquor and a large stock of health foods.

Shortly before SOLTYSIK vacated the apartment, [REDACTED] had received a complaint from another tenant about a loud radio being played in SOLTYSIK's apartment. [REDACTED] knocked several times at SOLTYSIK's door but received no response and then entered the apartment using a pass key. When she opened the door, she saw a young white female [REDACTED]

with dark hair, somewhat shorter in height than SOLTYSIK, standing in the doorway. The following morning, SOLTYSIK angrily confronted [REDACTED] and remonstrated with her for entering her apartment unannounced. SOLTYSIK said at that time that the occupant seen by [REDACTED] in the apartment was a sister from back East.

At the time SOLTYSIK resided at the above address, she was employed as a janitress at the Berkeley, California, Library. [REDACTED] described her as a "loner", soft spoken, kind, polite, with no indication of being violence prone. No weapons or other such material were found in the vacated apartment by [REDACTED]

IX. ASSOCIATES OF PATRICIA HEARST

FEDERAL BUREAU OF INVESTIGATION

Date 6/4/74

On May 31, 1974, [REDACTED] California (telephone number [REDACTED]) were interviewed by Special Agents [REDACTED] and [REDACTED] offered the following information regarding their knowledge of PATRICIA HEARST.

[REDACTED]

PATTY was described by [REDACTED] as a quiet girl with no obvious deep convictions. After HEARST began dating WEED, she severed her acquaintance with most of her school friends her own age and adopted all of WEED's friends as her own. Most of these friends are in their late twenties and early thirties.

HEARST speaks no foreign language, having had only high school French. Past hobbies include photography, swimming, and tennis, although [REDACTED] advised she had not been active in any of these areas in the recent past. [REDACTED] stated PATTY could not be described as an outdoor person, but rather she was more interested in homemaking hobbies.

PATRICIA was not an avid reader, limiting her reading to school books and magazines such as the "National Lampoon". [REDACTED] do not consider PATTY a deep intellect; however, advised she was very pleased that she was presently doing well in school. They doubted that HEARST was close to any of her professors since most of her courses had a large student attendance.

[REDACTED] stated PATRICIA had absolutely no radical connections and that there was no way she could have had such without the awareness of the rest of her friends. PATRICIA was friendly towards blacks to the extent she had roomed in the past with a black girl and one couple with whom she and WEED are friends is black. [REDACTED] stated PATRICIA had no tolerance of some of the far out activities of the Berkeley students, and that she had stated in the past that she had "no patience with jive".

[REDACTED] summarized that PATRICIA was a very lovely, well brought up young lady who did not feel it was good manners to air her inner most feelings to her friends. PATTY was described by [REDACTED] as a quiet girl with no obvious deep convictions. PATRICIA could be extremely stubborn at times, as shown in her relationship with WEED. [REDACTED] advised that PATRICIA had given him an ultimatum to announce their engagement by a certain date or she would leave him.

[REDACTED] advised that PATRICIA had very few close friends, that they could think of the following list only:

[REDACTED] could advise of no location that was known well to PATRICIA where she might go at this time. The HEARST property named Wynton, at McCloud, California, was known well by PATRICIA; however, [REDACTED] advised there were caretakers who lived on the property.

The HEARSTs also owned a condominium at Sugar Bowl, but because of the very public location of this apartment complex, [REDACTED] doubted she would go to this location.

[REDACTED] stated that to their knowledge, PATRICIA did not know anyone in the Los Angeles or San Diego, California, areas.

The only other travel [REDACTED] were aware that PATRICIA had done was to Greece on a school trip at the end of her Menlo College days, and to Georgia with her mother the previous summer.

PATRICIA had no overwhelming hobbies, interests, or habits known to [REDACTED] (which might aid in locating her). The only abnormality which they could suggest was a bad knee for which she had received continuous medical attention.

[REDACTED] viewed the following photographs but stated none of these individuals were familiar to them other than from the newspaper coverage on several of the individuals:

"i have just gathered my own thoughts together concerning one of my dearest and closest friends. its about time you hear from a friend of patty's. if you consider yourself the family spokesman, then you should know the feelings of patty's friends.

"as patty's friend i cannot or should not pass judgment on what she is now doing. it is my firm belief that she has not been brainwashed, but is acting in an independent manner. it is time that the media, her family, her fiance and her friends regard her as the intelligent, rational human being that she is. her current beliefs and her current mode of operation, while they reflect a lack of radical common sense for this society do display courage and revolutionary zeal. i feel the sla has been too ambitious in their plan of action for the liberation of the poor and the oppressed people of this country. what revolutionary actions che guevara and tamara bunke could carry out and sustain in the Bolivian jungle for little more than a year could not possibly have been undertaken in this country for little more than a few weeks with our sophisticated police surveillance and the enormity of our federal bureau of investigation.

"patty is now displaying in her new identity of tanya a side of herself i never knew existed to this degree, although i have always been aware of a certain hesitancy of hers to embrace the hearst family name and that bastion of conservatism with which it is usually associated. the new 'tanya' reflects in an extreme form the patty i've always known; a young woman open to new ideas, humanistic, energetic and independent.

"i must make it unswervingly clear that i am in total opposition to the actions taken by the sla. i find these actions horrifying and unjustified in view of the overall society of which i am a member. this is not china of the thirties or the forties. this is the twentieth century united states, the most sophisticated social, political and technological country in the world. the sla has not chosen their revolutionary action accordingly, but rather as if they were in pre-world war ii china. therefore, they have failed to achieve their goals.

"my main concern is for patty's safety. i feel that is she does not want her life to be in jeopardy, she will choose a course of action which allows her to live, not to die. whether or not she wants to or even can remain in this country as a revolutionary spokeswoman after her more than certain arrest is no longer her choice alone. it has become obvious that in this country, she cannot pursue the identity and the activity of a south american jungle guerilla and survive. in the finality of this current situation, patty, i am confident, will have done what patty has wanted to do. she will have chosen to be whom patty has chosen to be.

[REDACTED] recalled that she had a birthday card from PATRICIA since she has been attending University of Southern California. [REDACTED] has a slight acquaintance with WEED, but knows nothing concerning his background. [REDACTED] has never told her sorority sisters that she has any information concerning movements of the Symbionese Liberation Army (SLA). She noted she had only lived in the sorority house since September, 1973, and that after the abduction of PATRICIA HEARST, she had attempted to be very discreet in her comments to her acquaintances at USC. She said, however, that she had learned that numerous rumors had emanated from her sorority house concerning her previous association with PATRICIA HEARST and that most of these rumors were without basis in fact.

[REDACTED] does not know any of the associates of STEVEN WEED. She recalled on one occasion PATRICIA HEARST told her she and WEED were going to attend a party at the residence of a male attorney in Palo Alto, who was a friend of WEED. PATRICIA HEARST did not identify this friend of WEED.

PATRICIA HEARST was very interested in photography.

[REDACTED] Miss HEARST was also enrolled in a seminar on warfare and revolution at Menlo College. On several occasions, Miss HEARST described herself as "apolitical." She said she had no interest in politics and did not even vote. [REDACTED] described Miss HEARST as "pretty liberal," but said HEARST never talked or acted like a revolutionist or associated with others known to be radicals. Miss HEARST was mainly interested in furnishing the house she and WEED lived in. Miss HEARST said she and WEED spent many hours visiting antique shops, collecting items to display in their home.

After Miss HEARST moved to Berkeley in 1973, [REDACTED] saw her only two times. They did keep in contact by telephone about once a month. The last time she saw Miss HEARST was [REDACTED] before the kidnaping.

[REDACTED] At that time, Miss HEARST complained about the "social atmosphere in Berkeley." She said on several occasions when she and WEED invited someone to their apartment, this person brought one or more uninvited guests, who were unknown to HEARST and WEED. Miss HEARST did not identify any of these uninvited guests.

[REDACTED] knows of no one in the San Francisco, Los Angeles or San Diego areas or anywhere else that PATRICIA HEARST might contact for help. She knows of no primitive areas that Miss HEARST is familiar with. Miss HEARST mentioned that her parents had a home at Lake Tahoe, California.

[REDACTED] furnished the following information:
